

FIREMEN NAME GROUP TO HEAD REC BUILDING

The Gettysburg Fire Department Wednesday evening set up a "Planning Commission" for the development of the new area of the local Recreation Field allocated for fire department use in connection with its annual carnival.

President Harold W. Culp named Glenn Welsch, Robert Hartman, S. Charles Smith, C. William Zhea, Richard Knox, and the officers of the department as members of the commission.

That group will plan future buildings at the field for use of the firemen and for other activities.

Culp invited all firemen to be present Sunday afternoon at 1 o'clock when the commission will meet with Recreation officials at the field to inspect the new site.

Call Committee Meetings

Co-Chairman Robert Hartman of the 94th Anniversary Committee announced that a meeting of all chairmen and co-chairmen of the anniversary program will be held Tuesday evening at 7 o'clock at the engine house. Firemen voted to put \$1,200 in the Battle Anniversary account for expenses that must be paid in advance of the anniversary.

Culp was directed to authorize use of the firemen's meeting room and the kitchen at the engine house. Firemen were agreed that the room should be available to those organizations which wish to use it for meetings.

Robert Neary, Ladies' Night banquet chairman, reported that annual affair will be held at the Moose Lodge February 28 at 6:30 p.m.

James C. Hoak, recently inducted into the armed forces, was granted a military leave of absence. Edward A. Culp, Clifford G. Naugle and Howard S. Small, all of whom joined the fire department in 1937 were placed on the retired list, having completed 20 years of active duty. Clarence Schultz was placed on the retired list for having reached 60 years of age. Under fire department regulations retired members remain as active as they desire.

Drop Six Members

The resignation of Vernon H. Kemper was received because he has moved from the borough and will be unable to continue in an active capacity.

The names of six men who had not been active for more than a year were ordered dropped from the roles of the department. President Culp said, "Our fire company is nearly 150 years old. During that period it has developed a tremendous history and reputation for willingness of all members to work together for the community and the fire department. Those who would be members of the fire department must work at it because if a member fails to show up his responsibility."

President Taft: The Stately Miss Boardman, Mrs. Taft's Memoirs, Pompous Augustus Octavius Bacon, Archibald Butt

By Leighton C. Taylor

Thinking it may be of interest, I shall take the liberty of breaking the continuity of this series of articles on the inauguration of President Taft in 1909 by interjecting, from time to time, side-lights concerning some of the participants in the Day's dramatic events.

For example, Miss Boardman, a stately woman paid but slight attention to changing styles or fashions in women's apparel. A typical individualist, she always appeared elegantly dressed though rather severely and, as stated, with little regard for prevailing fashions. This was particularly true of her hats which looked like replicas of the late Queen Mary's. The story is told in Washington that when the then Prince of Wales (now the Duke of Windsor) attended a social function in the Capital Miss Boardman made her appearance, and the Prince spying her exclaimed, "My God, here comes mamma!" The fact is that, generally, she bore a startling

"Jam Session" At GHS To Raise Fund For Student Exchange Plan

Gettysburg High School's junior and senior student councils are hoping to raise a large part of the funds needed to bring a foreign international student to the high school here through a "Gigantic Rock-N-Roll Jam Session." April 26 at the high school cafeteria.

Chester Hilger, recreation director for the borough, said the students hope to raise enough money, through the jam session and other ventures, to finance the way for an international exchange student as their contribution to future peace in the world. The students hold that through such transfer of students "all of the world in time can get acquainted and develop more friendships with other parts of the world."

The "Jazz Concert" will be held from 8 to 11 p.m. on the night of April 26 and the doors to the local high school cafeteria will be opened at 7:30 o'clock to admit those attending. Jukebox music will be provided from 7:30 to 8 o'clock.

Tickets Are 75 Cents

Aiding the student councils in the presentation of the special "Battle of Music" are the Gettysburg Recreation Association, which made the arrangements for the battle of bands, and the Gettysburg Association of Clubs which through its member clubs is sponsoring the appearance of the bands.

Three separate hand stands will be set up in the cafeteria for the Bud Codori Quintet, the Melotones and Al Shirley's Band, the three orchestras that will take part in the program. Each band will play for 15 minutes in a rotating program without intermissions.

As a climax, the three bands will combine at 10:30 o'clock for a half hour "jam session."

Because the capacity of the cafeteria is limited, the number of tickets sold will be held to that number. Admission will be 75 cents and all of the funds derived from the sale of tickets will go into the international student fund of the student councils.

Magazine Sales Total Over Goal

Students of St. Francis Xavier School sold \$1,953.80 worth of subscriptions to magazines in a recent sale. The amount was \$453.80 more than the goal of \$1,500.

Individual top salesmen who received awards and the amounts of their sales were Patricia Oyer, \$112; Daniel Hemler, \$85.75; Mary Jane Mayer, \$71; Michael Codori, \$65.25; and Betty Martin, \$53.75. All but Codori, who is a seventh grade member, are students in the eighth grade.

Sales by grades were: First, \$112.25; Second, \$108.71; third, \$140; Fourth, \$180.25; Fourth (annex) \$67.50; Fifth, \$211.79; Sixth, \$181.25; Seventh, \$328.96; Eighth, \$642.84.

Students at the Biglerville schools will receive the shots Monday and the Bendersville Elementary School students will be inoculated Tuesday.

Dr. Raymond Hale was in charge of the inoculations Wednesday.

Surrounded By Ghosts

Mrs. Taft in her memoirs has this to say about the dinner party: "Always there is bound to be a certain sadness about the end of an Administration, no matter how voluntarily the retiring President may leave office, no matter how welcome the new President and his family may be. Mrs. Roosevelt seemed depressed, not so much I am sure over the prospect of leaving the White House, but for other reasons one could easily surmise. Her husband and son were about to start on a long and possibly dangerous trip into the jungles of Africa, and she was looking forward to a year of anxiety. Moreover, she was leaving a full and busy life. She had occupied her high position for nearly 8 years during which she had made a host of friends. A great number of them had called to say farewell and to express their deep regret at her departure. I knew all of these things, realized their depressing effect, and sympathized with her deeply. The President and Mr. Taft, seconded by other guests, did their best, with stories and conversation, much of it about existing weather conditions, to lighten the occasion but without much success. When the last of the guests (reluctant to brave the storm) had gone I retired, Mr. Taft joining me later.

"We had been assigned to what is known in the White House as the Blue Bedroom suite. Conspicuous under a mantle, I found on a bronze plate the following inscription: 'IN THIS ROOM ABRAHAM LINCOLN SIGNED THE EMANCIPATION PROCLAMATION OF JULY 1, 1863, WHEREBY 4,000,000 SLAVES WERE GIVEN THEIR FREEDOM, AND SLAVERY FOR-

A QUIET MAN

BORGOMANERO, Italy (AP) — Piero Preti, 49-year-old laborer, was dismissed from a mental asylum 10 days ago with the following notation: "A quiet man, well oriented for the future. Dismissed upon request of his wife."

Yesterday Preti hammered his wife and their 8-year-old son to death and then quietly surrendered to the police.

MISS RUTLEDGE TELLS CLUB OF AID TO PUPILS

Following the announcement that the Woman's Club of Gettysburg made a profit of \$25.41 at the public card party held in January as a Warner Hospital benefit, the organization donated \$150 to the hospital at a meeting Wednesday afternoon at the YWCA at which Miss Elizabeth Rutledge, county supervisor of special education, was the guest speaker.

The money will be used to furnish the room sponsored at the hospital by the club. The organization has already placed curtains in the windows. It was announced that a room divider may also be purchased.

An additional donation of \$50 was given to the Woman's Medical College, Philadelphia, a state project of the Pennsylvania Federation of Women's Clubs this year. Mrs. Harold L. Ecker, president, thanked club members and friends for making the affair a success.

Mrs. Jack R. Payne, head of the child welfare department of the club, introduced the speaker who is a native of Pennsylvania and who received her B.A. degree from Pennsylvania State University and her Master's degree from Cornell University.

School Psychologist

"Your speaker," she said, "is a CSSE who is commissioned by the superintendent of public instruction for a four-year term, just as the superintendents and assistant superintendents are. She is a person who has been trained basically as a public school psychologist and is so certificated, but who has supplemented this training with an emphasis on special education and some training in educational supervision."

"She is qualified to function as a public school psychologist and in addition to supervise the special services for exceptional children in her county. The preparation for the public school psychologist must enable her to study the total child in his total environment with the aid and assistance of all other school and non-school services which can contribute to a total evaluation and effective guidance of child development. She is trained to carry out all testing functions, group, individual, intelligence, personality, aptitude. She may inter-

DR. PARSONS, 84, DIES ON MONDAY

Dr. Louis A. Parsons, 84, professor of physics at Gettysburg College from 1907 to 1925 and then member of the faculty of Whitman College, Walla Walla, Wash., for a number of years, died Sunday at his home near Hampstead, Md., after a lingering illness.

He was the husband of Mrs. Pauline Derr Parsons, a graduate of Gettysburg College in the class of 1910. The Parsons resided for a number of years on Springs Ave. Ave.

Prof. Parsons was a son of the late Albion and Mary Huleary Parsons and was a member of the Manchester Baptist Church. Mr. Parsons was professor emeritus of Whitman College, Walla Walla, Wash., a member of Phi Beta Kappa honor society and Sigma Chi fraternity.

Besides his widow, he is survived by a son, Albion D. Parsons, Washington; a daughter, Mrs. R. D. Schonbeck, Chester, N. Y., and two grandchildren.

The funeral was held at the home of his sister-in-law, Miss Naomi Derr, Center Main Street, Hampstead, Wednesday at 11 a.m. with his pastor, the Rev. Homer South was officiating. Burial was in Hampstead Cemetery.

FUNERAL RITES TODAY

Funeral services for Harry H. Funt, 80, who died Tuesday morning at his home, Aspers R. 1, were held this afternoon from the Dugan Funeral Home, Bendersville, with the Rev. Laverne Rohrbaugh officiating. Interment in Evergreen Cemetery. Pallbearers were Parker Kuntz, Paul Rice, David Smith, Nelson Funt, Harry Balmer and Charles Heller.

MRS. JAMES NEELY DIES

Mrs. Dora B. Neely, widow of James Neely, of Fairfield, died this morning at 5 o'clock at Baltimore. Funeral arrangements, being made through the Allison Funeral Home, Fairfield, are incomplete.

COMMISSIONERS GIVE TENTATIVE OK TO BUDGETS

The Adams County commissioners Wednesday tentatively adopted budgets calling for expenditures of \$378,218 during the coming year, but that amount is far more than the county — barring unforeseen emergencies — will spend in 1957.

Last month the commissioners decided the 1957 county tax rate shall continue at 10 mills — 7 mills for general purposes and 3 mills for the institution district.

The budget for county fund expenditures was set as \$259,051 with an expected balance at the end of the current year of \$36,595.35, but it is anticipated that year-end balance will run closer to \$57,000.

Final Adoption March 13

A budget of \$189,187 is projected for the institution district, but that contemplates capital outlay of \$59,500, which may not occur this year. And a \$180,000 budget is forecast for the liquid funds fund, but that entails payment of \$20,000 in property damages, \$50,000 in replacement of bridges, \$10,000 in maintenance of bridges, \$50,000 in county aid — all figures which are considerably above normal expenditures from the fund. However, the figures have to be kept high because no one can anticipate just what might happen to bridges, etc., during any one year.

Final approval for the budgets is scheduled for March 13. In the meantime the budgets are available to the public at the commissioners' office in the courthouse.

Have Big Balance

Income of \$251,725.17 is listed in the institution district budget, of which \$79,161.98 is the balance left over from 1956 and \$44,500 is the payment the county will receive from the Gettysburg Joint School System when it takes possession of a ten-acre plot of county ground along E. Broadway extended.

Also included among the anticipated income is \$81,563.19 in taxes from the 1957 duplicate and from the prior year's collections. The sum of \$20,000 is listed as anticipated from the Commonwealth of Pennsylvania. That figure is about \$13,000 higher than received in the past, but the county, according to the state, is scheduled to receive far more from the state this year for Child Welfare work.

Anticipated Income

Anticipated income will also include \$13,000 from persons residing at the county home. That figure compares with \$13,785.16 received from residents of the county home during 1956, and probably will pass the \$14,000 mark this year. The county each year has been receiving a greater number of paying guests at its home because of social security and other pension plans which permit guests to pay their own way.

Other anticipated income includes \$1,500 from the sale of products from the county home farm and \$12,000 from probation and parole. Income for the year is estimated at \$251,725.17.

Expenditures in the institution district budget are listed at \$6,500 for general administration, \$53,615 for the county home, \$11,500 for operation of the county home farm, \$6,000 for maintenance of persons in other institutions, \$1,000 for outdoor relief, \$49,252 for child welfare.

FIREMEN NAME GROUP TO HEAD REC BUILDING

The Gettysburg Fire Department Wednesday evening set up a "Planning Commission" for the development of the new area of the local Recreation Field allocated for fire department use in connection with its annual carnival.

President Harold W. Culp named Glenn Weishaar, Robert Hartman, S. Charles Smith, C. William Zhea, Richard Knox, and the officers of the department as members of the commission.

That group will plan future buildings at the field for use of the firemen and for other activities.

Culp invited all firemen to be present Sunday afternoon at 1 o'clock when the commission will meet with Recreation officials at the field to inspect the new site.

Call Committee Meetings
Co-Chairman Robert Hartman of the 94th Battle Anniversary Committee announced that a meeting of all chairmen and co-chairmen of the anniversary program will be held Tuesday evening at 7 o'clock at the engine house. Firemen voted to put \$1,200 in the Battle Anniversary account for expenses that must be paid in advance of the anniversary.

Culp was directed to authorize use of the firemen's meeting room and the kitchen at the engine house. Firemen were agreed that the room should be available to those organizations which wish to use it for meetings.

Robert Neary, Ladies' Night banquet chairman, reported that annual affair will be held at the Moose Lodge February 28 at 6:30 p.m.

James C. Hoak, recently inducted into the armed forces, was granted a military leave of absence. Edward A. Culp, Clifford G. Naugle and Howard S. Small, all of whom joined the fire department in 1937 were placed on the retired list, having completed 20 years of active duty. Clarence Schultz was placed on the retired list for having reached 50 years of age. Under fire department regulations retired members remain as active as they desire.

Drop Six Members
The resignation of Vernon H. Kemper was received because he has moved from the borough and will be unable to continue in an active capacity.

The names of six men who had not been active for more than a year were ordered dropped from the rolls of the department. President Culp said, "Our fire company is nearly 150 years old. During that period it has developed a tremendous history and reputation for willingness of all members to work together for the community and the fire department. Those who would be members of the fire department must work at it because if a member fails to show up his responsibility."

President Taft: The Stately Miss Boardman, Mrs. Taft's Memoirs, Pompous Augustus Octavius Bacon, Archibald Butt

By Leighton C. Taylor

Thinking it may be of interest I shall take the liberty of breaking the continuity of this series of articles on the inauguration of President Taft in 1909 by interjecting, from time to time, side-lights concerning some of the participants in the Day's dramatic events.

For example, Miss Boardman, a stately woman paid but slight attention to changing styles or fashions in women's apparel. A typical individualist, she always appeared elegantly dressed though rather severely and, as stated, with little regard for prevailing fashions. This was particularly true of her hats, which looked like replicas of the late Queen Mary's. The story is told in Washington that when the then Prince of Wales (now the Duke of Windsor) attended a social function in the Capital Miss Boardman made her appearance, and the Prince spying her exclaimed, "My God, here comes mamma!" "Jam Session" At GHS To Raise Fund For Student Exchange Plan

Gettysburg High School's junior and senior student councils are hoping to raise a large part of the funds needed to bring a foreign international student to the high school here through a "Gigantic Rock-N-Roll Jam Session," April 26 at the high school cafeteria.

Chester Hilger, recreation director for the borough, said the students hope to raise enough money, through the jam session and other ventures, to finance the way for an international exchange student as their contribution to future peace in the world. The students hold that through such transfer of students "all of the world in time can get acquainted and develop more friendships with other parts of the world."

The "Jazz Concert" will be held from 8 to 11 p.m. on the night of April 26 and the doors to the local high school cafeteria will be opened at 7:30 o'clock to admit those attending. Jukebox music will be provided from 7:30 to 8 o'clock.

Tickets Are 75 Cents
Aiding the student councils in the presentation of the special "Battle of Music" are the Gettysburg Recreation Association, which made the arrangements for the battle of bands, and the Gettysburg Association of Clubs which through its member clubs is sponsoring the appearance of the bands.

Three separate band stands will be set up in the cafeteria for the Bud Codori Quintet, the Melotones and Al Shirley's Band, the three orchestras that will take part in the program. Each band will play for 15 minutes in a rotating program without intermissions.

As a climax, the three bands will combine at 10:30 o'clock for a half hour "jam session."

Because the capacity of the cafeteria is limited, the number of tickets sold will be held to that number. Admission will be 75 cents and all of the funds derived from the sale of tickets will go into the international student fund of the student councils.

Magazine Sales Total Over Goal
Students of St. Francis Xavier School sold \$1,953.80 worth of subscriptions to magazines in a recent sale. The amount was \$453.80 more than the goal of \$1,500.

Individual top salesmen who received awards and the amounts of their sales were Patricia Oyler, \$112; Daniel Hemler, \$85.75; Mary June Mayer, \$71; Michael Codori, \$65.25 and Betty Martin, \$53.75. All but Codori, who is a seventh grade member, are students in the eighth grade.

115 Arendtsville Pupils Get Shots
One hundred fifteen students at the Arendtsville Elementary School received Salk vaccine inoculations Wednesday.

Students at the Biglerville schools will receive the shots Monday and Tuesday at the Bendersville Elementary School. Dr. Raymond Hale was in charge of the inoculations Wednesday.

Sales by grades were: First, \$112.25; Second, \$108.71; third, \$140; Fourth, \$160.25, Fourth (annex) \$67.50; Fifth, \$211.79; Sixth, \$181.25; Seventh, \$328.96; Eighth, \$642.84.

MISS RUTLEDGE TELLS CLUB OF AID TO PUPILS
Following the announcement that the Woman's Club of Gettysburg made a profit of \$252.41 at the public card party held in January as a Warner Hospital benefit, the organization donated \$150 to the hospital at a meeting Wednesday afternoon at the YWCA at which Miss Elizabeth Rutledge, county supervisor of special education, was the guest speaker.

The money will be used to furnish the room sponsored at the hospital by the club. The organization has already placed curtains in the windows. It was announced that a room divider may also be purchased.

An additional donation of \$50 was given to the Woman's Medical College, Philadelphia, a state project of the Pennsylvania Federation of Women's Clubs this year. Mrs. Harold L. Ecker, president, thanked club members and friends for making the affair a success.

Mrs. Jack R. Payne, head of the child welfare department of the club, introduced the speaker who is a native of Pennsylvania and who received her B.A. degree from Pennsylvania State University and her Master's degree from Cornell University.

EISENHOWER'S MIDDLE EAST RESOLUTION IS NEAR FINAL OK

By ERNEST B. VACCARO
WASHINGTON (AP) — President Eisenhower's Middle East resolution near final approval by two Senate committees today with its supporters beating back Democratic attempts to water down its authority.

The final major hurdle in the Senate Foreign Relations and Armed Services committees centered around a constitutional argument over whether Eisenhower, as president, already has authority to use troops in the Middle East.

As passed by the House, the resolution "authorizes" the President to employ the armed forces to help Middle East nations resist overt Communist aggression if they request it.

Will Resist Democrats
Chairman Green (D-RI) of the Foreign Relations Committee is pushing an amendment which would say simply that "the Congress approves the exercise of the President's authority to employ the armed forces" in such a development. Another by Sen. Stennis (D-Miss) would say simply "Congress approves the use" of the armed forces under the specified conditions.

Republicans on the two committees, who voted solidly to support the President yesterday, said they would resist this new Democratic move.

Sen. H. Alexander Smith (R-NJ) said he felt the administration language was "stronger."

"In it, we are saying that Congress authorizes the President to take necessary steps to secure the political integrity and independence of the Middle East," Smith told a reporter.

Defeated Decisively
But Sen. Sparkman (D-Ala.) said that if Eisenhower already has the necessary authority, "he doesn't have the authority. Congress hasn't the power to delegate its own constitutional responsibility to him."

The committee defeated 17-11 an effort to strip from the resolution authority for the President to spend up to 200 million dollars of available funds on economic and military assistance in the Middle East. Sponsors of this motion wanted to limit the President's

Much Of Northeast Gets Snow Today

By THE ASSOCIATED PRESS
Snow fell in sections of the Northeast today but mostly dry weather was reported in other parts of the country.

The snowstorm which hit Midwest areas yesterday spread into western New York and Pennsylvania during the night and this morning extended over most of the two states and southward into northern parts of the Virginias. The wet belt was expected to stretch into New England.

Weather bureaus issued warnings of hazardous driving conditions in many areas in forecasting from 1 to 3 inches of snow from northern Maryland into New York and southern New England.

DEATHS

By THE ASSOCIATED PRESS
ST. PETERSBURG, Fla. (AP) — Edwin C. Hill, 72, veteran radio news commentator, who was a radio broadcaster and syndicate feature writer since 1932, a former reporter and a feature writer for the New York Sun, and onetime director of the Fox News Reel died yesterday.

ASK LEGAL OPINION

HARRISBURG (AP) — A House resolution asks the joint State Government Commission for legal opinions on the enactment of a law to prohibit obscene movies in Pennsylvania.

The resolution, introduced last night in an effort to clarify movie censorship, would direct the commission to prepare legislation for the next legislature.

The Pennsylvania movie censor law of 1915 was declared unconstitutional by the Supreme Court in 1956. The State Censor Board has been inactive since.

REVIVE COMMISSION

HARRISBURG (AP) — A bill to re-activate the governmental reorganization commission until March 31 has passed the House and gone to the Senate.

The action was taken so that the commission's report, due Dec. 31, could be accepted. The report has not been made. The commission was established in 1955 to recommend reorganization of government agencies.

emergency authority to the military field.

And they lost 17-9 an effort to substitute for the Eisenhower resolution a declaration that would not have the force of law.

SAYS RUSSIA'S VETO MUST BE LIMITED AT U.N.

WASHINGTON (AP)—Sen. Knowland (R-Calif.) says the United Nations cannot assume "moral leadership" of the world unless the U.N. Security Council limits Russia's veto.

The Senate Republican leader told a Georgetown University group Monday night he believes the veto could be curbed if the council would invoke a U.N. Charter provision which states "a party to a dispute shall abstain from voting" in the council.

The Russian veto must be limited "to those matters which impinge on its sovereignty and not those where the Soviet Union is violating the sovereignty of others," he added.

Abstention Rule

Knowland said if the Soviets objected to invoking the rule of abstention, the chairman could overrule it and other council members then could sustain the chairman's ruling.

If the Russians walked out, "so be it," he said. He added the U.N. would be better off without the Soviets as members.

Knowland, a U.S. delegate to the U.N. and a potential candidate for the 1960 Republican presidential nomination, posed the question whether the record of the U.N. warrants "a continuation of our policy and our support."

Asserting that American foreign policy must not be "tied as a tail to a United Nations kite," Knowland declared:

"On the basis of its record to date, no free nation, including our own, dare risk its security on the United Nations' ability to function effectively.

"As an international forum for debate and discussion, it has a

Some Young Folk Are Worlds Apart

ALBANY, N. Y. (AP)—Rep. William H. Ayers (R-Ohio), hemmed in by shrieking teen-agers in a hotel lobby, said he was impressed with the enthusiasm of Albany's "Young Republicans."

One of the girls set him straight. The turnout was for actor-singer Tab Hunter.

"Who's he?" Ayers asked. Shocked, the girl told him and asked, "Say, who are you, anyway?"

"A congressman."

"What's that?" she inquired.

Crawls Under Fast Passenger Train

ALBUQUERQUE, N. M. (AP)—A charge of drunkenness against a 33-year-old man was dismissed in police court and he was thankful. But he had a lot more than that to give thanks for. The arrest card read: "This man was drunk and crawled under the Super Chief which was about to leave the station." He was nabbed just before the fast Santa Fe passenger train started.

Gunman Calls \$35 'Hardly Worthwhile'

PHILADELPHIA (AP) — A gunman strode into a laundry and demanded that clerk Mae Jones hand over the money in the cash register. Without haste, he reckoned up the take — \$35, turned a woebegone face to Mrs. Jones and said: "It's hardly worthwhile, is it?"

real value, but a substantial question remains as to whether this limited value is worth the price."

UNEASY LULL IN U.N. EFFORTS ON MIDDLE EAST

UNITED NATIONS, N. Y. (AP) — U. N. efforts to reach a Middle East settlement settled into an uneasy lull today as delegates awaited Israel's reply to the American compromise proposal.

The plan, aimed at breaking the Israeli-Egyptian stalemate, drew mixed reaction. Most delegates withheld official comment until they heard from Jerusalem. The Israeli reply was expected today.

The 27-nation Asian-African group, meanwhile, announced it would go ahead with submission of a resolution calling for sanctions against Israel because she has refused to withdraw from Egyptian territory at the mouth of the Gulf of Aqaba and the Gaza Strip. There was a growing belief it wouldn't pass.

The United States proposed Monday that if Israel would carry out the U. N. Assembly's request to withdraw behind the 1949 armistice lines, the United States would:

- 1. Publicly declare its support of free navigation in the Gulf of Aqaba, from which Egyptian guns barred Israeli ships for six years.
- 2. Use its influence in the U. N. to have U. N. forces or large numbers of U. N. observers stationed in the Gaza Strip to prevent its use as a base for Egyptian military forays into Israel.

LODGE ASSAILS RED COMPLAINT

UNITED NATIONS, N.Y. (AP)—Ambassador Henry Cabot Lodge Jr. today called Russia's latest complaint against the United States "a gigantic cock and bull story" designed to head off the Eisenhower doctrine for the Middle East.

Lodge addressed the U.N. Steering Committee after Soviet Deputy Foreign Minister Vassily V. Kuznetsov had demanded urgent action to prevent the threat of a new world war which he said was stemming from U.S. policies.

The U.S. delegate said he would not oppose a full airing of the Soviet charges in the 80-nation General Assembly. He countered with a sharp attack on Soviet actions in Hungary, the Middle East and other parts of the world.

The Soviet move, Lodge said, "is a thinly veiled and deliberately timed attack on President Eisenhower's Middle East policy because the policy would prevent Soviet subversion of the sovereignty of all small states in the Middle East. It aims to prevent the effectuation of President Eisenhower's policy."

Kuznetsov led off the debate with a charge that the Eisenhower doctrine was "designed not to relax international strains but to make them more acute." Lodge said Kuznetsov had "let the cat out of the bag."

KING SAUD GETS SPECIAL REPORT

WASHINGTON (AP)—The Dulles plan to get Israeli troops out of Egypt threatened today to chill U.S. relations with Saudi Arabia which reached a new peak of warmth only last week with the conclusion of King Saud's talks with President Eisenhower.

State Department officials are understood to have sent a special explanation of the proposal to King Saud who is en route home by way of Spain. U.S. diplomats at Madrid were charged with the task of trying to secure the Arabian monarch's understanding and if possible his good will.

Arabian Ambassador Abdullah al-Khaysal discussed the Dulles plan and expressed Saud's Arabian apprehensions about it in a meeting with Asst. Secretary of State William Rountree yesterday. Rountree has charge of Middle Eastern affairs under Secretary of State Dulles.

The ambassador is understood to have told Rountree he thought King Saud would be upset by news of the Dulles proposal on the ground that it showed a high degree of support for Israeli interests in the Gaza Strip and the Gulf of Aqaba.

ACCUSE DRIVER IN TRUCK CRASH

Mahlon McClellan Masser, 32, Emmitsburg, was charged by state police today with reckless driving and was sent a ten-day notice by Justice of the Peace John Whitman, Cumberland Twp.

Masser, who is employed by the Accelerated Transport Pony Express, Inc., Hagerstown, Md., is said to have collided with a clinder truck, operated by C. Russell Rohrbough, 55, Gettysburg R. 2, Wednesday morning at about 2:30 o'clock. Masser claimed he fell asleep just before his tractor-trailer crashed into the rear and left side of the Rohrbough truck, parked on the Emmitsburg Rd., four miles south of here.

Rohrbough was treated for lacerations of the head, back and chest at the Warner Hospital. Two members of his crew, Theodore J. Eckenrode, 28, Fairfield R. 2, and George Rhodes, 29, Gettysburg R. 2 suffered injuries of the head and chest and also received treatment.

SEEK BARRIERS ON TURNPIKE

HARRISBURG (AP)—A bill introduced in the Legislature for erection of medial barriers along the Pennsylvania Turnpike would specify that they be put up at a rate of at least 20 miles each year.

This is the first measure to direct the rate of construction. It was sponsored by Reps. Felo and Maurice H. Goldstein, Allegheny Democrats.

A bill was introduced in the Senate to give county election boards authority to approve applications for absentee ballots. The boards would be allowed to count absentee votes from other than servicemen. The measure was sponsored by Sen. George N. Wade (R-Cumberland).

Other House bills introduced yesterday would: Require consent of second class township electors in annexation proceedings. Hamilton (D-Beaver), Eshleman (R-Lancaster).

Appropriate \$25,000 for establishment of Graeme Park in Horsham Twp., Montgomery County. Willard, Brenninger, Fetterolf, Hensel, all Montgomery Republicans.

SAY REDS HAVE NEW ROCKET

LONDON (AP)—The British government says the Soviet Union is developing a nuclear - headed rocket that can climb more than 100 miles into space at speeds of more than 5,000 miles an hour.

To prevent possible attack by such weapons, Defense Minister Duncan Sandys told the House of Commons, Britain must be prepared to meet it with devastating retaliation.

After hearing Sandys' report, the House voted 302-243 in support of the month-old Macmillan government's defense policies. The vote followed party lines. An opposition Laborite motion to censure the government charged waste and mismanagement in defense.

Warning that this country might "soon be open to attack by ballistic rockets" Sandys said:

"There is every reason to believe the Russians have been developing a much enlarged version of the German V2 rocket but with the enormous difference that it will carry a nuclear warhead, and with a range sufficient to reach Britain from launching bases within Soviet - controlled territory."

Tells Insurance Men About Wills

Attorney Donald M. Swope spoke on "The Need For A Will Today" at the meeting of the Hanover-Gettysburg Life Underwriters Association Wednesday at the Hotel Gettysburg.

He was employed by the American Chain and Cable Company.

COMMISSIONERS

(Continued from Page 1)
\$2,000 miscellaneous and \$59,500 capital outlay.

To Improve Home
What the capital outlay will actually total is still a question. The commissioners plan to use the money from the sale of the land to the school board for improvements to the county home, but they said today they have no idea as yet as to what improvements will be made.

The Child Welfare part of the budget is much higher than the \$25,000 spent in 1956, but contemplated is an increase in the amount spent for the care of children in foster homes which is scheduled to increase from \$16,500 to \$21,000. All other expenses, clothing, medical care, etc. have been increased in the budget with the county adopting a state suggested schedule of increased care during the coming year. The additional cost will be met by increased state funds.

Have \$44,448 Balance
The county fund starts with a balance of \$44,448.39 which will, unless some emergency arises, permit the county to operate until money starts flowing in from taxes this summer. Last year the county borrowed \$20,000 on a short term note that cost the county \$258.33 in interest.

Estimated tax income is \$193,291.80 from the current seven-mill levy plus \$18,400 in 1956 taxes still out, \$14,000 from fines and forfeitures, \$6,000 from departmental earnings, and \$6,000 from other sources, a total of \$282,140.19.

Contemplated expenditures include \$87,581 for general government, \$50,945 judicial, \$75,270 for corrections, \$35,255 miscellaneous and \$10,000 capital outlay.

The \$138,525 general and judicial government outlay divides into \$15,550 for administration, \$1,000 for the solicitor, \$16,425 for the operation of the court house, \$17,290 for elections, \$10,560 for tax assessment, \$2,350 for weights and measures, \$7,196 for the treasurer's office, \$9,500 for tax collections, \$2,700 for the audit, \$4,160 for the recorder of deeds office, \$10,185 for the sheriff's office, \$1,565 for the coroner's office, \$4,240 prothonotary's office, \$7,225 clerk of courts office, \$6,870 district attorney attorney's office, \$950 for the law library, \$17,180 for operation of the court of which \$8,000 is allocated for jury fees, and \$2,200 for justices of the peace.

Also included is \$35,000 for maintenance of adults in correctional institutions other than the county jail, \$16,500 for maintenance of juveniles in institutions and \$15,250 for operation of the county jail. \$8,520 is allocated for the probation and parole office.

Under the heading of miscellaneous are such items as \$5,700 for the superintendent of schools office, \$1,700 for insurance, \$5,870 for military affairs; \$2,500 for the hospital, \$6,500 for agriculture, \$5,335 for the library, \$6,000 for Civil Defense and \$1,200 for social security payments.

STOCKS MOVE UP

NEW YORK (AP)—The stock market rose vigorously in early trading today as yesterday's rally was resumed.

The opening rush of buying swamped the high-speed ticker which fell behind as much as two minutes in reporting transactions.

Leading stocks surged ahead from fractions to around 2 points then held most of their ground as trading moderated and the ticker tape caught abreast after four minutes of tardiness.

WASHINGTON (AP)—The Air Force is planning to deploy its aircraft more widely through the country "so that a potential attacker could never hope to destroy enough of our bombers to prevent our decisive retaliation."

Gen. Thomas D. White, Air Force vice chief of staff, said this today, explaining that the Strategic Air Command's B47 and B52 all-jet bombers and its B36 propeller-driven long-range bombers "are now concentrated on too few, highly crowded bases."

Littlestown SCHOOL BOARD GETS FIGURES ON FINANCING NEW BUILDING

Charles Diehl, York representing Butcher and Sharrid, York, investment brokers, attended the February meeting of the Littlestown Joint School Committee on Tuesday evening at the Littlestown High School, when he presented a final statement on the approximate cost for the financing of building a new high school within the next two years. After the representative left the session, the board voted to retain Butcher and Sharrid as fiscal agents for the project as they are the same brokers who handled past building projects.

The joint boards took action, after a liberal discussion, that beginning with the next meeting on March 12, the Jointure will operate as a joint

board for the administration of all school business thus eliminating a separate meeting of the joint school committee and the joint boards.

Supervising Principal Paul E. King gave the monthly report of the school nurse, Mrs. Brenda B. Walker, revealing that there were 19 home calls during the month; 221 first aid treatments in school with four pupils requiring further treatment at the physician's office. A few cases of mumps and chicken pox were reported in the primary grades, and the general health of the pupils is good. Special activities of the school nurse during the month included attendance at two meetings of the Adams County School Nurses, one at Gettysburg high, where the telebinocular was demonstrated by Miss Rutledge, supervisor of special education in Adams County, and the second at the Adams County Day Center for an observation period. Mrs. Walker also attended the district nurses' meeting in Chambersburg on February 7. Mrs. Walker arranged for Miss Mildred Eden, public health nurse, to meet with the Future Nurses Club at the local high school, and the latter showed films and discussed the work of the Pennsylvania Department of Health.

Treasurer Gives Report
Clayton L. Harget, treasurer, presented the following report: Receipts for January, \$25,170.49; expenditures, including general control, \$127.95; instruction, \$16,402.27; auxiliary agencies, \$924.90; coordinate activities, \$345.83; operation of plants, \$2,145.90; maintenance of plants, \$815.72; fixed charges, \$176.90, a total of \$20,937.52. Treasurer Harget read to committee members a letter received from Mr. and Mrs. Walter F. Crouse, donating \$2,000 for the purpose of furnishing a room or rooms in the proposed new high school, when it is completed. Bills and salaries were approved for payment.

Mr. King's monthly report noted that four teachers were absent for a total of eight days during January, and Mrs. Alice Yohn served as substitute teacher. A representative of the State Employment Bureau interviewed the Senior class for the purpose of aid in the securing of employment after graduation. Barbara Waltman and Jean Hull, graduates of the local high school, who are now senior nurses at the Garfield Memorial Hospital School of Nursing, Washington, D. C., together with their operating room instructor, Elizabeth Helyer, were present at the school and spoke to the girls of the senior class.

John H. Riley, principal of the Rolling Acres Elementary School, attended a reading clinic from January 28 to 31 at Temple University, Philadelphia. One official notice of illegal absence was served on

Waltman, Principal King, Solicitor Daniel E. Teeter and Charles Diehl.

A brief meeting of the Littlestown Borough Board followed the joint board session. Secretary Luther W. Ritter reported that receipts for the month amounted to \$609; expenditures included \$5,700 to the jointure, and \$302.80 to LeRoy W. Bish as commission on taxes collected. In attendance were Carl H. Baumgardner, president, who presided; Henry E. Waltman, Wilbur E. Mackley and Secretary Ritter. The boards will meet again on Tuesday, March 12.

Mr. and Mrs. John R. Rudisill, E. Myrtle St., entertained the girls of the neighborhood at a Valentine and birthday party in honor of their ten-year-old daughter, Marianna, on Wednesday evening. Games were played and refreshments were served to the guest of honor, Joanne Cookson, JoAnn Beamer, Linda Biocher, Patricia Myers, Diane Byers and Peggy Altoff.

top tier to show that the celebrants can see their way clear to the future.

Class Holds Meeting

The Ever Widening Class of St. John's Lutheran Church met on Tuesday evening at the church, at which time the members packed a food basket for a local needy family and also packed a layette for overseas shipment.

There was group singing followed with the Lord's Prayer in unison. The Scripture was read by Mrs. Viola Badders, class teacher. Poems were read by Mrs. Hope King, Mrs. Joan Shambrook, Mrs. Ruthanna Starner, Mrs. Mary Ellen Bortner, Mrs. Marguerite Bair and Mrs. Myrtle Leister. There was a hymn, after which Mrs. Janet Reaver gave a humorous reading, "Ozark Annie."

"Trust and Obey" and "Goodnight

and Goodmorning" were sung by the group. Two vocal duets were rendered by Mrs. Bernice Yealy and Miss Katharine Schuler, to the latter's piano accompaniment.

During the business meeting, in charge of the president, Mrs. Starner, the following flower committee was appointed for February: Mrs. Elizabeth Barnes and Mrs. Mary Beamer. Reports were given by the secretary, Mrs. Reaver, and treasurer, Mrs. Barnes. During the social hour refreshments were served to the 17 members in attendance by Mrs. Reaver, hostess for the evening.

GOP FAVORED 50 YEARS AGO

Republicans were favored fifty years ago in the election February 19, 1907, according to figures on a "specimen ballot for the Fourteenth Election District of the Township of Mountjoy" in the possession of Roy Foulk, Two Taverns R. 1, who says "he has saved specimen ballots from time to time as a hobby."

Only two candidates in the 1907 election are living, he said. They are Simpson E. Schriver, Littlestown, Republican, and I. Willis Apple, Lemoyne, Democrat.

Voting in the township was as follows: School directors, J. S. Scott,

Republican, 75; William G. Little, Republican, 80; William E. Olinger, Democrat, 101, and Wilson Bair, Democrat, 65; auditor, George M. Deatrick, Republican, 79; William P. Epley, Democrat, 78.

Supervisor: Simpson E. Schriver, Republican, 106; Harvey Bair, Democrat, 49; judge of elections, C. C. Clapsaddle, Republican, 105; S. J. Collins, Democrat, 67; inspector, Ed. F. LODGE ASSAILS RED COMPLAINT

UNITED NATIONS, N.Y. (AP)—Ambassador Henry Cabot Lodge Jr. today called Russia's latest complaint against the United States "a gigantic cock and bull story" designed to head off the Eisenhower doctrine for the Middle East.

Lodge addressed the U.N. Steering Committee after Soviet Deputy Foreign Minister Vassily V. Kuznetsov had demanded urgent action to prevent the threat of a new world war which he said was stemming from U.S. policies.

The U.S. delegate said he would not oppose a full airing of the Soviet charges in the 80-nation General Assembly. He countered with a sharp attack on Soviet actions in Hungary, the Middle East and other parts of the world.

The Soviet move, Lodge said, "is a thinly veiled and deliberately timed attack on President Eisenhower's Middle East policy because the policy would prevent Soviet subversion of the sovereignty of all small states in the Middle East. It aims to prevent the effectiveness of President Eisenhower's policy."

Kuznetsov led off the debate with a charge that the Eisenhower doctrine was "designed not to relax international strains but to make them more acute." Lodge said Kuznetsov had "let the cat out of the bag."

KING SAUD GETS SPECIAL REPORT

WASHINGTON (AP)—The Dulles plan to get Israeli troops out of Egypt threatened today to chill U.S. relations with Saudi Arabia which reached a new peak of warmth only last week with the conclusion of King Saud's talks with President Eisenhower.

State Department officials are understood to have sent a special explanation of the proposal to King Saud who is en route home by way of Spain. U.S. diplomats at Madrid were charged with the task of trying to secure the Arabian monarch's understanding and if possible his good will.

Arabian Ambassador Abdullah al-Khayyal discussed the Dulles plan and expressed Saudi Arabian apprehensions about it in a meeting with Asst. Secretary of State William Rountree yesterday. Rountree has charge of Middle Eastern affairs under Secretary of State Dulles.

The ambassador is understood to have told Rountree he thought King Saud would be upset by news of the Dulles proposal on the ground that it showed a high degree of support for Israeli interests in the Gaza Strip and the Gulf of Aqaba.

SAY REDS HAVE NEW ROCKET

LONDON (AP)—The British government says the Soviet Union is developing a nuclear-headed rocket that can climb more than 100 miles into space at speeds of more than 5,000 miles an hour.

To prevent possible attack by such weapons, Defense Minister Duncan Sandys told the House of Commons, Britain must be prepared to meet it with devastating retaliation.

After hearing Sandys' report, the House voted 302-243 in support of the month-old Macmillan government's defense policies. The vote followed party lines. An opposition Laborite motion to censure the government charged waste and mismanagement in defense.

Warning that this country might "soon be open to attack by ballistic rockets," Sandys said: "There is every reason to believe the Russians have been developing a much enlarged version of the German V2 rocket but with the enormous difference that it will carry a nuclear warhead, and with a range sufficient to reach Britain from launching bases within Soviet-controlled territory."

Tells Insurance Men About Wills

Attorney Donald M. Swope spoke on "The Need For A Will Today" at the meeting of the Hanover-Gettysburg Life Underwriters Association Wednesday at the Hotel Gettysburg.

During the meeting a book, "The Money Value of a Man" by Dr. Louis E. Dublin, was presented to the Adams County Free Library. President Harry Borger presided at the meeting. The next session will be held March 13 at the Hotel McAllister.

\$200 Damage But No One Hurt In Crash

Damage totalled \$200 but no one was hurt when two cars collided one mile south of here on the Littlestown Rd. Wednesday night at 9:40 o'clock.

Police said Irene Crouse, 35, Gettysburg R. 1, was driving south and slowed to make a turn when another car, being driven south by Walter L. Sheely Jr., 22, Littlestown R. 1, struck the rear of the Crouse vehicle. Damage was estimated at \$150 to Sheely's car and \$50 to the Crouse vehicle.

COMMISSIONERS

(Continued from Page 1)
\$2,000 miscellaneous and \$59,500 capital outlay.

To Improve Home
What the capital outlay will actually total is still a question. The commissioners plan to use the money from the sale of the land to the school board for improvements to the county home, but they said today they have no idea as yet as to what improvements will be made.

The Child Welfare part of the budget is much higher than the \$25,600 spent in 1956, but contemplated is an increase in the amount spent for the care of children in foster homes which is scheduled to increase from \$18,500 to \$21,000. All other expenses, clothing, medical care, etc. have been increased in the budget with the county adopting a state suggested schedule of increased care during the coming year. The additional cost will be met by increased state funds.

Have \$44,448 Balance
The county fund starts with a balance of \$44,448.39 which will, unless some emergency arises, permit the county to operate until money starts flowing in from taxes this summer. Last year the county borrowed \$20,000 on a short term note that cost the county \$258.33 in interest.

Estimated tax income is \$193,291.80 from the current seven-mill levy plus \$18,400 in 1956 taxes still out, \$14,000 from fines and forfeitures, \$6,000 from departmental earnings, and \$6,000 from other sources, a total of \$282,140.19.

Contemplated expenditures include \$67,581 for general government, \$80,945 judicial, \$75,270 for corrections, \$35,255 miscellaneous and \$10,000 capital outlay.

The \$138,525 general and judicial government outlay divides into \$15,550 for administration, \$1,000 for the solicitor, \$16,425 for the operation of the court house, \$17,290 for elections, \$10,560 for tax assessment, \$2,350 for weights and measures, \$7,196 for the treasurer's office, \$9,500 for tax collections, \$2,700 for the audit, \$4,160 for the recorder of deeds office, \$10,185 for the sheriff's office, \$1,565 for the coroner's office, \$4,240 prothonotary's office, \$7,225 clerk of courts office, \$6,870 district attorney's office, \$850 for the law library, \$17,180 for operation of the court of which \$8,000 is allocated for jury fees, and \$2,200 for justices of the peace.

Also included is \$35,000 for maintenance of adults in correctional institutions other than the county jail, \$16,500 for maintenance of juveniles in institutions and \$15,250 for operation of the county jail. \$8,520 is allocated for the probation and parole office.

Under the heading of miscellaneous are such items as \$5,700 for the superintendent of schools office, \$1,700 for insurance, \$5,870 for military affairs, \$2,500 for the hospital, \$6,500 for agriculture, \$5,335 for the library, \$6,000 for Civil Defense and \$1,200 for social security payment.

STOCKS MOVE UP

NEW YORK (AP)—The stock market rose vigorously in early trading today as yesterday's rally was resumed.

The opening rush of buying swamped the high-speed ticker which fell behind as much as two minutes in reporting transactions. Leading stocks surged ahead from fractions to around 2 points then held most of their ground as trading moderated and the ticker tape caught abreast after four minutes of tardiness.

WASHINGTON (AP)—The Air Force is planning to deploy its aircraft more widely through the country "so that a potential attacker could never hope to destroy enough of our bombers to prevent our decisive retaliation."

Gen. Thomas D. White, Air Force vice chief of staff, said this today, explaining that the Strategic Air Command's B47 and B52 all-jet bombers and its B36 propeller-driven long-range bombers "are now concentrated on too few, highly crowded bases."

Admitted To County Bar: Richard A. Brown, Fairfield road, was admitted to practice before the Adams county bar at a regular session of the county court this morning.

His admission was moved by J. Donald Swope, Esq., and the oath was administered by Judge W. C. Sheely after a favorable report had been received from the county board of law examiners. The report was signed by John D. Keith, Esq.

The young attorney will practice law in the county courts and will be located in the office of J. Donald Swope, Esq.

Inter-faculty Club Banquets: The members of the Inter-faculty club held their annual banquet at the girls' dormitory with their wives as special guests. Dr. Charles H. Huber, president of the club, acted as toastmaster. Speakers were Dr. A. R. Wentz and Dr. Thomas L. Cline. Professor Johnson was chairman of the committee in charge of arrangements.

C. Of C. Elects Officers: Three officers and seven directors were elected at a meeting of the Gettysburg Chamber of Commerce Wednesday evening in the fire engine house. C. A. Bixler presided with twenty members in attendance. The officers and directors elected follow: Vice president, George W. Taylor; secretary, Fred Pfeiffer; treasurer, Isaac Bucher, and directors, N. B. Schnurman, Stewart Moyer, A. E. Hutchison, Radford Lippy, C. Ross Shuman, Edgar Deardorff and Moses E. Blair. It was decided to set the fourth Monday of each month as the meeting date for the Chamber. A membership fee of \$10 was chosen and December 31 was elected as the end of the fiscal year for Chamber activities.

There are 50 members enrolled in the chamber at present.

Davis Attacks Plan To Retire Justices At 70: Abraham Lincoln's "faith in democracy" is the need of the nation today, if it is to cope with the problems of governmental competition in business and industry; the influx of foreign labor to these shores, and the proposed changes in the judiciary, declared James J. Davis, senior United States Senator from Pennsylvania at a public meeting in the court house Friday evening commemorating the birthday anniversary of the Civil War president. The meeting was sponsored by the Republican club of the county.

The Rev. Dr. N. B. S. Thomas gave the invocation. Miss Helen Shields, ten-year-old daughter of William I. Shields, county treasurer, recited Lincoln's Gettysburg address. Franklin R. Bigham, who presided at the meeting, introduced Senator Davis.

The meeting ended with the Rev. B. P. S. Busby pronouncing benediction. About 250 persons attended the meeting.

Kadel Resigns Position With Water Company: John Kadel, West Middle street, has resigned as foreman for the Gettysburg Water company to accept a position with a business machine manufacturing company. He is now studying at Endicott, New York.

Kadel's position with the water company is to be filled by Raymond Spahr, Ridge Avenue, who has been operator of the filter plant for the water company. George Bushman, Chambersburg Street, will be Spahr's successor.

Crowds Attend Anniversary Sale At Minter's: Gettysburgians and Adams Countyans jam-packed Minter's store Friday and Saturday during the anniversary sale. More than 1,700 people entered the grocery on Saturday.

Mrs. Daniel Wolfe, Carlisle street, won a large basket for the door prize.
Rotary, Lions To Hear Lawyer: At weekly meetings of Gettysburg's two service clubs, announcement was made Monday evening of plans for a joint session next Monday evening at the Eagle hotel. Mrs. Mary T. Denham, attorney-

Today's Talk

ROADS
The automobile is one of mankind's greatest blessings. Henry Ford led the way with a car that almost every family could then afford. All this stimulated the building of good roads, and now cars are getting to be luxuries and billions of dollars are being spent for the latest and best roads possible.
Both automobiles and good roads are an investment. The out-of-doors is nature's medicine. The latest car models are so colorful and inviting that America is beginning to get acquainted with itself! When I travel these latest roads and note the beauty of their construction, winding through valleys, climbing the mountains, skirting towns and cities, it is all amazing. Roads take us places in the greatest of comfort.
Our minds are stimulated as never before. We live in the midst of blessings. It is true that we never had it so good — nor as expensive, if we were to put a commercial rating on our comfort and happiness, but thank God there are human values that top all others.
There are roads to knowledge, to the creating of great art, and to the objectives that are forever being revealed in the sciences. People live longer today and they have more for which to be thankful. Our success and happiness, however, must depend upon our willingness to share with others. We must find a road to their understanding, their dreams, and their joy in life.
There are roads to the greatest minds of all time. There are roads — not yet constructed — to mysteries and wonders, many of them deep in the earth — never travelled. Roads must have happy destinations, so if that mind of yours is chaotic simply matters by creating good roads to great thoughts and constructive ideas.
Tomorrow Mr. Adams will talk on the subject: "Intimate Book Shops."

Just Folks
THE LONELY MAN

The lonely man would smile to see
The usual stack of monthly bills;
Though overdue they'd grown to be,
They would not seem the worst of ills.
And he would like to find once more
Some merchant's boy outside the door.

Time was he thought she spent too much,
But now he wants her back to spend;
And now it seems to grieve him much
Her shopping trips have reached the end.
He knows, and tells it with a sigh,
A new hat would be nice to buy.

He knew the merchants of the town
Who sold her bonnets for her brow,
A simple dress or party gown,
But he does little shopping now.
To friends who share his loneliness
He says he'd like to buy a dress.

Time was he'd bitterly complain
About the cost of things she wore,
But he would like those ills again
That monthly came from every store.
But all those bills have had to stop;
She is no longer here to shop.

DOG TRIALS AT HUNTERSTOWN THIS WEEKEND

The York Pointer and Setter Club will hold its annual spring trials on the farm of Charles D. Baird, Hunterstown, Saturday and Sunday.

Headquarters for the trials will be the Lincoln Logs Hotel, four miles east of here, where drawings will take place Friday evening at 8 o'clock. Entries are expected to come from nine states.

Stake events will be as follows: Saturday, open puppy and open derby; Sunday, members' amateur shooting dog and open shooting dog. Puppy and derby stakes will be judged as potential shooting dogs. Starting time each morning will be 7:30 o'clock. The trials will be run on native and liberated quail.

Judges will be Ben Jones, Bridgeville, and M. H. Simmons, Milroy. Anyone interested in entering a dog should get in touch with Ernest C. Minck, Dover R. 1, telephone Dover 4456, before Friday evening's drawings.

An invitation is extended the public to attend.

BILL COMPELS POLIO SHOTS

HARRISBURG (AP)—Speaker W. Stuart Helm reported today House Republicans will introduce a bill requiring anti-polio immunization of all school children at state cost. "We can't leave it to chance," Helm declared. "If we save but one child from the anguish and suffering of polio then our efforts will not have been in vain."

Helm said the measure would be introduced by Reps. Marian E. Markley (R-Northampton) and James J. Jump (R-Luzerne). It has the support of Dr. Jonas Salk, who developed the vaccine, Helm said.

The proposed legislation would require persons in charge of "any public, private, parochial, or other school, to refuse to permit any child attending school to continue to attend after Sept. 1, 1957, except upon certificate signed by a has been immunized against polio."

The Department of Health would be required to make available "at the cost of the commonwealth" enough vaccine to carry out the program. Helm did not estimate the cost of the program.

JORDAN ENDS BRITISH PACT

AMMAN (AP)—Jordanians celebrated today the end of their 1948 treaty of alliance with Britain. They danced in the streets, and the chief of the Cabinet, Bahjat Talhouni, hailed the event as "a blessed step toward Jordan's full liberty and sovereignty." Syrian President Shukri Kuwailat telephoned congratulations to King Hussein.

A communique, issued last night by Jordan and British officials, announced agreement to terminate the alliance by March 1, if possible, "and in any case not later than April 1."

The announcement said British forces would be withdrawn from Jordan not later than six months after the exchange of official documents terminating the treaty.

The annual report of equipment foreman Rufus Reaver was presented and a discussion was held on equipment needed. The fire chiefs were asked to submit recommendations for new equipment at next month's meeting.

Two applications for membership were received and turned over to the investigating committee. The applications will be acted upon at the March meeting.

Assistant Fire Chief Donald Staub was named as the officer responsible for the dispensing machine at the engine house. Firemen who may be authorized to make purchases from time to time were asked to sign charge slips to permit the treasurer to check the bills before submitting them to vote of the department.

Named to the duty roster for March were William Swisher, Julius Swope, Kenneth Tawney, George Tate, Robert Toomey and William G. Weaver.

HEADS DRIVE TO ERASE POLIO

PITTSBURGH (AP)—Dr. Merle Bundy, 39, of Pittsburgh, today accepted the job of heading Allegheny County's all-out campaign to wipe out polio.

Said Dr. Bundy: "I'm flabbergasted to be selected for this job, and I'm somewhat embarrassed because I haven't had my own polio shots as yet. But this now is my first order of business."

Dr. Bundy is the chief medical officer at the Pittsburgh Works of Jones & Laughlin Steel Corp. He will assume the polio post next week on loan from the steel company.

A native of Salem, Ind., Dr. Bundy once studied under Dr. Jonas Salk, developer of the anti-polio vaccine. He formerly was employed by the Pittsburgh Health Dept.

The polio program, launched by the Allegheny County Medical Society, is designed to have every resident in the county inoculated against polio—especially those under age 40.

As Wednesday evening's program opened, Robert O. Burkhardt II gave the invocation and the pledge of allegiance and the Scout Oath and Law were led by Explorer Post 71.

These Den Mothers were presented and introduced the Cubs: Den 1, Mrs. Cameron Garretson; Den 2, Mrs. Donald A. Bosserman, and Den 3, Mrs. George Eckenrode. Cubs' awards were given by William Lerew, Cubmaster.

Awards For Cubs
Wolf badges were presented to James Bosserman, Jeffrey Brown, Edwin Taylor and Marshall Hawbaker. Bear badges went to James Miller Jr., Lexie Eckenrode, Robert Cover, Larry Wright, Owen Taylor, John Pitzer and George Sumbury. Golden Arrow awards also were distributed.

Boy Scouts were introduced by their Scoutmaster, Magnus Flaws, and S. A. Ehlman, the Explorer Post adviser, introduced the Explorers. These brief talks were given: "Requirements of Scouts," Peter Asquith; "Along the Trail," Fred Hawbecker; "Weekends at Mr. Walter's Cabin," John Steiner; "Plans for the Future," Wayne Schwartz, and "Patches," Robert Ehlman.

Explorer Post members sang "Trail of the Eagle" and then the Star, Life and Eagle awards were presented. The program closed with the singing of "God Bless America."

IN HANOVER MISHAP

Cars operated by Mary A. Yingling, New Oxford R. 1, and Mrs. Lela K. Aumen, Hanover R. 1, were damaged in a collision Tuesday in the first block of York St. in Hanover. No one was injured. Police said Miss Yingling had stopped at the curb on the east side of the street and opened the left front door to get out of the car. The Aumen car, going north, collided with the open door. Damage to the two vehicles was estimated at \$125.

Two Properties Are Transferred

The following property transfers have been recorded in the office of the register and recorder:

Carroll M. and Helen M. Zentz, Gettysburg R. 3, sold to Earl and Florence M. Melsky, Marshallton, Del., for \$24,500 the site upon which is located the Varsity Diner, Carlisle St.

Donald C. and Nettie V. Walter, Cumberland Twp., sold to Thomas F. and Janet F. Small, Gettysburg, for \$1,000 a property in Cumberland Twp.

FINDS ICE STAR IN HIS TROUPE

HERSHEY, Pa. — A man searched the world for a star he had in his own back yard. John H. Harris, producer of Ice Capades, opening at Hershey Sports Arena tonight, was in that position last year.

Harris visited the Winter Olympic Games at Cortina, Italy, and the World Championships at Gar-

misch, Germany, in quest of a replacement for Donna Atwood, who hung up her skates last summer after fourteen years of stardom.

Unable to find the girl he felt could take Donna's place, Harris came home, only to realize he had the right person under contract all of the time. As a result, Rosemary Henderson, who had been understudying Donna for two seasons, got the starring spot.

Former Canadian figure skating champion, Rosemary joined the show in 1952 as a line girl, but soon won a featured spot as Bobby Maxson's partner. Last year she took another step toward stardom when she was featured in a number called "Autorama."

This season, in addition to her pair number with Bobby Maxson, Rosemary is co-starring with Bobby Specht and Orrin Markhus in "Hans Brinker and the Silver Skates," an original musical production, and skates her solo in the colorful production sequence, "Seventeen," which salutes the show's 17th anniversary.

All Denmark is now covered by a television network. A Danish television set costs about \$272.

Couple Observing Golden Wedding Day

Mr. and Mrs. G. Latimer Gotwalt, 1245 Mt. Rose Ave., York, are celebrating their 50th wedding anniversary today.

The couple was married by their pastor, the late Rev. E. E. Manger, on February 14, 1901. Mrs. Gotwalt is the former Beulah E. Slaughenaupt, of Littlestown. Her husband is the son of the late Mr. and Mrs. Emanuel Gotwalt, Spring Garden Twp.

They have two sons, E. Laverne Gotwalt, Lewisburg, and Elwood Gotwalt, York; three grandchildren and one great-grandchild.

view pupils, their teachers and their parents regarding pupils' academic and adjustment problems.

No Guide To Problems
Miss Rutledge said, "Although we can examine children we have no guide-posts to their problems and there is no magic word to make their special problems vanish. Some of the types of children we are interested in are the mentally retarded, the gifted, the visually handicapped, the physically delicate children and those with emotion problems. The psychologist cannot do everything; there must be help and understanding from the teacher and the parents."

According to some parents, she said, "the psychologist is to be feared and avoided as long as possible; the only person who is glad to see her coming is the teacher. Parents are on the defensive when their child is referred to the school psychologist. 'Actually,' she said, 'it is not a threat to your child to have him referred to the child psychology clinic. Our only ideal and goal is to help your child.'"

Honor Miss McMillan
During the business meeting the club nominated Miss Margaret McMillan, Gettysburg, church, community and county worker for many years, as a "Distinguished Daughters of Pennsylvania."

Mrs. R. D. Wickerham announced the following new members: Mrs. C. Arthur Brame Sr., Mrs. Naomi Balcom and Mrs. Paul Rebert. Mrs. John Y. Crow has been appointed to represent the club on the Women's Civic Council. A letter was read from Miss Mary Ellen Skelly, home economist for the Manufacturers Light and Heat Company, describing the "Mrs. America" contest.

A floral centerpiece of red and white carnations and red candles carried out a Valentine theme. Refreshments included cranberry punch, petit fours and red and white candy heart-shaped mints in keeping with the seasonal theme. Mrs. Ecker presided at the punch bowl.

NORWEGIAN VISITS SHARPE

Nils Kvale, Oslo, Norway, is visiting at the home of Mr. and Mrs. Philip Sharpe, Tract Rd. A ballistics engineer of the Norma Ammunition Factory, Oslo, and Amotfors, Sweden. Mr. Kvale is in the United States on official business.

The Norwegian engineer was taken on a tour of the Gettysburg Battlefield Tuesday. Mr. Kvale said that "for many years I have been a student of the Battle of Gettysburg and I am much impressed with my visit here."

He said that the southern cooking enjoyed at Mr. Sharpe's home is "quite different from Scandinavian foods." As a special treat his host had lobster flown in from Maine especially for his European guest.
Mr. Kvale will attend a conference in Washington this week. He plans to leave by plane from New York for Norway Sunday evening.

John E. Kerrigan presided at the meeting of the Home Association following the post meeting. It was voted to allow the Travel Council use of the ballroom for a meeting Tuesday, February 26.

Patrick McDermitt, entertainment chairman, reported all dance ordered for Saturday evenings in the future instead of the present alternating plan of Friday and Saturday nights. Roderick Montgomery was elected a director of the Home Association to fill the unexpired term of John H. Palmer.

It was voted to sponsor a carnival next summer on the area adjacent to the post home and a committee on arrangements will be named at the next meeting.
James Rowe, quartermaster, and president of the Gettysburg High School Band Boosters Club, thanked the post for the buffet supper and reception last week for the directors and their wives who were here for the district high school band festival.

OPPOSE LEGALIZED GAMBLING

HARRISBURG (AP)—The Pennsylvania Council of Churches renewed its opposition today to "legalization of gambling in any form."
The Rev. O. B. Poulson, executive secretary of the council's Division of Social Relations, predicted defeat at the present session of the Legislature of what he termed "gambling measures."

Hopewell, South Penn's Top Scorer, Leads Waynesboro 5 Here Friday; Prelim At 6:45

Russ Hopewell, the South Penn League's top scorer, and his Waynesboro High School basketball squad invade Gettysburg Friday evening for a league encounter with the Gettysburg High Warriors.

Hopewell, a 6'4" center who also excels in rebounding, has tallied 254 points in 11 league games for a 23-point average per game. His points have come on 91 goals and 72 free tosses.

The Warriors will have to stop the Waynesboro ace if they are to gain victory. During the first half play Waynesboro trounced the locals 61-49.

In the preliminary game the Warriors reserves will also seek revenge for a 57-42 setback at Waynesboro. The first game starts at 6:45.

Rounding out the league action Friday will be Hershey at Hanover, Middletown at Carlisle, and Chambersburg at Mechanicsburg.

Jr. Hi At Waynesboro
All six members of the South Penn Junior High circuit are scheduled for game Friday as follows: Gettysburg at Waynesboro, Hanover at Shippensburg, and Washington Township at Chambersburg.

Biglerville, Littlestown and Boiling Springs are favored to win their Adams County League games Friday night to remain in the tight battle for league honors, now held by Boiling Springs.

League-leading Biglerville entertains Big Spring, York Springs is at Boiling Springs, and Fairfield at Littlestown. Trailing Biglerville by a game are Littlestown and Boiling Springs who are knotted for second place. New Oxford plays at East Berlin in the other game.

Regular season play concludes next Tuesday evening, with these games: Biglerville at Littlestown, East Berlin at Boiling Springs, Big Spring at Fairfield, and New Oxford at York Springs.

Girls' Title Game
The championship of the Adams County Girls' League will be decided in the Fairfield-Littlestown preliminary. Both teams are unbeaten with 4-0 league records. A girls' preliminary will also be played at Biglerville. Action in the girls' circuit concludes with Friday's program.

Delone Catholic, 9-8 for the season and 1-2 in the second half race of the Central Penn Catholic League, travels to Shamokin for a league game with St. Edwards Friday night.

Tonight the Biglerville High wrestlers face an important Section 2 District 3 engagement at Shippensburg.

Tom Faulkner's Cannons have a 5-1-1 season record and 4-1-1 section mark and must triumph this evening if they hope to catch unbeaten Mechanicsburg.

Following tonight's meet the Cannons round out their schedule with two home meets, Carlisle on February 21, and Mechanicsburg on February 25.

PLAYOFFS NEAR END; BEGIN TO SHOW PRESSURE

HARRISBURG (AP) — The final weeks before district playoffs are completed March 20 have begun to show their pressure on Pennsylvania's schoolboy basketball teams.

But the season's big powers are still comfortably out in front. Meadville, defending Dist. 10 champion already assured of a repeat, scored a 72-58 win over Erie Tech today after 43 straight league victories. Meadville goes against Franklin tomorrow.

Allentown, one of the state's unbeaten and leader in the East Penn of Dist. 11, headed for a playoff against Palmerton, state runnerup and defending district titlist.

Allentown romped past Hazleton 43-58, while Palmerton defeated Lehigh, 71-50, in the Lehigh Valley League. Palmerton takes on Catasauque and Allentown meets Central Catholic tomorrow.

A repeat state championship game would put Palmerton against Farrell. But the Allentown club and Sharon, which has already beaten Farrell once in Dist. 7's Section III, are giving the speculators something to think about.

Hummed Along
Both Sharon and Farrell hummed along Tuesday. Sharon dumping Hickory, 60-40, and Farrell taking Ambridge, 71-46. Sharon is at New Castle tomorrow and Farrell plays Beaver Falls.

At this point, one of these teams is the probably 1956-57 state champion:

Dist. 1—Yeadon.	
Dist. 2—Scranton Central.	
Dist. 3—Reading.	
Dist. 4—Coal Twp.	
Dist. 5—Somerset.	
Dist. 6—Johnstown.	
Dist. 7—Sharon or Farrell.	
Dist. 8—Bradford.	
Dist. 9—Meadville.	
Dist. 11—Palmerton or Allentown.	

Cole Gives Bowling Champ Stiff Battle

Bernie Cole, Gettysburg, rolled a 204 to give Bill Lillard, first man to win three ABC bowling championships in a year, his closest game when Lillard gave a bowling exhibition at Becker's Alley, near Camp Hill, Wednesday afternoon and evening.

Lillard, who averaged 216.6 for six games, turned in a score of 206 in his final game against Cole. Five other opponents were handily defeated.

In the afternoon Lillard rolled 195-232-200, and in the evening 213-255-206.

The new pool mark was set by Fred Freibott, Delaware, who won the 60-yard freestyle in 30.2 seconds to smash the old mark of 30.7.

The Bullets will be idle until Saturday, February 23, when they host Franklin and Marshall, and Dickinson, in a triangular meet. The scheduled meet with Temple this Saturday was cancelled at the request of the Owls.

County Champ Plays
The Class B playoffs for schools in the 250-500 bracket, was set up for ten teams. In the first round, Warwick of Lancaster Section 2 will meet the Adams County Champ at York Central and Porter-Tower of the Upper Dauphin will face Kutztown at Lebanon High. Both sites are tentative and the games will be played on March 6.

Camp Hill, Lower Susquehanna Conference Section 2 champ, will meet the Warwick-Adams County winner in one of the quarter final games. The York County champ will meet the Perry-Juniata representative, Newport, at Camp Hill in the other upper bracket semi-final.

In the lower bracket, the Lebanon County titlist will take on the Porter-Tower versus Kutztown winner while the Lower Susquehanna Conference Section 1 champion, Susquehanna or Susquehanna, will meet Columbia, Lancaster County Section 1 champ. These games are tentatively scheduled for the Hershey Sports Arena on March 9. Semi-finals will be held on March 12 or 13 and the finals on March 15 or 16.

Seven In Class C
Seven teams will play in the Class C tourney, which is for schools of under 250 enrollment. Highspire of the Lower Susquehanna drew a first round bye. Other pairings with tentative sites: Scotland, Franklin County champ, against the Perry-Juniata League representative at Big Spring; East Lampeter, Lancaster County League, versus Wyoming, Berks West, at Ephrata, and Upper Dauphin representative Lykens against Fleetwood, of Berks East, at Lebanon.

Semi-finals will be on March 11 and finals on March 14. Highspire faces the Lykens-Fleetwood winner, tentatively at Lebanon Valley College. The other two winners meet at Susquehanna, tentatively.

Three Teams In Tourney Battle
JOHNSTOWN, Pa. (AP) — Three teams are engaged in a down-to-the-wire battle for championship honors in the Pennsylvania State Teachers Colleges Basketball Conference.

Tied for first place are undefeated Indiana and once-beaten Millersville. Each has 225 points awarded under a system that considers caliber of opposition.

Close behind with 213 points is West Chester with a 3-1 conference record. Indiana (6-0) has two more conference games left while Millersville (8-1) has three and West Chester has four.

HONG KONG (AP) — Twenty more bodies were found today in the blackened ruins of a four-story block of tenements in Kowloon, boosting Wednesday's fire death toll to 51. Seven persons still were missing.

Similar notification is expected to be made later to the NATO Council in Paris.

TEST YOUR BASEBALL KNOW-HOW... YOU'RE THE MANAGER

(Fifteenth of a series)

By BEN OLAN

The Cincinnati Redlegs used their power most often in winning 91 games in 1956. They equaled the major league record by hitting 221 home runs.

But in some instances, Manager Birdie Tebbetts used the steal, the sacrifice and the hit-and-run to good advantage.

What is your managerial rating? Test yourself on the following situation which led to a Cincinnati victory over the New York Giants in mid-season.

(Key: (R) right-handed; (L) left-handed.)

The Giants and Redlegs are tied 3-3 in the last of the 11th at Cincinnati. Joe Margoneri (L) is on the mound for New York. Ted Kuszewski opens with a single and moves to second when right fielder Don Mueller fumbles the ball for an error. Frank Robinson walks. Smoky Burgess grounds out, the runners advancing one base each. At this point Steve Ridzik (R) replaces Margoneri. Rocky Bridges (R) is the next batter with Alex Grammas (R) and pitcher Hershel Free-

man (R) scheduled to follow.

Would you:
a. Have Bridges try a squeeze bunt?
b. Let Bridges swing away?
c. Put in a pinch-hitter for Bridges?

Result: B — Bridges bats and swings away, lining a single to left field, scoring Kuszewski. It was Rocky's first hit of the season. Redlegs win 4-3 (July 15).

BULLETS PIN TEMPLE 18-16 FOR 3RD WIN

Gettysburg College's wrestlers pulled their record to 3-3 by edging winless Temple here Wednesday evening 18-16. It was the sixth straight loss for the Owls.

The Bullets were aided substantially for a forfeit in the 130-pound event.

Two falls were gained by Gettysburg. Barry Kunkel, 137, recorded his fastest fall by pinning George Barber in 2:56 of the first period. "Skip" Lewis, 147, registered the other Bullet fall by tossing Don Resnick in 54 seconds of the second period.

Jerry Harrell, 177, won his match for Gettysburg on a 7-2 decision over John Greggredrio.

Next Tuesday the Bullets meet Elizabethtown College at Elizabethtown.

The summaries:
123-pound — Art McCall, Temple, pinned Jack Ribble in 1:16 of the second period (body press).
130 — Bob Walmsley, Gettysburg, won on forfeit.

137 — Barry Kunkel, Gettysburg, pinned George Barber in 2:56 of the first period (half - nelson and crotch).
147 — Skip Lewis, Gettysburg, pinned Don Resnick in 0:54 of the second period (half - nelson and crotch).

157 — Jerry Scanlon, Temple, decided Paul Nomas, 8-1.
167 — Bob Cornely, Temple, decided Andy Leh, 7-2.
177 — Jerry Harrell, Gettysburg, decided John Greggredrio, 7-2.

Heavyweight — Paul Kulinski, Temple, pinned Barkley Boyd in 2:29 of the second period (body press and reverse half-nelson).

BUD SMITH IS OUTCLASSSED BY CHAMPION JOE

By JACK HAND
MIAMI BEACH, Fla. (AP) — If Joe Brown really wants to be a "fighting champion," the woods are full of lightweights yapping at his heels.

One contender, Wallace (Bud) Smith, was scratched permanently from the 135-pound sweepstakes after last night's dreary effort against Brown in their Miami Beach Auditorium rematch.

Completely outclassed, the slugish ex-champ was sliced up and stopped in 11th-round technical knockout victim.

Begged To Stop It
Things got so tough for Smith that his handler, Adolph Ritacco, begged Dr. Alexander Robbins of the Miami Beach City Commission to stop it. The doctor obliged by halting operations between the 10th and 11th. Under Miami Beach rules, it went as an 11th-round TKO.

Hopewell, South Penn's Top Scorer, Leads Waynesboro 5 Here Friday; Prelim At 6:45

Russ Hopewell, the South Penn League's top scorer, and his Waynesboro High School basketball squad invade Gettysburg Friday evening for a league encounter with the Gettysburg High Warriors.

Hopewell, a 6'4" center who also excels in rebounding, has tallied 254 points in 11 league games for a 23-point average per game. His points have come on 91 goals and 72 free tosses.

The Warriors will have to stop the Waynesboro ace if they are to gain victory. During the first half play Waynesboro trounced the locals 61-49.

In the preliminary game the Warriors reserves will also seek revenge for a 57-42 setback at Waynesboro. The first game starts at 6:45.

Rounding out the league action Friday will be Hershey at Hanover, Middletown at Carlisle, and Chambersburg at Mechanicsburg.

Jr. Hi At Waynesboro

All six members of the South Penn Junior High circuit are scheduled for game Friday as follows: Gettysburg at Waynesboro, Hanover at Shippensburg, and Washington Township at Chambersburg.

Biglerville, Littlestown and Boiling Springs are favored to win their Adams County League games Friday night to remain in the tight battle for league honors, now held by Boiling Springs.

League-leading Biglerville enters Big Spring, York Springs is at Boiling Springs, and Fairfield at Littlestown. Trailing Biglerville by a game are Littlestown and Boiling Springs who are knotted for second place. New Oxford plays at East Berlin in the other game.

Regular season play concludes next Tuesday evening with these games: Biglerville at Littlestown, East Berlin at Boiling Springs, Big Spring at Fairfield, and New Oxford at York Springs.

Girls' Title Game

The championship of the Adams County Girls' League will be decided in the Fairfield-Littlestown preliminary. Both teams are unbeaten with 4-0 league records. A girls' preliminary will also be played at Biglerville. Action in the girls' circuit concludes with Friday's program.

Delone Catholic, 9-8 for the season and 1-2 in the second half race of the Central Penn Catholic League, travels to Shamokin for a league game with St. Edwards Friday night.

Tonight the Biglerville High wrestlers face an important Section 2 District 3 engagement at Shippensburg.

Tom Faulkner's Cannons have a 5-1-1 season record and 4-1-1 section mark and must triumph this evening if they hope to catch unbeaten Mechanicsburg.

Following tonight's meet the Cannons round out their schedule with two home meets, Carlisle on February 21, and Mechanicsburg on February 25.

PLAYOFFS NEAR END; BEGIN TO SHOW PRESSURE

HARRISBURG — The final weeks before district playoffs are completed March 20 have begun to show their pressure on Pennsylvania's schoolboy basketball teams.

But the season's big powers are still comfortably in front. Meadville, defending Dist. 10 champion already assured of a repeat, scored a 72-58 win over Erie Tech today after 43 straight league victories. Meadville goes against Franklin tomorrow.

Allentown, one of the state's unbeaten and leader in the East Penn. Dist. 11, headed for a playoff against Palmerton, state runnerup and defending district titlist.

Allentown romped past Hazleton 83-58, while Palmerton defeated Lehigh, 71-50, in the Lehigh Valley League. Palmerton takes on Catasauqua and Allentown meets Central Catholic tomorrow.

A repeat state championship game would put Palmerton against Farrell. But the Allentown club and Sharon, which has already beaten Farrell once in Dist. 7's Section III, are giving the speculators something to think about.

Hummed Along

Both Sharon and Farrell hummed along Tuesday. Sharon dumping Hickory, 60-40, and Farrell taking Ambridge, 71-46. Sharon is at New Castle tomorrow and Farrell plays Beaver Falls.

At this point, one of these teams is the probably 1956-57 state champion:

Dist. 1—Yeadong.	Dist. 6—Johnstown.
Dist. 2—Scranton Central.	Dist. 7—Sharon or Farrell.
Dist. 3—Reading.	Dist. 8—Bradford.
Dist. 4—Coal Twp.	Dist. 9—Meadville.
Dist. 5—Somerset.	Dist. 10—Meadville.
Dist. 6—Johnstown.	Dist. 11—Palmerton or Allentown.

Cage Tourney To Be Held In Hershey

HARRISBURG — The Dist. 3 basketball committee of the PIAA has set March 19 at the Hershey Sports Arena for the district championship. Its playoff schedule puts the South Penn champion directly into the Class A finals.

Gov. Mifflin of the Berks County Western Division and the South and Central Penn champions were certified for the Class A tournament.

Boyetown also can compete for the Class A title if it wins the Berks County Western title. Boyetown would meet Gov. Mifflin at Albright the week of March 4 and the winner would meet the Central Penn champion March 15.

CHAMBERLAIN, FORTE WALLACE CLOSE TO TIE

By PETE PEDERSEN
The Associated Press

Is there a statistician in the house? If so, please report to college basketball's individual scoring department. On the double — and bring your decimal points!

Assignment: Determine how far one mathematical point can stretch in separating these front-runners for the national scoring title: Chet Forte of Columbia, Will Chamberlain of Kansas and Grady Wallace of South Carolina. As of this reading, 27-100ths of one point cover the trio, who have been exchanging the lead with bewildering rapidity.

45 For Forte

Forte forged past Chamberlain last night with 45 points in Columbia's 93-75 Ivy League victory over Penn. He brought his average to 30.7 points per game. Tomorrow night Wallace gets his chance to improve on a 29.90 mark when South Carolina hosts Virginia.

Saturday night, Forte and his Lions visit Dartmouth, while Chamberlain takes his 29.93 average along as the Jayhawks invade Missouri.

While Forte was enjoying the best night of his college career, North Carolina, the nation's top-ranked team, belied dire predictions by whipping Wake Forest 72-69 for its 20th consecutive victory. Bradley, ranked fifth in the weekly Associated Press poll, topped 20th-rated St. Louis 76-70 to tie Wichita for the Missouri Valley Conference lead.

Louisville Triumphs
Louisville, No. 8, trampled Marquette 99-79. Dartmouth clung to third place in the Ivy title race by overwhelming Brown 67-42; Furman fought to a 99-97 overtime victory over Richmond in the Southern Conference; Harvard set a Crimson single-game scoring record in routing Boston College 101-86; and Seton Hall upset 14th-ranked Canisius 102-87.

But the night's limelight belonged to Forte, the 5-foot-9 crew cut who hopes to enter medical school after finishing at Columbia this year. Chet hit the magic number needed to pass Chamberlain — 41 — with 4:50 remaining.

In breaking his own Columbia individual scoring record for the second time this season, the Hackensack, N.J., swiftly used every trick in his book, including the two-hand set shot after a feint, a wrong-foot jump shot, and an unerring eye at the free-throw line. Forte hit 19 of 21 free throws in addition to 13 field goals in harrying the Penn defense.

In some other college action, West Chester tripped Hofstra 90-74, Navy stopped Franklin & Marshall 72-66, Rutgers outdistanced Lehigh 69-63, Fordham went into overtime to nip Villanova 69-68 and Penn State downed Bucknell 59-56.

PLEBES WALLOP FROSH CAGERS

Gettysburg College's freshman cagers were completely outclassed by the Navy Plebes as they bowed 89-44 at Annapolis Wednesday afternoon.

The yearlings, who are now 7-6, meet Bucknell here Saturday evening at 6:45 as a preliminary to the varsity-Bison game.

Cole Gives Bowling Champ Stiff Battle

Bernie Cole, Gettysburg, rolled a 204 to give Bill Lillard, first man to win three ABC bowling championships in a year, his closest game when Lillard gave a bowling exhibition at Becker's Alleys, near Camp Hill, Wednesday afternoon and evening.

Lillard, who averaged 216.6 for six games, turned in a score of 206 in his final game against Cole. Five other opponents were handily defeated.

In the afternoon Lillard rolled 195-232-200, and in the evening 213-255-206.

SP CAGE CHAMP GOES DIRECTLY TO DIST. FINAL

The District 3 committee Wednesday set up a Class A playoff schedule that sends the South Penn champion directly into the finals for the large school title.

The Class A tourney, for schools with more than 500 enrollment, will include at least three teams, possibly four. Boyetown of the Western Division can make the playoffs by defeating Fleetwood on Friday night. If so, Boyetown will meet Gov. Mifflin, Berks East champ, at Albright during the week of March 4 in the first game of the Class A playoffs.

The winner of this game (or Gov. Mifflin, if Boyetown does not qualify) faces the Central Penn Champion on March 15. If Reading, the first half champ, takes the Central Penn title this game will be played at the Hershey Sports Arena.

The championship game will pit the South Penn titlist against the winner of that game on March 19 at the Sports Arena.

County Champ Plays

The Class B playoffs, for schools in the 250-500 bracket, was set up for ten teams. In the first round, Warwick of Lancaster Section 2 will meet the Adams County champ at York Central and Porter-Tower of the Upper Dauphin will face Kutztown at Lebanon High. Both sides are tentative and the games will be played on March 6.

Camp Hill, Lower Susquehanna Conference Section 2 champ, will meet the Warwick-Adams County winner in one of the quarter final games. The York County champ will meet the Perry-Juniata representative, Newport, at Camp Hill in the other upper bracket semifinal.

In the lower bracket, the Lebanon County titlist will take on the Porter-Tower versus Kutztown winner while the Lower Susquehanna Conference Section 1 champion, Susquehanna or Susquehanna, will meet Columbia, Lancaster County Section 1 champ. These games are tentatively scheduled for the Hershey Sports Arena on March 9. Semi-finals will be held on March 12 or 13 and the finals on March 15 or 16.

Seven In Class C

Seven teams will play in the Class C tourney, which is for schools of under 250 enrollment. Highspire of the Lower Susquehanna drew a first round bye. Other pairings with tentative sites: Scotland, Franklin County champ, against the Perry-Juniata League representative at Big Spring; East Lampeter, Lancaster County League, versus Wyomissing, Berks West, at Ephrata, and Upper Dauphin representative Lykens against Fleetwood, of Berks East, at Lebanon.

Semi-finals will be on March 11 and finals on March 14. Highspire faces the Lykens-Fleetwood winner, tentatively at Lebanon Valley College. The other two winners meet at Susquehanna, tentatively.

Three Teams In Tourney Battle

JOHNSTOWN, Pa. — Three teams are engaged in a down-to-the-wire battle for championship honors in the Pennsylvania State Teachers Colleges Basketball Conference.

Tied for first place are undefeated Indiana and once-beaten Millersville. Each has 225 points awarded under a system that considers caliber of opposition.

Close behind with 213 points is West Chester with a 3-1 conference record. Indiana (6-0) has two more conference games left while Millersville (8-1) has three and West Chester has four.

HONG KONG — Twenty more bodies were found today in the blackened ruins of a four-story block of tenements in Kowloon, boosting Wednesday's fire death toll to 51. Seven persons still were missing.

TEST YOUR BASEBALL KNOW-HOW YOU'RE THE MANAGER (Fifteenth of a series)

By BEN OLAN

The Cincinnati Redlegs used their power most often winning 91 games in 1956. They equaled the major league record by hitting 221 home runs.

But in some instances, Manager Birdie Tebbets used the steal, the sacrifice and the hit-and-run to good advantage.

What is your managerial rating? Test yourself on the following situation which led to a Cincinnati victory over the New York Giants in mid-season.

(Key: (R) right-handed; (L) left-handed)

The Giants and Redlegs are tied 3-3 in the last of the 11th at Cincinnati. Joe Margoneri (L) is on the mound for New York. Ted Kluszewski opens with a single and moves to second when right fielder Don Mueller fumbles the ball for an error. Frank Robinson walks. Smoky Burgess, grounds out, the runners advancing one base each. At this point Steve Ridzik (R) replaces Margoneri. Rocky Bridges (R) is the next batter with Alex Grammas (R) and pitcher Hershel Free-

man (R) scheduled to follow. Would you:

a. Have Bridges try a squeeze bunt?
b. Let Bridges swing away?
c. Put in a pinch-hitter for Bridges?

Result: B — Bridges bats and swings away, lining a single to left field, scoring Kluszewski. It was Rocky's first hit of the season. Redlegs win 4-3 (July 15).

BULLETS PIN TEMPLE 18-16 FOR 3RD WIN

Gettysburg College's wrestlers pulled their record to 3-3 by edging winless Temple here Wednesday evening 18-16. It was the sixth straight loss for the Owls.

The Bullets were aided substantially by a forfeit in the 130-pound event.

Two falls were gained by Gettysburg. Barry Kunkel, 137, recorded his fastest fall by pinning George Barber in 2:56 of the first period. "Skip" Lewis, 147, registered the Bullets' first fall by tossing Don Resnick in 54 seconds of the second period.

Jerry Harrell, 177, won his match for Gettysburg on a 7-2 decision over John Gregregorio.

Next Tuesday the Bullets meet Elizabethtown College at Elizabethtown.

The summaries:
123-pound — Art McCall, Temple, pinned Jack Ribble in 1:16 of the second period (body press).
130 — Bob Wainsley, Gettysburg, won on forfeit.

137 — Barry Kunkel, Gettysburg, pinned George Barber in 2:56 of the first period (half - nelson and croch).
147 — Skip Lewis, Gettysburg, pinned Don Resnick in 0:54 of the second period (half - nelson and croch).

157 — Jerry Scanlon, Temple, decided Paul Nonas, 8-1.
167 — Bob Cornely, Temple, decided Andy Leh, 7-2.
177 — Jerry Harrell, Gettysburg, decided John Gregregorio, 7-2.

Heavyweight — Paul Kulinski, Temple, pinned Barkley Boyd in 2:29 of the second period (body press and reverse half-nelson).

SURVEY BLIND SERIES

HARRISBURG — Secretary of Welfare Harry Shapiro has ordered a statewide survey of services to the blind.

The survey is to be conducted by the Institute of Local and State Government of the University of Pennsylvania.

124 NEW LICENSES

HARRISBURG — The State Liquor Control Board reported yesterday it had issued 124 new retail licenses in 1956, bringing the total retail licenses in the state to 22,043.

Notre Dame is Michigan State's oldest basketball rival. They first met in 1908 and have played 73 times.

LITTLE WILLIE RIDES 5 TODAY

MIAMI, Fla. — Winsom Willie Hartack bestrides five more mounts today at Hialeah and if he doesn't widen his gap as leading rider of the meeting, it will be a real upset.

Little Willie — top jockey in the nation in 1956 — has ridden four winners in each of the last two days. His total for the first 24 days of the Hialeah meet is 31 wins. He had six mounts yesterday. He now has eleven more wins than his nearest rival, Steve Brooks.

Hartack and Amoret, a Calumet Farm entry, proved the winning combination in the \$24,750 Columbiana Handicap yesterday.

Hartack also booted home Go Between in the first race, Cohansey in the second and Model Jeep in the ninth. He took show position aboard Deck Cherry in the fifth and placed with Bomb Boo in the eighth.

His top payoff was the \$9.70 win on Model Jeep. Amoret, who won over Hasty House Farm's Queen Hopeful by a neck, returned \$7.00. Go Between paid \$6.60 and Cohansey \$5.10.

TWENTY YEARS AGO
Admitted To County Bar: Richard A. Brown, Fairfield road, was admitted to practice before the Adams county bar at a regular session of the county court this morning.

His admission was moved by J. Donald Swope, Esq., and the oath was administered by Judge W. C. Sheely after a favorable report had been received from the county board of law examiners. The report was signed by John D. Keith, Esq.

The young attorney will practice law in the county courts and will be located in the office of J. Donald Swope, Esq.

Inter-faculty Club Banquets: The members of the Inter-faculty club held their annual banquet at the girls' dormitory with their wives as special guests. Dr. Charles H. Huber, president of the club, acted as toastmaster. Speakers were Dr. A. R. Wentz and Dr. Thomas L. Cline. Professor Johnson was chairman of the committee in charge of arrangements.

C. Of C. Elects Officers: Three officers and seven directors were elected at a meeting of the Gettysburg Chamber of Commerce Wednesday evening in the fire engine house. C. A. Bixler presided with twenty members in attendance.

The officers and directors elected follow: Vice president, George W. Taylor; secretary, Fred Pfeiffer; treasurer, Isaac Bucher, and directors, N. B. Schurman, Stewart Moyer, A. E. Hutchison, Radford Lippy, C. Ross Shuman, Edgar Deardorff and Moses E. Bair. It was decided to set the fourth Monday of each month as the meeting date for the Chamber. A membership fee of \$10 was chosen and December 31 was elected as the end of the fiscal year for Chamber activities.

There are 50 members enrolled in the chamber at present.

Davis Attacks Plan To Retire Justices At 70: Abraham Lincoln's "faith in democracy" is the need of the nation today, if it is to cope with the problems of governmental competition in business and industry; the influx of foreign labor to these shores, and the proposed changes in the judiciary, declared James J. Davis, senior United States Senator from Pennsylvania at a public meeting in the court house Friday evening commemorating the birthday anniversary of the Civil War president. The meeting was sponsored by the Republican club of the county.

The Rev. Dr. N. B. S. Thomas gave the invocation. Miss Helen Shields, ten-year-old daughter of William I. Shields, county treasurer, recited Lincoln's Gettysburg address. Franklin R. Bigham, who presided at the meeting, introduced Senator Davis.

The meeting ended with the Rev. B. P. S. Bussey pronouncing benediction. About 250 persons attended the meeting.

Kadel Resigns Position With Water Company: John Kadel, West Middle street, has resigned as foreman for the Gettysburg Water company to accept a position with a business machine manufacturing company. He is now studying at Endicott, New York.

Kadel's position with the water company is to be filled by Raymond Spahr, Ridge Avenue, who has been operator of the filter plant for the water company. George Bushman, Chambersburg Street, will be Spahr's successor.

Crowds Attend Anniversary Sale At Minter's: Gettysburgians and Adams Countyans jam-packed Minter's store Friday and Saturday during the anniversary sale. More than 1,700 people entered the grocery on Saturday.

Mrs. Daniel Wolfe, Carlisle street, won a large basket for the door prize.

Rotary, Lions To Hear Lawyer: At weekly meetings of Gettysburg's two service clubs, announcement was made Monday evening of plans for a joint session next Monday evening at the Eagle hotel. Mrs. Mary T. Denham, attorney-

Today's Talk

ROADS
The automobile is one of mankind's greatest blessings. Henry Ford led the way with a car that almost every family could then afford. All this stimulated the building of good roads, and now cars are getting to be luxuries and billions of dollars are being spent for the latest and best roads possible.

Both automobiles and good roads are an investment. The out-of-doors is nature's medicine. The latest car models are so colorful and inviting that America is beginning to get acquainted with itself! When I travel these latest roads and note the beauty of their construction winding through valleys, climbing the mountains, skirting towns and cities, it is all amazing roads take us places in the greatest of comfort.

Our minds are stimulated as never before. We live in the midst of blessings. It is true that we never had it so good — nor as expensive, if we were to put a commercial rating on our comfort and happiness, but thank God there are human values that top all others.

There are roads to knowledge, to the creating of great art, and to the objectives that are forever being revealed in the sciences. People live longer today and they have more for which to be thankful. Our success and happiness, however, must depend upon our willingness to share with others. We must find a road to their understanding, their dreams, and their joy in life.

There are roads to the greatest minds of all time. There are roads — not yet constructed — to mysteries and wonders, many of them deep in the earth — never traveled. Roads must have happy destinations, so if that mind of yours is chaotic simplify matters by creating good roads to great thoughts and constructive ideas.

Just Folks

THE LONELY MAN

The lonely man would smile to see
The usual stack of monthly bills;
Though overdue they'd grown to be.
They would not seem the worst of ills.
And he would like to find once more
Some merchant's boy outside the door.

Time was he thought she spent too much.
But now he wants her back to spend;
And now it seems to grieve him much
Her shopping trips have reached the end.
He knows, and tells it with a sigh,
A new hat would be nice to buy.

He knew the merchants of the town
Who sold her bonnets for her brow,
A simple dress or party gown,
But he does little shopping now.
To friends who share his loneliness
He says he'd like to buy a dress.
Time was he'd bitterly complain
About the cost of things she wore.
But he would like those wiles again
That monthly came from every store.
But all those bills have had to stop;
She is no longer here to shop.

DOG TRIALS AT HUNTERSTOWN THIS WEEKEND

The York Pointer and Setter Club will hold its annual spring trials on the farm of Charles D. Baird, Hunterstown, Saturday and Sunday.

Headquarters for the trials will be the Lincoln Logs Hotel, four miles east of here, where drawings will take place Friday evening at 8 o'clock. Entries are expected to come from nine states.

Stake events will be as follows: Saturday, open puppy and open derby; Sunday, members' amateur shooting dog and open shooting dog. Puppy and derby stakes will be judged as potential shooting dogs. Starting time each morning will be 7:30 o'clock. The trials will be run on native and liberated dogs.

Judges will be Ben Jones, Bridgeville, and M. H. Simmons, Milroy. Anyone interested in entering a dog should get in touch with Ernest C. Minck, Dover R. 1, telephone Dover 4456, before Friday evening's drawings.

An invitation is extended the public to attend.

BILL COMPELS POLIO SHOTS

HARRISBURG (AP)—Speaker W. Stuart Helm reported today House Republicans will introduce a bill requiring anti-polio immunization of all school children at state cost. "We can't leave it to chance," Helm declared. "If we save but one child from the anguish and suffering of polio then our efforts will not have been in vain."

Helm said the measure would be introduced by Reps. Marian E. Markley (R-Northampton) and James J. Jump (R-Luzerne). It has the support of Dr. Jonas Salk, who developed the vaccine, Helm said.

The proposed legislation would require persons in charge of "any public, private, parochial, or other school, to refuse to permit any child attending school to continue to attend after Sept. 1, 1957, except upon certificate signed by a has been immunized against polio. The Department of Health would be required to make available "at the cost of the commonwealth" enough vaccine to carry out the program.

Helm did not estimate the cost of the program.

JORDAN ENDS BRITISH PACT

AMMAN (AP)—Jordanians celebrated today the end of their 1948 treaty of alliance with Britain. They danced in the streets, and the chief of the Cabinet, Bahjat Talhouni, hailed the event as "a blessed step toward Jordan's full liberty and sovereignty." Syrian President Shukri Kuwailid telephoned congratulations to King Hussein.

A communique, issued last night by Jordan and British officials, announced agreement to terminate the alliance by March 1, if possible, "and in any case not later than April 1."

The announcement said British forces would be withdrawn from Jordan not later than six months after the exchange of official documents terminating the treaty.

"BE MY VALENTINE"

Upon this day I send to you... a portion of my heart... and with these words of tenderness I aim Dan Cupid's dart... I send you kisses fond and true... the kind that never fade... the warm and blissful magic kind... of which sweet dreams are made... I flavor these with faithfulness... because I'm yours alone... and I am thankful beyond words... you are my very own... my wish is that your life will be... aglow with happiness... and with this wish I send to you... a rapturous caress... not just today, but every day... all this goes out to you... what more is left for me to say... to prove my love is true... except to make just one request... I hope you won't decline... my darling, please accept my gifts... and be my valentine.

The annual report of equipment foreman Rufus Reaver was presented and a discussion was held on equipment needed. The fire chiefs were asked to submit recommendations for new equipment at next month's meeting.

Two applications for membership were received and turned over to the investigating committee. The applications will be acted upon at the March meeting.

Assistant Fire Chief Donald Staub was named as the officer responsible for the dispensing machine at the engine house. Firemen who may be authorized to make purchases from time to time were asked to sign charge slips to permit the treasurer to check the bills before submitting them to vote of the department.

Named to the duty roster for March were William Swisher, Julius Swope, Kenneth Tawney, George Tate, Robert Toomey and William G. Weaver.

HEADS DRIVE TO ERASE POLIO

PITTSBURGH (AP)—Dr. Merle Bundy, 39, of Pittsburgh, today accepted the job of heading Allegheny County's all-out campaign to wipe out polio.

Said Dr. Bundy: "I'm flabbergasted to be selected for this job, and I'm somewhat embarrassed because I haven't had my own polio shots as yet. But this now is my first order of business."

Dr. Bundy is the chief medical officer at the Pittsburgh Works of Jones & Laughlin Steel Corp. He will assume the polio post next week on loan from the steel company.

A native of Salem, Ind., Dr. Bundy once studied under Dr. Jonas Salk, developer of the anti-polio vaccine. He formerly was employed by the Pittsburgh Health Dept.

The polio program, launched by the Allegheny County Medical Society, is designed to have every resident in the county inoculated against polio—especially those under age 40.

FINDS ICE STAR IN HIS TROUPE

HERSHEY, Pa. (AP)—A man searched the world for a star he had in his own back yard. John H. Harris, producer of Ice Capades, opening at Hershey Sports Arena tonight, was in that position last year.

Harris visited the Winter Olympic Games at Cortina, Italy, and the World Championships at Gar-

ton, England, to find a star he had in his own back yard. John H. Harris, producer of Ice Capades, opening at Hershey Sports Arena tonight, was in that position last year.

Turnpike Commission Gets Report On Toll Revisions

HARRISBURG (AP)—The reorganized Pennsylvania Turnpike Commission today had a detailed report on toll revisions recommended by its consulting engineer.

The report was presented and discussed at an executive session yesterday but the commission declined to make public its contents.

"We have no intention or inclination to withhold information," said Dr. Merritt A. Williamson who was elected vice chairman at the regular commission meeting. "We would like to see if there is anything in it that we might like to inform the governor of first before making it public."

He promised he would disclose "what should be made public" at the "earliest possible minute."

The report was drafted by Michael Baker Inc., of Rochester, Pa. The commission asked for the survey last year.

Lawler Plans Study

Highways Secretary Joseph J. Lawler said he "wants a chance to look over the report first" before it is made public.

Asked if the report would be presented officially, and discussed at the Feb. 26 meeting, Williamson said he could not be sure. Baker has not formally transmitted the half-inch thick printed report to the commission.

Baker said that after the report is studied by the commissioners he expects automobile clubs and trucking associations to be called in for conferences concerning the

recommendations.

"Ultimately it will be made public," he said.

Rescinds New Rates

The proposed rate revisions are the first since last May when the commission adopted new schedules for trucks and automobiles three days before they were to be effective. Upon order of the governor, the new rates were rescinded.

Last summer, after a special survey, the Baker firm suggested a realignment of tolls that would decrease truck rates and increase car charges.

Other action:

Lehigh Tunnel — An engineering review of the job said that it may be possible to open the tunnel to traffic by April 1 without full use of the ventilating system.

Fire Companies — The commission reaffirmed its refusal to accept a proposed uniform contract for all volunteer fire companies hired to give fire protection along the superhighway.

Want Fag Tax For Flood Control

HARRISBURG (AP)—A 66-million-dollar special fund for flood control and water supply projects would be established by keeping the cigarette tax at five cents a pack under a bill in the House today.

Reps. Francis W. Buchin (D-Brennan) (D-Bucks) sponsored the measure independent of Republican plans to continue the levy at five cents but place the money in the general fund.

The 1955 Legislature increased the cigarette tax from four to five cents a package and earmarked the revenue from the extra cent for flood relief. The extra cent will expire automatically June 1 unless the lawmakers take action to keep it in effect.

Each cent of the cigarette tax yields about 11 million dollars a year. The Buchin-Brennan measure would permit the added tax to expire May 31, 1963—long enough time to create a 66-million-dollar fund.

Both the Republican leadership and Gov. Leader favor keeping the extra cent tax but want the revenue to go with other general tax funds.

STEEL UNION LEADER LEADS IN BALLOTING

PITTSBURGH (AP)—President David J. McDonald of the United Steelworkers held a slightly better than 2-1 advantage over his millworker opponent today on the basis of unofficial election returns from 567 of some 2,700 USW locals in the United States and Canada.

Unofficial returns gave McDonald 112,933 votes to 49,024 for Donald C. Rarick, of nearby McKeesport, who has led a movement protesting a recent \$2 monthly dues hike.

Rarick picked up a large part of his strength in Pittsburgh and other sections of Pennsylvania. McDonald was running strong in other areas, especially Chicago.

Although McDonald seemed headed toward re-election to his \$50,000-a-year job, a spokesman said the 54-year-old union chief was not claiming election.

Does Not Concede

And Rarick, a 37-year-old, \$6,500-a-year worker at the Irvin works of U. S. Steel Corp., said he isn't conceding.

The election was held Tuesday. Final results do not have to be announced until May 1.

Some 1,200,000 members were eligible to vote. Balloting was reported well above the 50 per cent mark of the 1953 election.

This is the first time in the 20-year-history of the USW that a president had been opposed. Rarick was a comparative unknown until he formed a dues protest committee after the USW convention last fall.

The convention, in addition to increasing monthly dues from \$3 to \$5, boosted McDonald's salary from \$40,000 to \$50,000 annually. The salaries of other officers were also increased.

Vice President Howard Hague had no opposition but the slate headed by Rarick included William Klus of Milwaukee, who sought to wrest the office of secretary-treasurer from the incumbent, I. W. Abel of Pittsburgh. Unofficial returns have not included this contest.

DARLING, PA., IS BUSY TODAY

DARLING, Pa. (AP)—Tucked away in the Delaware County folds of the southeastern tip of Pennsylvania, this hamlet of maybe 50 people normally is a quiet, serene world away from headlines.

But when Valentine Day comes around, Darling falls into the focus of boundless romantic attention along with other U.S. heart-throb places such as Loveland, Valentine Kissamee, Paradise and Coy.

For years thousands of sweet talkers have sent their Feb. 14 mail to this deadline in order that their letters and Valentines might bear a suitably sentimental postmark. GIs the world over have received greetings sent out from here.

The residents of Darling are quite matter-of-fact the rest of the year. They become soft-hearted and a bit moonstruck today, however, especially when they see cer-

31 Chinese Perish In Pre-dawn Fire

HONG KONG (AP)—At least 31 Chinese died Wednesday in a pre-dawn fire that swept a four-story block of tenements in Kowloon, mainland sector of Hong Kong.

It was the most serious fire in the British crown colony's recent history.

Ten persons were hospitalized. Seven were treated for minor burns.

More than 100 persons were registered as refugees from the fire, but it was believed many more had been made homeless.

REDS HANG THREE

BUDAPEST (AP)—Hungary's Communist regime Wednesday announced three more hangings and two more death sentences of men who fought in the anti-Russian revolt.

A 15-year-old girl in Budapest was sentenced to one year in prison for "moral support" in the alleged killing of a man believed to have given information to the Russians about the freedom fighters. A young man tried with her was sentenced to five years for hiding arms.

Fourteen Patients Die As Fire Sweeps Rest Home In Iowa

COUNCIL BLUFFS, Iowa (AP)—Fire that "all of a sudden" enveloped a three-story rest home killed 14 patients yesterday.

Thirteen other patients and employees needed hospital treatment, with one patient listed today as in critical condition.

All together 17 patients, 10 employees and three children of the home manager, Kenneth Patin, were carried from the blazing building, hobbled out on crutches, sped their wheel chairs onto the hilltop lawn of the 71-year-old structure or raced out on foot.

Many of the 13 found dead in the tangled mass of debris died in their beds. The 14th victim died in a hospital.

Firemen who answered the alarm within four or five minutes after it was sounded told in trembling voices of seeing one woman kneeling in prayer in her bed as flames swirled over her.

Firemen could find no survivor who could immediately tell them what started the fire. Today fire officials dug through masses of debris in a search for the cause.

License Was Suspended

The home—in which one person died in a 1942 blaze—was operating under license suspension.

Iowa State Health Commissioner Edmund C. Zimmerman said the license of Mrs. Ivy Lee Gilmore had not been renewed after an inspection Jan. 30. Zimmerman said that following the inspection he

withheld renewal "pending certain corrections at the home." He did not specify what corrections had been ordered.

But the Council Bluffs public service director said he and a Health Department inspector looked over the home last month and it met requirements for fire safety. He said an automatic fire detection system was recently installed.

Spread Swiftly

Fire Chief Waldo Merrill described the flames as sweeping the building all of a sudden. Violet Hedrick, an employee, said she sprang up from her lunch table at the sharp cry of "fire" and ran to the ladies room where she saw curtains ablaze.

"The next thing it looked like the whole place was on fire," she related.

Secretary of the Treasury and Mrs. George Humphrey's estate at Thomasville, Ga., is called "Milestone Plantation" after the milestone they placed at its gate on their 20th wedding anniversary.

GRAVE DOUBTS NOW ON DULLES PLAN FOR ISRAEL AND MID - EAST

By JOHN M. HIGHTOWER

WASHINGTON (AP)—Bitter Egyptian criticism cast grave doubt today on the success of the Dulles plan for persuading Israel to withdraw its forces from Egyptian territory.

The question now was whether Israel would accept the proposal without firm U. S. assurance that its interests in the Gaza Strip and the Gulf of Aqaba would be backed up by more than words.

Israel postponed a decision, expected yesterday, to ask for further information on details it considered vague.

Another Denial

The plan which Secretary of State Dulles presented to Ambassador Abba Eban of Israel Monday offered a United States declaration in favor of navigation through the gulf and of United Nations security measures for the Gaza Strip if Israel would pull its troops out of both those areas.

Dulles' proposition was based in part on his belief, reportedly stated to Eban, that Egypt would go along with free access of all ships, including Israel's, to the gulf and that the U. N. could be expected to prevent future Egyptian attacks on Israel from the Gaza Strip.

No Guarantees

Last night in Cairo Egyptian spokesmen struck out at the United States offer although they did not flatly reject it. The State Department had no immediate reaction and there was no indication that it would upset the offer as far as the United States was concerned. There was immediate speculation in informed quarters, however, as to whether it would not seriously affect Israel's reaction.

The Israelis have made clear over several weeks that before they withdraw their troops they want "guarantees" that their shipping will be able to operate through the gulf and that they will no longer be subjected to raids from Gaza.

Neither Egypt nor the United Nations would give any guarantees, on the ground that Israel should not be rewarded for getting its troops out when the U. N. had repeatedly demanded that they be withdrawn. Dulles' offer followed as a compromise effort to end the deadlock.

The Egyptian attacks on the Dulles offer centered on the charge that "countries which support Israeli demands" are trying to give Israel "a political victory as a result of armed attack."

Will Stock Streams With Larger Trout

HARRISBURG (AP)—The Pennsylvania Fish Commission will stock state streams with "fewer but slightly larger" trout this season starting March 1.

Dewey Sorenson, hatchery superintendent, said yesterday that 2,407,410 trout would be put into the streams. He said total weight would equal that of 1956, although 2,821,702 were placed then.

The trout will include 93,000 from West Virginia and New York State hatcheries to help replace fish killed by poison at the Bellefonte Hatchery.

The stocking program a year ago began in early February.

Clark's First Bill Is Signed By Ike

WASHINGTON (AP)—Sen. Clark (D-Pa.) has had his first bill signed into law.

The measure, signed by the President yesterday after being passed by Congress, increases the lending authority of the Small Business Administration by an additional 80 million dollars for the fiscal year ending June 30.

Clark, who is chairman of the Senate's Small Business subcommittee which held hearings on the bill, had campaigned on a promise of additional aid to small business.

It requires twenty volumes to publish the entire Bible in Braille.

WILL CONDUCT SYMPOSIUM ON LAY APOSTOLATE

The Rev. William Driscoll, S.J., province director, Jesuit Seminary Guild, Maryland Province, will be guest speaker at a symposium on the lay apostolate movement to be sponsored by the members of the Blessed Clet Mission Unit of Saint Joseph College, Emmitsburg, at 7:30 p.m. on February 20. Other speakers will include Sister Mary John, C.S.J., a faculty member of the English department of Regis College, Weston, Mass. and founder of the lay apostolate movement at Regis six years ago and Miss Carole Bocaskey, an alumna of Regis who has been a lay apostle in Santa Fe, N. M.

Rev. Fr. Driscoll, a member of the Jesuit Mission Bureau, Maryland Province, for the Jamshedpur Mission in India, will speak on the needs of the church for missionaries both at home and abroad. Sister Mary John will describe the lay apostolate movement in operation at Regis and will stress the opportunities for the lay apostle who has just graduated from a small college. Miss Bocaskey will speak of her experiences as a lay apostle in New Mexico.

NUN WILL SPEAK IN BALTIMORE

Sister Bernadette Armiger, M.S.N.E., assistant professor of nursing at Saint Joseph College, Emmitsburg, will be the guest speaker at a meeting of the Committee on Diploma and Associate Degree Programs of the Maryland League for Nursing which will be held in the nurses' residence of the Union Memorial Hospital, Baltimore, on February 20 from 10:30 a.m. to 4 p.m.

Sister Bernadette's topic will be "Planning for and Carrying Out a Successful Program of Clinical Teaching." Another member on the panel is Mrs. Dorothy Vande Giff, Union Memorial Hospital, who will discuss "Overall Planning of the Curriculum as It Affects Clinical Teaching."

During the afternoon five faculty members of various Maryland schools of nursing will participate in a symposium in which they will tell what their various schools are currently doing in clinical teaching. This will be the first of a series of programs which this committee of the Maryland League for Nursing is planning.

Elected Chief Of Taneytown Firemen

Wilbur Miller Jr. was elected fire chief of the Taneytown Fire Company Monday evening at a meeting in the Taneytown Fire Hall. Others elected were: Secretary, Robert Boone; county delegates, Charles Baker, Wilbur Miller Jr., David Smeak, Stanley King and George Kiser; alternates, Thurston Putman, David Hiltbrich, Thomas Morrison, Norville Welty and Donald Clingan. They will attend the county convention to be held at Pleasant Valley, Md.

Delegates named for the state convention at Ocean City, Md., were as follows: David Hiltbrich, Raymond Feiser, Rhuearon Putman, Birnie Staley and Stanley King. Alternates are Meredith Gross, Richard Miller, Thomas Smith, Donald Clingan and Maurice Parish.

During January the company answered four fire alarms and answered eight ambulance calls, it was reported by the chief. Plans

seph's, will address the students on the lay apostolate work done by several SJC alumnae and will present to them plans and opportunities open to those interested in this work. Miss Frances Shaw, Washington, D. C., senior, will serve as student coordinator of the evening symposium. President of the Saint Joseph College Blessed Clet Unit is Miss Elizabeth Kirwan, Pottsville, Pa.

Earlier in the day an exhibit relative to the lay apostolate movement will be displayed in the college smoker, and a jasmine tea, planned for 4 p.m., will provide an informal social hour for SJCiennes and their Mission Day guests

TELLS PARENTS OF THEIR DUTIES ON EDUCATION

Dr. John J. Dillon, head of the English Department at Mount St. Mary's College, Emmitsburg, explained "The Part Parents Should Take in the Education of Their Children" at the tenth anniversary meeting of the St. Joseph's High School PTA Tuesday evening.

"Parents should make sure that their children are doing their homework," he said. "You, as parents, are doing wrong by allowing your child to do 'C' and 'D' work, when his capabilities can allow him to do better in school." On the other hand, Dr. Dillon pointed out that "an injustice is being done to a student when his parents expect too much of him and set a goal which is impossible for him to achieve. When a student does make 'C' and 'D' grades and is not capable of doing better you must be satisfied and should not constantly nag him on to higher goals impossible for him to obtain."

Take Interest In Problems

Dr. Dillon told the parents to "sit down with your children and take an interest in his problems, as small as they may seem to you. Don't let your responsibilities as parents fall back into the laps of the teachers in school."

"Parents should guide and 'not dictate' their children into a career suited to the child's interest and abilities and help them in their course of study to follow in order to pursue this career."

Dr. Dillon stressed that "it is important for your children to feel that you are interested in them, their work and their problems."

The business meeting was conducted by Shafer Bailey, vice president, in the absence of Mrs. Harry Scott, president.

A covered dish supper was held in the cafeteria following the meeting.

family, Gettysburg Rd., were Mr. and Mrs. James Hughes and daughter, Patricia, of Baltimore.

Mr. and Mrs. R. M. Palmer and family, Silver Spring, Md., were recent visitors of Mrs. Palmer's mother, Mrs. John Palmer, at the home of Mrs. David Martin.

A Heart Fund drive is being sponsored in Emmitsburg and vicinity by the Francis X. Elder Post of the American Legion during the month of February. A dance will be held Friday, March 8, at the Legion Home for the benefit of the Heart Fund.

A "pig roast" will be held Saturday, February 16, beginning at 7 o'clock in the American Legion Home.

SECURE TALENT FOR CLUB SHOW

Prof. Bernard J. Eckenrode and Ralph McDonnell reported at the Lions Club meeting Monday evening in the Lutheran parish house that they have succeeded in securing "talent" for the annual Lions' Talent Show to be held Friday evening, February 22, at 8 o'clock in the Emmitsburg High School auditorium. The show is being sponsored for the benefit of the Community Welfare Fund. A large number of tickets have been sold, it was announced.

Zone Chairman Russell Marsh, from Union Bridge, Md., and Nils Kvaloy, of Oslo, Norway, were guests at the meeting.

A committee was appointed to take a census of Emmitsburg in regard to a new sewage disposal plant in the community. The group, which will secure a complete census of the citizens of Emmitsburg, includes: C. G. Frailey, Charles Fuss, Ralph Ireland, John Hollinger, Cloyd Seiss, Ralph McDonnell and J. Ward Kerrigan.

The 22 members present unanimously agreed to send a letter to the Frederick County school board and to the superintendent of schools, James A. Sensenbaugh, in regard to the consolidation of the Emmitsburg Senior High School with Thurmont. The Lions Club will express their desire to keep the high school in Emmitsburg.

Those from the Francis X. Elder Post of the American Legion attending the Western Maryland district meeting of the American Legion held in Frederick, Md., on Sunday were: Curtis Topper, Edgar Wastler, William Rodgers, Robert Myers, Andrew Shorb and Charles Harner.

WILL CONDUCT SYMPOSIUM ON LAY APOSTOLATE

The Rev. William Driscoll, S.J., province director, Jesuit Missionary Guild, Maryland Province, will be guest speaker at a symposium on the lay apostolate movement to be sponsored by the members of the Blessed Clet Mission Unit of Saint Joseph College, Emmitsburg, at 7:30 p.m. on February 20. Other speakers will include Sister Mary John, C.S.J., a faculty member of the English department of Regis College, Weston, Mass., and founder of the lay apostolate movement at Regis six years ago, and Miss Carole Bocaskey, an alumna of Regis who has been a lay apostle in Sante Fe, N. M.

Rev. Fr. Driscoll, a member of the Jesuit Mission Bureau, Maryland Province, for the Jamshedpur Mission in India, will speak on the needs of the church for missionaries both at home and abroad. Sister Mary John will describe the lay apostolate movement in operation at Regis and will stress the opportunities for the lay apostle who has just graduated from a small college. Miss Bocaskey will speak of her experiences as a lay apostle in New Mexico.

NUN WILL SPEAK IN BALTIMORE

Sister Bernadette Armiger, M.S.N.E., assistant professor of nursing at Saint Joseph College, Emmitsburg, will be the guest speaker at a meeting of the Committee on Diploma and Associate Degree Programs of the Maryland League for Nursing which will be held in the nurses' residence of the Union Memorial Hospital, Baltimore, on February 20 from 10:30 a.m. to 4 p.m.

Sister Bernadette's topic will be "Planning for and Carrying Out a Successful Program of Clinical Teaching." Another member on the panel is Mrs. Dorothy Vande Grift, Union Memorial Hospital, who will discuss "Overall Planning of the Curriculum as It Affects Clinical Teaching."

During the afternoon five faculty members of various Maryland schools of nursing will participate in a symposium in which they will tell what their various schools are currently doing in clinical teaching. This will be the first of a series of programs which this committee of the Maryland League for Nursing is planning.

Elected Chief Of Taneytown Firemen

Wilbur Miller Jr. was elected fire chief of the Taneytown Fire Company Monday evening at a meeting in the Taneytown Fire Hall. Others elected were: Secretary, Robert Blythe; county delegates, Charles Baker, Wilbur Miller Jr., David Smeak, Stanley King and George Kiser; alternates, Thurston Putman, David Hiltbricker, Thomas Morrison, Norville Welty and Donald Clingan. They will attend the county convention to be held at Pleasant Valley, Md.

Delegates named for the state convention at Ocean City, Md., were as follows: David Hiltbricker, Raymond Feiser, Rhuearon Putman, Birnie Staley and Stanley King. Alternates are Meredith Gross, Richard Miller, Thomas Smith, Donald Clingan and Maurice Parish.

During January the company answered four fire alarms and answered eight ambulance calls, it was reported by the chief. Plans

seph's, will address the students on the lay apostolate work done by several SJC alumnae and will present to them plans and opportunities open to those interested in this work. Miss Frances Shaw, Washington, D. C., senior, will serve as student coordinator of the evening symposium. President of the Saint Joseph College Blessed Clet Unit is Miss Elizabeth Kirwan, Pottsville, Pa.

Earlier in the day an exhibit relative to the lay apostolate movement will be displayed in the college smoker, and a jasmine tea, planned for 4 p.m., will provide an informal social hour for SJCiennes and their Mission Day guests.

Pvt. John Springer spent the weekend with his parents, Mr. and Mrs. Glen Springer and family, Taneytown Rd. Pvt. Springer, who completed his basic training last week at Ft. Benning, Ga., has been assigned to the Army Chemical Center in Rockville, Md.

Thirty-one members and guests of the United Lutheran Church Women of Elias Evangelical Lutheran Church met Tuesday evening in the parish house for a covered dish supper.

A sound film was shown by Rev. Philip Bowers on missionary work being done in New Guinea. Mrs. Hazel Callwell led devotions. The group recited the 23rd Psalm in unison.

Mr. Philip Bower, president, reported on the thankofferings and suggested that a special thank-offering be received quarterly instead of annually.

The Vigilant Hose Company of Emmitsburg voted at a meeting Tuesday evening to buy an additional two-way radio for the service and rescue truck. The Civil Defense committee will pay 50 percent of the cost and the Vigilant Hose Company will pay for additional costs.

Two new applicants presented for membership were Jerry Joy and Richard Sprinkle.

Herbert Rogers presided. About 35 members were present.

Emanuel Kump, Emmitsburg; John Boyer, John Keller and Clarence Shindedecker, all of Gettysburg, returned home Tuesday after spending three weeks in Florida.

Recent visitors at the home of Mr. and Mrs. Charles Harner and

were made to hold a supper March 9. The group will meet again March 10 at 7:45 p.m.

TELLS PARENTS OF THEIR DUTIES ON EDUCATION

Dr. John J. Dillon, head of the English Department at Mount St. Mary's College, Emmitsburg, explained "The Part Parents Should Take in the Education of Their Children" at the tenth anniversary meeting of the St. Joseph's High School PTA Tuesday evening.

"Parents should make sure that their children are doing their homework," he said. "You, as parents, are doing wrong by allowing your child to do 'C' and 'D' work, when his capabilities can allow him to do better in school." On the other hand, Dr. Dillon pointed out that "an injustice is being done to a student when his parents expect too much of him and set a goal which is impossible for him to achieve. When a student does make 'C' and 'D' grades and is not capable of doing better you must be satisfied and should not constantly nag him on to higher goals impossible for him to obtain."

Take Interest In Problems

Dr. Dillon told the parents to "sit down with your children and take an interest in his problems, as small as they may seem to you. Don't let your responsibilities as parents fall back into the laps of the teachers in school."

"Parents should guide and 'not dictate' their children into a career suited to the child's interest and abilities and help them in their course of study to follow in order to pursue this career."

Dr. Dillon stressed that "it is important for your children to feel that you are interested in them, their work and their problems."

The business meeting was conducted by Shafer Bailey, vice president, in the absence of Mrs. Harry Scott, president.

A covered dish supper was held in the cafeteria following the meeting.

family, Gettysburg Rd., were Mr. and Mrs. James Hughes and daughter, Patricia, of Baltimore.

Mr. and Mrs. R. M. Palmer and family, Silver Spring, Md., were recent visitors of Mrs. Palmer's mother, Mrs. John Palmer, at the home of Mrs. David Martin.

A Heart Fund drive is being sponsored in Emmitsburg and vicinity by the Francis X. Elder Post of the American Legion during the month of February. A dance will be held Friday, March 8, at the Legion Home for the benefit of the Heart Fund.

A "pig roast" will be held Saturday, February 16, beginning at 7 o'clock in the American Legion Home. Miss Ima Martin has returned to her home after spending two months with her aunt, Mrs. J. D. Miller, in Little Rock, Ark.

SECURE TALENT FOR CLUB SHOW

Prof. Bernard J. Eckenrode and Ralph McDonnell reported at the Lions Club meeting Monday evening in the Lutheran parish house that they have succeeded in securing "talent" for the annual Lions' Talent Show to be held Friday evening, February 22, at 8 o'clock in the Emmitsburg High School auditorium. The show is being sponsored for the benefit of the Community Welfare Fund. A large number of tickets have been sold, it was announced.

Zone Chairman Russell Marsh, from Union Bridge, Md., and Nils Kvalnes, of Oslo, Norway, were guests at the meeting.

A committee was appointed to take a census of Emmitsburg in regard to a new sewage disposal plant in the community. The group, which will secure a complete census of the citizens of Emmitsburg, includes: C. G. Frailey, Charles Fuss, Ralph Ireland, John Hollinger, Cloyd Seiss, Ralph McDonnell and J. Ward Kerrigan.

The 22 members present unanimously agreed to send a letter to the Frederick County school board and to the superintendent of schools, James A. Sensesbaugh, in regard to the consolidation of the Emmitsburg Senior High School with Thurmont. The Lions Club will express their desire to keep the high school in Emmitsburg.

Those from the Francis X. Elder Post of the American Legion attending the Western Maryland district meeting of the American Legion held in Frederick, Md., on Sunday were: Curtis Topper, Edgar Wastler, William Rodgers, Robert Myers, Andrew Shorb and Charles Harner.

Delightful filling for a layer cake: add chopped raisins and rum flavoring to a fluffy white or confectioners' sugar frosting.

Turnpike Commission Gets Report On Toll Revisions

HARRISBURG (AP)—The reorganized Pennsylvania Turnpike Commission today had a detailed report on toll revisions recommended by its consulting engineer.

The report was presented and discussed at an executive session yesterday but the commission declined to make public its contents.

"We have no intention of inclination to withhold information," said Dr. Merritt A. Williamson who was elected vice chairman at the regular commission meeting. "We would like to see if there is anything in it that we might like to inform the governor of first before making it public."

He promised he would disclose "what should be made public" at the "earliest possible minute."

The report was drafted by Michael Baker Inc., of Rochester, Pa. The commission asked for the survey last year.

Lawler Plans Study

Highways Secretary Joseph J. Lawler said he "wants a chance to look over the report first" before it is made public.

Asked if the report would be presented officially, and discussed at the Feb. 26 meeting, Williamson said he could not be sure. Baker has not formally transmitted the half-inch thick printed report to the commission.

Baker said that after the report is studied by the commissioners he expects automobile clubs and trucking associations to be called in for conferences concerning the recommendations.

Rescinds New Rates

The proposed rate revisions are the first since last May when the commission adopted new schedules for trucks and automobiles three days before they were to be effective. Upon order of the governor, the new rates were rescinded.

Last summer, after a special survey, the Baker firm suggested a realignment of tolls that would decrease truck rates and increase car charges.

Other action:

Lehigh Tunnel:—An engineering review of the job said that it may be possible to open the tunnel to traffic by April 1 without full use of the ventilating system.

Fire Companies:—The commission reaffirmed its refusal to accept a proposed uniform contract for all volunteer fire companies hired to give fire protection along the superhighway.

Want Fag Tax For Flood Control

HARRISBURG (AP)—A 66-million-dollar special fund for flood control and water supply projects would be established by keeping the cigarette tax at five cents a pack under a bill in the House today.

Reps. Francis W. Bucchin (D-Brennan (D-Bucks) sponsored the measure independent of Republican plans to continue the levy at five cents but place the money in the general fund.

The 1955 Legislature increased the cigarette tax from four to five cents a package and earmarked the revenue from the extra cent for flood relief. The extra cent will expire automatically June 1 unless the lawmakers take action to keep it in effect.

Each cent of the cigarette tax yields about 11 million dollars a year. The Bucchin-Brennan measure would permit the added tax to expire May 31, 1963—long enough time to create a 66-million-dollar fund.

Both the Republican leadership and Gov. Leader favor keeping the extra cent tax but want the revenue to go with other general tax funds.

STEEL UNION LEADER LEADS IN BALLOTING

PITTSBURGH (AP)—President David J. McDonald of the United Steelworkers held a slightly better than 2-1 advantage over his millworker opponent today on the basis of unofficial election returns from 567 of some 2,700 USW locals in the United States and Canada.

Unofficial returns gave McDonald 112,933 votes to 49,024 for Donald C. Rarick, of nearby McKeesport, who has led a movement protesting a recent \$2 monthly dues hike.

Rarick picked up a large part of his strength in Pittsburgh and other sections of Pennsylvania. McDonald was running strong in other areas, especially Chicago.

Although McDonald seemed headed toward re-election to his \$50,000-a-year job, a spokesman said the 54-year-old union chief was not claiming election.

Does Not Concede

And Rarick, a 37-year-old, \$6,500-a-year worker at the Irvin works of U. S. Steel Corp., said he isn't conceding.

The election was held Tuesday. Final results do not have to be announced until May 1.

Some 1,200,000 members were eligible to vote. Balloting was reported well above the 50 per cent mark of the 1953 election.

This is the first time in the 20-year-history of the USW that a president had been opposed. Rarick was a comparative unknown until he formed a dues protest committee after the USW convention last fall.

The convention, in addition to increasing monthly dues from \$3 to \$5, boosted McDonald's salary from \$40,000 to \$50,000 annually. The salaries of other officers were also increased.

Vice President Howard Hague had no opposition but the slate headed by Rarick included William Klus of Milwaukee, who sought to wrest the office of secretary-treasurer from the incumbent, I. W. Abel of Pittsburgh. Unofficial returns have not included this contest.

Will Stock Streams With Larger Trout

HARRISBURG (AP)—The Pennsylvania Fish Commission will stock state streams with "fewer but slightly larger" trout this season starting March 1.

Dewey Sorenson, hatchery superintendent, said yesterday that 2,407,410 trout would be put into the streams. He said total weight would equal that of 1956, although 2,821,702 were placed then.

The trout will include 93,000 from West Virginia and New York State hatcheries to help replace fish killed by poison at the Bellefonte Hatchery.

The stocking program a year ago began in early February.

DARLING, PA., IS BUSY TODAY

DARLING, Pa. (AP)—Tucked away in the Delaware County folds of the southeastern tip of Pennsylvania, this hamlet of maybe 50 people normally is a quiet, serene world away from headlines.

But when Valentine Day comes around, Darling falls into the focus of boundless romantic attention along with other U.S. heart-throb places such as Loveland, Valentine Kissamee, Paradise and Coy.

For years thousands of sweet talkers have sent their Feb. 14 mail to this date line in order that their letters and Valentines might bear a suitably sentimental postmark. GIs the world over have received greetings sent out from here.

The residents of Darling are quite matter-of-fact the rest of the year. They become soft-hearted and a bit moonstruck today, however, especially when they see cer-

31 Chinese Perish In Pre-dawn Fire

HONG KONG (AP)—At least 31 Chinese died Wednesday in a pre-dawn fire that swept a four-story block of tenements in Kowloon, mainland sector of Hong Kong.

It was the most serious fire in the British crown colony's recent history.

Ten persons were hospitalized. Seven were treated for minor burns.

More than 100 persons were registered as refugees from the fire, but it was believed many more had been made homeless.

REDS HANG THREE

BUDAPEST (AP)—Hungary's Communist regime Wednesday announced three more hangings and two more death sentences of men who fought in the anti-Russian revolt.

A 15-year-old girl in Budapest slain devoted couples who travel to Darling year after year for an extra Valentine Day thrill.

Fourteen Patients Die As Fire Sweeps Rest Home In Iowa

COUNCIL BLUFFS, Iowa (AP)—Fire that "all of a sudden" enveloped a three-story rest home killed 14 patients yesterday.

Thirteen other patients and employees needed hospital treatment, with one patient listed today as in critical condition.

All together 17 patients, 10 employees and three children of the home manager, Kenneth Patin, were carried from the blazing building, hobbled out on crutches, sped their wheel chairs onto the hilltop lawn of the 71-year-old structure or raced out on foot.

Many of the 13 found dead in the tangled mass of debris died in their beds. The 14th victim died in a hospital.

Firemen who answered the alarm within four or five minutes after it was sounded told in trembling voices of seeing one woman kneeling in prayer in her bed as flames swirled over her.

Firemen could find no survivor who could immediately tell them what started the fire. Today fire officials dug through masses of debris in a search for the cause.

License Was Suspended

The home—in which one person died in a 1942 blaze—was operating under license suspension.

Iowa State Health Commissioner Edmund C. Zimmerman said the license of Mrs. Ivy Lee Gilmore had not been renewed after an inspection Jan. 30. Zimmerman said that following the inspection he

withheld renewal "pending certain corrections at the home." He did not specify what corrections had been ordered.

But the Council Bluffs public service director said he and a Health Department inspector looked over the home last month and it met requirements for fire safety. He said an automatic fire detection system was recently installed.

Spread Swiftly

Fire Chief Waldo Merrill described the flames as sweeping the building all of a sudden. Violet Hedrick, an employee, said she sprang up from her lunch table at the sharp cry of "fire" and ran to the ladies room where she saw curtains ablaze.

"The next thing it looked like the whole place was on fire," she related.

Secretary of the Treasury and Mrs. George Humphrey's estate at Thomasville, Ga., is called "Milestone Plantation" after the milestone they placed at its gate on their 20th wedding anniversary.

GRAVE DOUBTS NOW ON DULLES PLAN FOR ISRAEL AND MID - EAST

By JOHN M. HIGHTOWER

WASHINGTON (AP)—Bitter Egyptian criticism cast grave doubt today on the success of the Dulles plan for persuading Israel to withdraw its forces from Egyptian territory.

The question now was whether Israel would accept the proposal without firm U. S. assurance that its interests in the Gaza Strip and the Gulf of Aqaba would be backed up by more than words.

Israel postponed a decision, expected yesterday, to ask for further information on details it considered vague.

Another Denial

The plan which Secretary of State Dulles presented to Ambassador Abba Eban of Israel Monday offered a United States declaration in favor of navigation through the gulf and of United Nations security measures for the Gaza Strip if Israel would pull its troops out of both those areas.

Dulles' proposition was based in part on his belief, reportedly stated to Eban, that Egypt would go along with free access of all ships, including Israel's, to the gulf and that the U. N. could be expected to prevent future Egyptian attacks on Israel from the Gaza Strip.

The State Department denied last night another report—that Dulles' assurances to Eban had included Egyptian approval of Israel's use of the gulf for shipping. The report said Egypt had given that information to U. N. officials. Dulles made no such statement, the department said.

No Guarantees

Last night in Cairo Egyptian spokesmen struck out at the United States offer although they did not flatly reject it. The State Department had no immediate reaction and there was no indication that it would upset the offer as far as the United States was concerned. There was immediate speculation in informed quarters, however, as to whether it would not seriously affect Israel's reaction.

The Israelis have made clear over several weeks that before they withdraw their troops they want "guarantees" that their shipping will be able to operate through the gulf and that they will no longer be subjected to raids from Gaza.

Neither Egypt nor the United Nations would give any guarantees, on the ground that Israel should not be rewarded for getting its troops out when the U. N. had repeatedly demanded that they be withdrawn. Dulles' offer followed as a compromise effort to end the deadlock.

The Egyptian attacks on the Dulles offer centered on the charge that "countries which support Israeli demands" are trying to give Israel "a political victory as a result of armed attack."

By ELSIE BAMESBERGER

Why do you choose cereals? Because they're chock full of energy for all. When served with milk, they are an important source of protein. They can supply about 1/2 of the amount needed in the required diet. They are highly efficient for growth and repair of body tissue. If combined with eggs, milk or meat products, cereals are a good source of the B vitamins — thiamine, niacin, and riboflavin. They provide some essential minerals — iron and phosphorus. It pays to read the label to see what you're getting. Look for these terms:

Whole Grain — contains all nutrients of the whole, unprocessed grain.

Restored — the equivalent amounts of nutrients lost in processing have been put back in to bring product back to its whole-grain level.

Enriched — more vitamins and minerals beyond the whole grain level have been added.

Cereals have been with us a long time. Our first introduction was by way of the American Indian's cornmeal mush and milk. Later wheat and barley porridge and rice appeared on our tables. Today's grocer shelf is decked with a wide assortment of uncooked cereals. Whole grain cereals have only the outer husks removed. They are ground into meal or broken into bits and come in 2 types — the quick cooking and the longer cooking. More processing has taken place with the manufacturing and therefore requires less working time at home. Both are made from the same grains and have the same nutritional value.

Cost Of Cereal
Consider that you're faring well when you enjoy a bowl of cereal. Much handling takes place from the time the grains leave the farmer's field and reach your table. Seventy-eight cents of every cereal dollar goes for the processing and marketing. Even though processing and marketing costs of cereal grains are relatively high, a cereal serving on your table costs only a few pennies. This cost can be kept low because cereals are always plentiful and grains can be stored successfully to take care of the lean years.

How To Cook
Each flake or particle of cereal must be kept separated so it will cook through and not lump. To accomplish this, sprinkle the cereal on the surface of rapidly boiling water and stir with a fork. As the particles cook, water is absorbed and the cereal thickens. A well-cooked cereal should have a pleasing flavor, be free from lumps, and of such a consistency it will barely pour from the kettle.

As a guide use — one part flake cereal — 2 to 3 parts water; one part granular — 4 to 6 parts water; one and one-fourth teaspoons salt to each quart of water.

Hot Or Cold
Ready to eat or prepared cereals have been completely cooked in the factory. These are made from wheat, corn, rice, and oats. Usually these grains are cooked under steam pressure, dried, flaked, and toasted. For variety in shape, size, and flavor, the cereals makers have come up with all kinds of shreds, biscuits, flakes, bite-sized and puffed versions to give you variety in flavor and shape. All can be used to save time and add

variety to humdrum breakfast as well as other meals.

Prepared cereals aren't just for crunchy breakfast —

USE — shredded, wheat or corn cereals instead of toast for creamed eggs, creamed chicken, and Welsh rarebits.

USE — Cereal flakes — 1. crushed and used to coat croquette, cutlets, chicken, or fish. 2. for added texture in pancakes, muffins, waffles, or cookies.

USE — Crushed Cereal Flakes — instead of Graham crackers or cookie crumbs in a crumb pie crust. (4 cups cereal flakes for a nine-inch pie, or 3 cups for an 8 inch pie.)

USE — Cereal flakes for toppings for casserole dishes or coffee cakes.

USE — Small amounts of ready-to-eat cereals on bowls of cooked cereals to give a crisp topping and contrast.

"Nibble Bait"
1 1/2 cups bite-sized shredded wheat squares
1 1/2 cups bite-sized crisp rice squares
1 1/2 cups crisp doughnut shaped oat cereal
1 cup nuts
1/2 teaspoon salt
1 tablespoon Worcestershire sauce
1 teaspoon garlic salt
1 lb. butter
1 small box pretzel sticks
Heat in 250 degree oven for 30 minutes.

Some Found Facts
There's no price difference between the old-fashioned kind of oats and the instant or fast working oats for the same size package.
Most cereals are enriched with added amounts of thiamine, iron and niacin.
The average cost per serving of uncooked cereal is about 1 1/2 cents. Ready to eat cereals vary from 1 1/2 to 4 cents per serving.
The puffed and sugar coated or "high styled" individual variety packs generally come in the higher price range. Even so all are relatively low-priced. Keep in mind your personal preference for menu variety, convenience, and time-saving as well as cost when choosing cereals.

Cooked Cereal Treats
Quick and good toppings:
Brown, cinnamon, powdered or colored sugar
Honey, molasses, maple syrup, jam or jelly
Malted milk powder
A scoop of ice cream or whipped cream
Fresh canned fruits — any kind
Coconut
Peppermint candy
Stewed dried fruits

PROBERS FIND NO THIN DIMES
PHILADELPHIA (AP) — President Eisenhower's 16-member Assay Commission has completed its inspection of two United States mints without finding a single thin dime.

Instead, it found 216,655,100 dimes produced in 1956 were all just the right thickness, as well as 76,478,500 quarters and 4,030,000 half dollars.

Commission Chairman Charles A. Eaton, Jr., Newark, N.J., banker, announced the money was "O. K." Each of the coins must measure up to a certain weight standard and contain nine parts of silver to one part of alloy metal.

The mints at Philadelphia and Denver are inspected annually for their output of coins. Silver dollars haven't been minted since 1934, and pennies and nickels don't come under the Assay Commission's inspection because they don't contain silver.

ADVERTISE IN THE TIMES

PROBE OF U. S. CONTRACT IS "NOT CLOSED"

By G. MILTON KELLY

WASHINGTON (AP) — Sen. McClellan (D-Ark.) said today his subcommittee has not closed its investigation of big military contracts awarded to firms headed by relatives of Robert Tripp Ross, assistant secretary of defense.

The Senate Investigations subcommittee, which McClellan heads, questioned Ross for four hours yesterday behind closed doors. But it declined to disclose what he had said.

Ross who has denied any improper inquiry, refused to discuss the inquiry with newsmen or to tell them whether he plans to return to his job at the Pentagon. He has taken a leave of absence pending completion of the investigation.

Relatives Got Contracts
The subcommittee is exploring the circumstances under which contracts totaling millions of dollars have been awarded by the military services to firms headed by Ross' wife, Mrs. Claire Wynn Ross, and by her brother, H. D. Wynn of Knoxville, Tenn.

Mrs. Ross is president of Wynn Enterprises, Inc., of Knoxville, which obtained procurement contracts totaling about five million dollars in 1956. She and her brother are active in management of the Southern Athletic Co. of Knoxville.

Ross is a former official in both companies. But he has said he severed connections with them in 1952 after he was elected to the House from New York.

Probe 22 Contracts
The subcommittee said it is examining 22 contracts awarded in the past five years to Southern Athletic Co. These totaled about 20 million dollars. The group also said it was looking into some "substantial" contract awards to other Wynn firms.

McClellan said he would call another subcommittee meeting "within a very few days" to determine whether to pursue the inquiry further. He said his view is that there are some other witnesses we shall want to hear.

REVIVES CHURCH BUT IS JAILED

ELMDALE, Kan. (AP) — Calvin Laskey had revived the Elmdale Christian Church and more than tripled its membership in the nine months he was pastor, but today he's in jail.

The FBI said his record showed he'd been convicted 26 times on felony charges. Sheriff Francis Towle said Laskey himself acknowledged he had been in prison most of the past 20 years.

Elmdale is flabbergasted. "He was the best preacher we ever had," said Miss Carrie Wood, 88, and a lifelong resident of this little town (population 180) in the Flint Hills of southeast Kansas. "We got value received," said George Dawson, Elmdale banker and member of the church board. "He didn't take a cent from us. That's the surprising thing about it."

"I don't figure I'm out anything," said Tom Wells, farmer and insurance agent who loaned \$125 to the preacher. "I think he balanced the scales by all the good he did. It might be just a case of split personality, some kind of insanity. The man was very pious."

ASK FUND FOR PROBE
HARRISBURG (AP) — The Senate has been asked to approve appropriation of \$20,000 for the costs of an investigation of the State Pardons Board.

The measure was submitted yesterday by Reps. Philip Lopresti (D-Cambria) and Clarence D. Bell (R-Delaware). A House and Senate investigating committee is to meet Monday to name legal counsel and plan the investigation.

The word "meander," which means a winding, non-direct course, comes from the winding Menderes River in Turkey.

Anti-Reds Control Hungarian Town

BUDAPEST (AP) — Hungary's Communist regime admitted today that anti-Red rebels still control the town of Toemorkeny, nearly 3 1/2 months after the Russian army attacked Budapest to smash the October revolt.

The Communist party newspaper Nepszabadsag said: "The forces of counterrevolution (the Soviet name for the October rebels) are still holding their positions in the town of about 5,000 persons near the Yugoslav border."

There was no mention of any fighting, but the paper called on the authorities to "restore order."

SENATOR SAYS CONGRESS IS "LIKE A COW"

WASHINGTON (AP) — Congress is like a cow, Sen. Cotton (R-NH) said today. But the cow's digestive machinery, he hinted, sometimes works better.

Seeking in his weekly news letter to give his constituents a word picture of the task before the 85th Congress, Cotton came up with this "homely but apt illustration": "As a boy," he wrote, "I was amazed and impressed by a lecture on the internal mechanism of the dairy cow."

"Thereafter I regarded bossy with a new respect as a complex machine — a milk factory on legs. 'She has four stomachs — one true stomach, three for storage. In one day she can cram 150 pounds of wet grass into her compartments. Then she retires to a shady place, regurgitates it in small amounts, chews it thoughtfully and thoroughly, and digests it in her 'true stomach.'"

Now the comparison: "During the first days of the congressional session," Cotton said, "a vast amount of fodder is crammed down its gullet. During the weeks and months that follow it brings it up bit by bit to chew and digest."

"Six messages have come down from the White House and three more are on their way. The special Middle East message and the State of the Union message have laid down broad questions of policy."

"The budget message, in addition to appropriations which will require months to go over, contains nearly 100 specific legislative recommendations."

"The economic report calls for 37 new laws."

"The messages on immigration, school construction, small business, Taft-Hartley revisions, and veterans benefits will prove complicated and bristling with points of controversy."

Former Red Editor Has Heart Attack

NEWPORT, R. I. (AP) — Louis Budenz, 65, former editor of the Communist newspaper Daily Worker, was reported as "fairly comfortable" today, several hours after he suffered a heart attack.

Budenz was stricken last night just as he concluded the fourth in a series of 10 lectures on the "Techniques of Communism" sponsored by the Newport Alumni Club.

He was taken to Newport Hospital, where Dr. Charles Serbst reported his condition as critical. Dr. Serbst said the attack was "severe."

DECLARES U. S. CANNOT SEIZE OIL INDUSTRY

WASHINGTON (AP) — Secretary of the Interior Seaton said today the government has no authority to seize the oil industry or seek a voluntary agreement to hold down oil prices.

He added he is personally happy that a federal grand jury is reviewing the possibility of antitrust violations in the pricing field.

Seaton denied in testimony prepared for a joint hearing by the Senate Antitrust and Public Lands subcommittees that he ever told a subordinate not to answer questions of a congressional committee.

The joint committee is investigating the emergency program for oil for Europe instituted after closure of the Suez Canal, and the domestic price increases on gasoline and fuel oils which followed.

Supervise Supply
Interior's office of oil and gas is supervising the emergency supply program which is being carried out by a group of major oil companies with international connections operating under the name the Middle East Emergency Committee.

Antitrust rules have been relaxed for purposes of the overseas supply operation, to permit such things as pooling of transport and interchange of oil stocks.

Simultaneously with Seaton's testimony before the Senate group the House Commerce Committee, called its assistant secretary, Felix E. Wormser, for questioning about how effective the oil lift itself has been. Chairman Harris (D-Ark.) said he expected "clarifying statements" on that point, over which there has been some disagreement in the Senate inquiry.

Get Oil Quickly
Speaking of the emergency program, Seaton told the senators: "Under the circumstances the great, urgent, overriding problem, when the emergency struck, was this: To get as much oil to Europe as we could, and to get it there as fast as we could."

"The problem had to be solved with the resources at the government's command. I am aware of no existing law by which the government could seize the oil industry. The government had to rely on the existing voluntary agreement and on the provisions of the Defense Production Act of 1950, as amended."

SUSPEND G.S.A. BUILDING PLANS

WASHINGTON (AP) — The General Services Administration says that "when present inflationary pressures in the construction industry recede" the government will resume its lease-purchase program.

GSA yesterday announced suspension of the program, which contemplated construction of 97 post offices and federal buildings costing nearly 700 million dollars.

Under the lease — purchase plan, approved by Congress two years ago, the buildings would be erected by private firms or individuals, on federal specifications. The government then would pay the builder over a period of 10 to 25 years.

GSA Administrator Franklin G. Floete, announcing suspension of the program, said the action was in furtherance of President Eisenhower's efforts to battle inflation.

Two months ago, GSA received only six bids for financing and building of eight projects. These six bids were rejected in January. Floete said advertising of bids for various projects would be resumed, after inflationary pressures in the construction industry decline.

IMPORTANT MEDICAL REPORT ON ARTHRITIS AND RHEUMATISM SCIENCE FINDS NEW WAY TO BRING WARM "HEALING BLOOD" TO STIFF ACHING JOINTS

PAIN FIDES OUT AS NEW MEDICIN THERAPY HELPS HEALING BLOOD FLOW INTO PAIN AREAS
A brilliant medical discovery now available at leading drug stores means dramatic reduction in the pain of arthritis and rheumatism for thousands.
This scientific compound works its relief by attacking what leading medical experts believe is the real cause of the halting pain of arthritis and rheumatism — the "cut off" of free circulating healing blood from the areas of pain.
FIGHTS A BASIC CAUSE OF PAIN
When inflammation or spasm strikes your joints or muscles your nervous system warns the brain. The brain increases the flow of healing blood to the pain areas... but usually

the spasm and swelling block its free flow. This blockage causes a vicious cycle of increased spasm and swelling, more severe pain... increased blockage of blood.
The new medication, called Merican, "opens the door to healing blood" in the pain areas around your muscles and joints. As pain fades away, spasm and inflammation are reduced. Warm healing blood flows through the pain area more freely... soothes the pain. Muscles loosen — stiff joints swing more freely — and without any of the harmful effects so frequently noticed with the continued use of cortisone, aspirin and other salicylates.
MONEY BACK GUARANTEE
Try Merican today. Its relief is wonderful.

Why do you choose cereals? Because they're chock full of energy for all. When served with milk, they are an important source of protein. They can supply about 1/2 of the amount needed in the required diet. They are highly efficient for growth and repair of body tissue if combined with eggs, milk or meat products. Cereals are a good source of the B vitamins — thiamine, niacin, and riboflavin. They provide some essential minerals — iron and phosphorus. It pays to read the label to see what you're getting. Look for these terms:

Whole Grain — contains all nutrients of the whole, unprocessed grain.

Restored — the equivalent amounts of nutrients lost in processing have been put back in to bring product back to its whole-grain level.

Enriched — more vitamins and minerals beyond the whole grain level have been added.

Cereals have been with us a long time. Our first introduction was by way of the American Indian's cornmeal mush and milk. Later, wheat and barley porridge and rice appeared on our tables. Today's grocer shelf is decked with a wide assortment of uncooked cereals. Whole grain cereals have only the outer husks removed. They are ground into meal or broken into bits and come in 2 types — the quick cooking and the longer cooking. More processing has taken place with the manufacturing and therefore requires less working time at home. Both are made from the same grains and have the same nutritional value.

Cost Of Cereal
Consider that you're faring well when you enjoy a bowl of cereal. Much handling takes place from the time the grains leave the farmer's field and reach your table. Seventy-eight cents of every cereal dollar goes for the processing and marketing. Even though processing and marketing costs of cereal grains are relatively high, a cereal serving on your table costs only a few pennies. This cost can be kept low, because cereals are always plentiful and grains can be stored successfully to take care of the lean years.

How To Cook
Each flake or particle of cereal must be kept separated so it will cook through and not lump. To accomplish this, sprinkle the cereal on the surface of rapidly boiling water and stir with a fork. As the particles cook, water is absorbed and the cereal thickens. A well-cooked cereal should have a pleasing flavor, be free from lumps, and of such a consistency it will barely pour from the kettle. As a guide use — one part flaky cereal — 2 to 3 parts water; one part granular — 4 to 6 parts water; one and one-fourth teaspoons salt to each quart of water.

Hot Or Cold
Ready to eat or prepared cereals have been completely cooked in the factory. These are made from wheat, corn, rice, and oats. Usually these grains are cooked under steam pressure, dried, flaked, and toasted. For variety in shape, size, and flavor, the cereal makers have come up with all kinds of shreds, biscuits, flakes, bite-sized and puffed versions to give you variety in flavor and shape. All can be used to save time and add

variety to humdrum breakfast as well as other meals.

Prepared cereals aren't just for crunchy breakfast —

USE — shredded, wheat or corn cereals instead of toast for creamed eggs, creamed chicken, and Welsh rarebits.

USE — Cereal flakes — 1. crushed and used to coat croquette, cutlets, chicken, or fish. 2. for added texture in pancakes, muffins, waffles, or cookies.

USE — Crushed Cereal Flakes — instead of Graham crackers or cookie crumbs in a crumb pie crust. (4 cups cereal flakes for a nine-inch pie, or 3 cups for an 8 inch pie.)

USE — Cereal flakes for toppings for casserole dishes or coffee cakes.

USE — Small amounts of ready-to-eat cereals on bowls of cooked cereals to give a crisp topping and contrast.

"Nibble Bait"

1 1/2 cups bite-sized shredded wheat squares

1 1/2 cups bite-sized crisp rice squares

1 1/2 cups crisp doughnut shaped oat cereal

1 cup nuts

1/2 teaspoon salt

1 tablespoon Worcestershire sauce

1 teaspoon garlic salt

1/4 lb. butter

1 small box pretzel sticks

Heat in 250 degree oven for 30 minutes.

Some Found Facts

There's no price difference between the old-fashioned kind of oats and the instant or fast-working oats for the same size package.

Most cereals are enriched with added amounts of thiamine, iron and niacin.

The average cost per serving of uncooked cereal is about 1 1/2 cents. Ready to eat cereals vary from 1 1/2 to 4 cents per serving.

The puffed and sugar coated or "high styled" individual variety packs generally come in the higher price range. Even so all are relatively low-priced. Keep in mind your personal preference for menu variety, convenience, and time-saving as well as cost when choosing cereals.

Cooked Cereal Treats
Quick and good toppings:

Brown, cinnamon, powdered or colored sugar

Honey, molasses, maple syrup, jam or jelly

Malted milk powder

A scoop of ice cream or whipped cream

Fresh canned fruits — any kind

Coconut

Peppermint candy

Stewed dried fruits

PROBERS FIND NO THIN DIMES

PHILADELPHIA (AP) — President Eisenhower's 16-member Assay Commission has completed its inspection of two United States mints without finding a single thin dime.

Instead, it found 216,655,100 dimes produced in 1956 were all just the right thickness, as well as 76,478,500 quarters and 4,030,000 half dollars.

Commission Chairman Charles A. Eaton, Jr., Newark, N.J., banker, announced the money was "O. K." Each of the coins must measure up to a certain weight standard and contain nine parts of silver to one part of alloy metal.

The mints at Philadelphia and Denver are inspected annually for their output of coins. Silver dollars haven't been minted since 1934, and pennies and nickels don't come under the Assay Commission's inspection because they don't contain silver.

PROBE OF U. S. CONTRACT IS "NOT CLOSED"

By G. MILTON KELLY

WASHINGTON (AP) — Sen. McClellan (D-Ark.) said today his subcommittee has not closed its investigation of big military contracts awarded to firms headed by relatives of Robert Tripp Ross, assistant secretary of defense.

The Senate Investigations subcommittee, which McClellan heads, questioned Ross for four hours yesterday behind closed doors. But it declined to disclose what he had said.

Ross who has denied any improperity, refused to discuss the inquiry with newsmen or to tell them whether he plans to return to his job at the Pentagon. He has taken a leave of absence pending completion of the investigation.

Relatives Got Contracts

The subcommittee is exploring the circumstances under which contracts totaling millions of dollars have been awarded by the military services to firms headed by Ross' wife, Mrs. Claire Wynn Ross, and by her brother, H. D. Wynn of Knoxville, Tenn.

Mrs. Ross is president of Wynn Enterprises, Inc., of Knoxville, which obtained procurement contracts totaling about five million dollars in 1956. She and her brother are active in management of the Southern Athletic Co. of Knoxville.

Ross is a former official in both companies. But he has said he severed connections with them in 1952 after he was elected to the House from New York.

Probe 23 Contracts

The subcommittee said it is examining 23 contracts awarded in the past five years to Southern Athletic Co. These totaled about 20 million dollars. The group also said it was looking into some "substantial" contract awards to other Wynn firms.

McClellan said he would call another subcommittee meeting "within a very few days" to determine whether to pursue the inquiry further. He said his view is that "there are some other witnesses we shall want to hear."

REVIVES CHURCH BUT IS JAILED

ELMDALE, Kan. (AP) — Calvin Laskey had revived the Elmdale Christian Church and more than trebled its membership in the nine months he was pastor, but today he's in jail.

The FBI said his record showed he'd been convicted 26 times on felony charges. Sheriff Francis Towle said Laskey himself acknowledged he had been in prison most of the past 20 years.

Elmdale is flabbergasted. "He was the best preacher we ever had," said Miss Carrie Wood, 88, and a lifelong resident of this little town (population 180) in the Flint Hills of southeast Kansas.

"We got value received," said George Dawson, Elmdale banker and member of the church board. "He didn't take a cent from us. That's the surprising thing about it."

"I don't figure I'm out anything," said Tom Wells, farmer and insurance agent who loaned \$125 to the preacher. "I think he balanced the scales by all the good he did. It might be just a case of split personality, some kind of insanity. The man was very pious."

ASK FUND FOR PROBE

HARRISBURG (AP) — The Senate has been asked to approve appropriation of \$20,000 for the costs of an investigation of the State Pardons Board.

The measure was submitted yesterday by Reps. Philip Lopresti (D-Jamaica) and Clarence D. Bell (R-Delaware). A House and Senate investigating committee is to meet Monday to name legal counsel and plan the investigation.

The word "meander," which means a winding, non-direct course, comes from the winding Menderes River in Turkey.

Anti-Reds Control Hungarian Town

BUDAPEST (AP) — Hungary's Communist regime admitted today that anti-Red rebels still control the town of Toemorkeny, nearly 3 1/2 months after the Russian army attacked Budapest to smash the October revolt.

The Communist party newspaper Nepszabadsag said. "The forces of counterrevolution (the Soviet name for the October rebels) are still holding their positions" in the town of about 5,000 persons near the Yugoslav border.

There was no mention of any fighting, but the paper called on the authorities to "restore order."

SENATOR SAYS CONGRESS IS "LIKE A COW"

WASHINGTON (AP) — Congress is like a cow, Sen. Cotton (R-NH) said today. But the cow's digestive machinery, he hinted, sometimes works better.

Seeking in his weekly news letter to give his constituents a word picture of the task before the 85th Congress, Cotton came up with this "homely but apt illustration":

"As a boy," he wrote, "I was amazed and impressed by a lecture on the internal mechanism of the dairy cow."

"Thereafter I regarded bossy with a new respect as a complex machine — a milk factory on legs."

"She has four stomachs — one true stomach, three for storage. In one day she can cram 150 pounds of wet grass into her compartments. Then she retires to a shady place, regurgitates it in small amounts, chews it thoughtfully and thoroughly, and digests it in her 'true stomach.'"

Now the comparison:

"During the first days of the congressional session," Cotton said, "a vast amount of fodder is crammed down its gullet. During the weeks and months that follow it brings it up bit by bit to chew and digest."

"Six messages have come down from the White House and three more are on their way. The special Middle East message and the State of the Union message have laid down broad questions of policy."

"The budget message, in addition to appropriations which will require months to go over, contains nearly 100 specific legislative recommendations."

"The economic report calls for 37 new laws."

"The messages on immigration, school construction, small business, Taft-Hartley revisions, and veterans benefits will prove complicated and bristling with points of controversy."

"The mind balks when confronted by this mass of material. We can't deal with it in parts. It can't be digested as a whole."

Maryland Will Aid Hagerstown Observe Anniversary Of Battle

HAGERSTOWN (AP) — Governor Theodore McKeldin said Tuesday Hagerstown will have the "sympathetic interest of the state" in making plans for a large-scale observance of the one hundredth anniversary of the battle of Antietam.

The city and county want to begin this year with its programming of the centennial of the bloodiest battle of the Civil War. The anniversary is five years away.

McKeldin, addressing the Lions Club on Abraham Lincoln's birthday, said he was sure interest in the project "will take an increasingly active form, and will spread from the State to the nation."

"To perpetuate this collective

issue it while the Union was losing steadily would have been to invite ridicule."

"But when Lee had been stopped and driven back the proclamation took on dignity and force; and it instantly transformed the war from a defense of the Union into a crusade for liberty, rallying all lovers of freedom to the Union side."

"That is, as I see it, the tremendous significance of Antietam. Here is the spot on which the Federal Army was transfigured."

"Moral Principle" Added

"It came to this field merely the champion of the political principle of Union; it left this field the champion of the moral principle that all men are created equal and endowed with inalienable rights, among them being liberty."

Although casualties may have been greater in other engagements, historians generally agree that the fighting at Antietam was the great-

Mrs. Ralph Stoner, Spiritual Life Committee chairman, announced the Lenten Quiet Hour will be held March 6. The "Buy A Share" box was presented by Mrs. William Airing and will be placed at a prominent place to receive free-will offerings to be used in a World Service project. Attendance at the Advance Evangelism program, February 18 at 7:30 p.m. in the Parish

House, was urged.

Mrs. Morgan Andreas, co-chairman of the Christian Education Committee, presented the books for the reading course for 1957 and gave the list of rules for readers.

The business meeting was conducted by Mrs. George Matter, president.

"What Are Our Needs?" was the topic discussed. Mrs. William Airing explained the purpose of the program and Mrs. Harry Mohney read, "If You Could." A playlet, "A Pleasant Problem" was presented

in two acts. Victor Welty played two numbers on the organ, "The Crusaders Hymn" and "Abide With Me." Mrs. Glenn Martin read a meditation and Miss Mary Shriner played "Variations of Son of Thy Soul," a piano solo.

The playlet continued with the group taking part in a family devotional period. Delmont Koons Sr. led the group in prayer. The hymn, "Dear Lord and Father of Mankind" was sung. Janet Powell led the responsive reading and Faye Martin received the offering. Allen Baum-

garden pronounced the benediction. Mrs. William Airing and Mrs. Glenn Martin, co-chairmen of the Christian Service Committee, were in charge of the program.

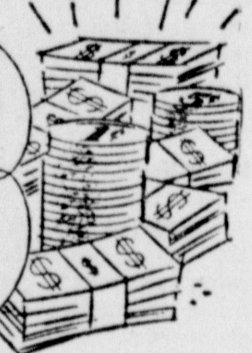

The March meeting on the topic, "Meeting Our Needs," will be in charge of the executive board. A brief social period followed the meeting.

Tennis was introduced to the United States by way of the Staten Island Cricket Club about 1874.

Maryland Will Aid Hagerstown Observe Anniversary Of Battle

HAGERSTOWN (AP) — Governor Theodore McKeldin said Tuesday Hagerstown will have the "sympathetic interest of the state" in making plans for a large-scale observance of the one hundredth anniversary of the battle of Antietam.

The city and county want to begin this year with its programming of the centennial of the bloodiest battle of the Civil War. The anniversary is five years away.

McKeldin, addressing the Lions Club on Abraham Lincoln's birthday, said he was sure interest in the project "will take an increasingly active form, and will spread from the State to the nation."

"To perpetuate this collective

Dedication "Not To Mars" memory is to perpetuate the nation by giving renewed vitality to what is finest and noblest in it," McKeldin said.

"It would be wrong, it would be inexpressibly wicked, to dedicate the field of Antietam to the glory of the god of battles, but you have no such purpose in mind.

"You are proposing to dedicate it not to Mars, but to its victims—to courage and self-sacrifice, to the loyalty that never falters at the iron gates of death."

Emancipation Proclamation McKeldin said that Lincoln had considered for some time issuing an emancipation proclamation, "but to

issue it while the Union was losing steadily would have been to invite ridicule."

"But when Lee had been stopped and driven back the proclamation took on dignity and force; and it instantly transformed the war from a defense of the Union into a crusade for liberty, rallying all lovers of freedom to the Union side.

"That is, as I see it, the tremendous significance of Antietam. Here is the spot on which the Federal Army was transfigured.

"Moral Principle Added "It came to this field merely the champion of the political principle of Union; it left this field the champion of the moral principle that all men are created equal and endowed with inalienable rights, among them being liberty."

Although casualties may have been greater in other engagements, historians generally agree that the fighting at Antietam was the great-

GUILD PLANS FUTURE EVENTS

The Lenten Quiet Hour, the "Buy A Share" project and the Advance est one-day blood-shedding of the Civil War.

Evangelism program were discussed at a recent meeting of the Women's Guild of Grace Evangelical and Reformed Church, Taneytown.

Mrs. Ralph Stoner, Spiritual Life Committee chairman, announced the Lenten Quiet Hour will be held March 6. The "Buy A Share" box was presented by Mrs. William Airing and will be placed at a prominent place to receive free-will offerings to be used in a World Service project. Attendance at the Advance Evangelism program, February 18 at 7:30 p.m. in the Parish

House, was urged.

Mrs. Morgan Andreas, co-chairman of the Christian Education Committee, presented the books for the reading course for 1957 and gave the list of rules for readers.

The business meeting was conducted by Mrs. George Matter, president.

"What Are Our Needs?" was the topic discussed. Mrs. William Airing explained the purpose of the program and Mrs. Harry Mohney read, "If You Could." A playlet, "A Pleasant Problem" was presented

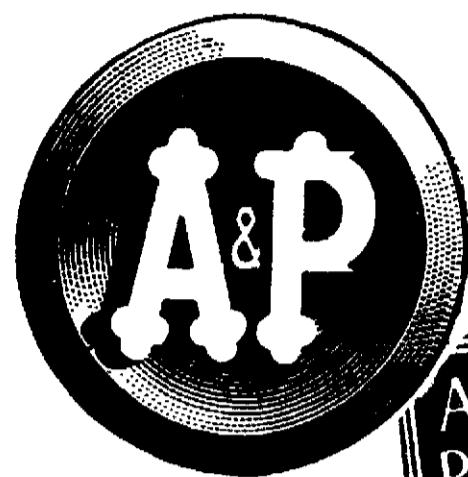

in two acts. Victor Welty played two numbers on the organ, "The Crusaders Hymn" and "Abide With Me." Mrs. Glenn Martin read a meditation and Miss Mary Shriner played "Variations of Son of Thy Soul," a piano solo.

The playlet continued with the group taking part in a family devotional period. Delmont Koons Sr. led the group in prayer. The hymn, "Dear Lord and Father of Mankind" was sung. Janet Powell led the responsive reading and Faye Martin received the offering. Allen Baum-

garden pronounced the benediction. Mrs. William Airing and Mrs. Glenn Martin, co-chairmen of the Christian Service Committee, were in charge of the program.

The March meeting on the topic, "Meeting Our Needs," will be in charge of the executive board. A brief social period followed the meeting.

Tennis was introduced to the United States by way of the Staten Island Cricket Club about 1874.

TENTATIVE OK ON DEMOCRATIC CHANGES FOR MID-EAST PLAN

By ERNEST B. VACCARO
WASHINGTON (AP)—A Democratic revision of President Eisenhower's Middle East resolution had tentative administration approval today.

Though Senate action and further House consideration still are necessary, Eisenhower appeared assured of strong congressional backing for military and economic steps to resist Communist inroads there if necessary.

The Senate Foreign Relations and Armed Services committees sharply revised one key section of the resolution by a 15-13 party line vote.

Needs Further Study
In Thomasville, Ga., White House press secretary James C. Hagerty said the revision "calls for a little further study" by both Eisenhower and Secretary of State Dulles, with whom the vacationing President talked by phone.

"But both believe," he added, "the language is designed to give the President the authority he asked for."

After revising the resolution, the two committees approved it 20-8, and recommended its adoption by the Senate.

Passed By House
The House making no major change in the resolution Eisenhower originally requested, already has passed it 355-61. Any Senate changes still would have to be considered by the House.

The House language would "authorize" the President to use troops to defend victims of Communist aggression who request aid. The Senate committees revised it to say that "if the President determines" such a step is necessary "the United States is prepared" to use troops for that purpose.

The whole battle in the committee centered around the constitutional question of whether Congress can authorize the President to use U. S. troops, an authority many contended he already has as commander in chief under the Constitution.

What Amendment Says
The amendment approved by the Senate committee, in lieu of authorizing the President to take the actions he deems necessary, says:

"The United States regards as vital to the national interest and world peace the preservation of the independence and integrity of the nations of the Middle East."
"To this end, if the President determines the necessity thereof, the United States is prepared to use armed forces to assist any nation or group of nations requesting assistance against armed aggression from any country controlled by international communism: provided, that such employment shall be consonant with the treaty obligations of the United States and with the charter of the United Nations."

Not Taking Authority
The sponsor of the amendment, Sen. Humphrey (D-Minn.), told a reporter that "what we are saying in this amendment is that it is the President's duty and responsibility to use American troops if he determines such a step is necessary in the national interest and world peace."

And Sen. Mansfield, who drafted the amendment, insisted, "This is not an attempt to take away any authority from the President."
"It strengthens and reaffirms the President's constitutional authority over the armed forces of this country," Mansfield declared.

Still "Good And Strong"
Republican Senators H. Alexander Smith (N.J.) and Saltonstall (Mass.) both said they were "disappointed" at the change after Republicanism had succeeded, with some Democratic help, in beating down every other major attempt to modify the resolution.
But Smith said that while the language isn't what Eisenhower wanted it is still "a good strong resolution which serves notice on Soviet Russia that if it attempts any aggression in the Middle East this country will step in to defend the countries that ask our help."

Urges Psychology In Restaurants

ALBUQUERQUE, N.M. (AP)—An official of the National Restaurant Assn. says restaurant operators should apply psychology. Phil Johnson of Chicago, director of member relations for the group, says signs reading "waitress wanted" tend to drive away potential customers "because they feel that they won't be able to get good service." He suggests "Another waitress wanted."

CARS JUMPS TRACKS

RICHMOND, Ind. (AP)—Fifteen cars of a Pennsylvania Railroad mail-express train jumped the tracks about 10 miles west of here Wednesday, blocking the line's two tracks. No one was injured.
The train, bound from St. Louis to New York, had 29 cars. The lone passenger car at the rear was not derailed.
Officials said some of the cars, all empties, spilled over into a corn field.
Officials did not know how long it would take to clear the tracks.

Unofficial Objector Is Tossed Into Jail

COMPTON, Calif. (AP)—A civil suit was in progress in Municipal Court, and a lawyer was questioning a witness on the stand.
"I object!" cried the witness' counsel.
"I object!" cried yet another lawyer.
"I object too," came a voice from the rear of the courtroom. The latter objector, despite his objections, was nailed off to jail yesterday on a drunk charge. He was booked as Beryl L. Solvey, 28, a courtroom spectator.

NEW VACCINE PROTECTS FROM DENGUE FEVER

BALTIMORE (AP)—Discovery of a vaccine to protect man from several forms of encephalitis as well as dengue fever was reported today by a Johns Hopkins scientist.
Dr. Winston H. Price, its developer, said the vaccine is made from two strains of the West Nile virus, an organism which causes outbreaks of a minor illness in Egypt and Israel.
He said it is the first time that a single vaccine has been found that offers protection from several viruses that produce encephalitis, a brain infection which sometimes causes sleeping sickness and paralysis.

He said it also will protect against dengue fever, which can sweep through a group and prostrate its victims with fever and fatigue, accompanied by aches and pains.
The new vaccine, which Dr. Price says is still in the experimental stage, has major implications for the health of populations in Asia, Africa, Russia, the Mediterranean area and South America.

Occasional outbreaks of encephalitis occur in this country. One epidemic in Kentucky last summer and fall struck down 142 persons, killing 17. Dr. Price says the new vaccine would have given protection from the virus responsible.

In a technical paper just published in the "Proceedings of the National Academy of Sciences," Dr. Price recommends a continued search for a better strain of the West Nile virus before vaccine is adopted on a worldwide scale.

However, he said human tests he conducted have proved the vaccine will work.

YOUTH IS HANGED BY HIS CLOTHING

WAYNESBORO, Pa. (AP)—Timothy A. Maier, 5, was hanged by his clothing while playing in a tree yesterday. A doctor said the boy's coat was caught by a limb and that the lining and a scarf caused suffocation.
He was the son of Mr. and Mrs. William C. Maier, who have another child, a daughter. The father is a salesman.

The body was found by a neighbor, Mrs. Raymond J. Galli, who said children told her "Timmy's hanging back there in a tree."

START MURDER TRIAL
NEW BLOOMFIELD, Pa. (AP)—The murder trial of John W. Forney starts today. A jury of 9 men and 3 women was completed yesterday.

Forney is charged with killing his wife, Saramae Forney, and her mother, Edna Mae Shoue, at Mrs. Shoue's Marysville home Nov. 23. Two jurors and two alternates were selected from an additional panel of 50 after the original panel of 86 was exhausted.

Pay \$175,000 For Painting By Titian

PHILADELPHIA (AP)—The Philadelphia Museum of Art has announced the purchase of a masterpiece by the Renaissance artist Titian for \$175,000.

At the same time it revealed it had obtained another valuable early painting by the American Winslow Homer.

The Titian is the "Virgin and Child with St. Dorothy," painted between 1530 and 1540 at the peak of his long career. It was bought with funds left by the late George W. Elkins.

Homer's canvass of "Gloucester Farm" in Massachusetts cost the museum \$47,000 from a bequest of John H. McFadden Jr. The two paintings are being exhibited as part of a current drive to triple the museum's membership.

A Diesel locomotive contains more than 70,000 individual parts.

The U.S. Corps of Engineers said that 11 million visits were made in 1956 to the nine lakes it operates in Texas. The lakes are open for camping, swimming, fishing and picnicking.

President Taft: The Stately Miss Boardman, Mrs. Taft's Memoirs, Pompous Augustus Octavius Bacon, Archibald Butt And Others.

By Leighton C. Taylor

(Continued from Page 1)

EVER PROHIBITED IN THE UNITED STATES. It seemed strange that I was to spend my first night in the White House surrounded by such ghosts."

City Is Ice-Bound

Never was such a night in Washington! The Chief of the Weather Bureau had prophesied that the 4th would dawn as clear and bright as an Inaugural Committee could wish. On the contrary, the 4th came in with a bang — with the city ice-bound, and the storm, instead of abating, had increased in fury.

According to Mrs. Taft, President Roosevelt meeting President-elect Taft in a White House corridor before breakfast exclaimed in a genial mood:

"Well, Will, the storm will soon be over. It isn't a regular storm. It's nature's echo of Senator Rayner's denunciation of me. As soon as I am where I can do no further harm to the Constitution it will cease."

"You're wrong," said Will, "it's my storm. I always said it would be a cold day when I got to be President of the United States." (Senator Rayner was Isidor Rayner, a Democrat and one of Maryland's most distinguished and able United States Senators, and a political foe of Roosevelt.)

Escort Braves Storm

About half past ten on the morning of the 4th Senator Philander Chase Knox, of Pennsylvania, and Senator Augustus Octavius Bacon, of Georgia, having laboriously and perilously maneuvered their way through rain, snow and sleet, called at the White House to officially escort the President and President-elect to the Capitol.

Senator Knox, a Republican, and one of the country's most distinguished lawyers, served as Attorney-General in President McKinley's cabinet, as United States Senator from Pennsylvania, and as Taft's Secretary of State. He also was seriously considered for the Republican Presidential nomination in 1920 but wouldn't lift a finger toward getting it.

Senator Bacon was one of the outstanding members on the Democratic side of the Senate. He and Knox were an interesting pair in contrast physically. Knox was below the average in stature (a little Napoleon), while Bacon was just the opposite, but both had one characteristic in common. Both were proud dignified, always in character as Senators, and would brook no familiarity. In Bacon's case "pompous" would more nearly describe him.

The writer for a time was a member of the official reporting staff of the United States Senate. This work necessitated personal contact with the various Senators during which their individual foibles, eccentricities and mannerisms came to the fore.

Knox, for example, wouldn't sit in a regulation chair — said it made him feel and look like a boy; nor would he stand in a receiving line alongside a person taller than he.

Bacon, on the other hand, when presiding over the Senate as President pro tempore or by invitation of the Vice President, insisted upon having the large, uncomfortable, ornate chair with an extraordinarily high back (a replica, doubtless, of the one King Solomon used) brought into the Chamber for his use. No other Senator, to my knowledge, ever used the chair, made for the use of the presiding officer years ago when the Senate Chamber originally was furnished. Bacon also was very proud of his Roman Emperor cognomen — **AUGUSTUS OCTAVIUS** — and insisted that we always write it out in full when reporting his addresses, participation in debates, etc.

"Loss Of Dignity"

Knowing these gentlemen as I did I can imagine their discomfort and loss of dignity in trying to negotiate a storm of the kind heretofore described.

With no abatement of weather conditions President Roosevelt and President-elect Taft, with their congressional committee and a brilliantly mounted escort, started for the Capitol through slushy streets and penetrating cold, hoping to reach their destination by 12 o'clock noon, the hour for the inaugural ceremonies to begin. I should say here, however, that they were as yet undecided whether or not the induction of the President should be attempted out-of-doors. Mr. Taft regretted exceedingly the prospect of disappointing thousands of people, but at the same time he recognized the danger of exposing them, as well as the leading participants in the ceremonies, to the unbearable weather. So the out-of-doors part of the program was abandoned.

Mrs. Taft followed the President and President-elect to the Capitol in care of the President's Aide, Captain Archibald Butt. In her memoirs Mrs. Taft says:

"With a last hopeless look

out-of-doors I proceeded to don my inaugural finery, feeling duly thankful that it was not too springlike in its character. The newspapers said I wore a purple satin suit and a small hat trimmed with gold lace and a high white aigrette. . . . I remember the hat perfectly. The aigrette was not quite as high as it started out to be. It had nearly met an untimely end at a reception the day before when it collided with a lighted gas jet. Fortunately it was put out before before it was greatly damaged, but it gave off a faint odor of burning feathers."

Most Popular Aide

Captain Archibald Butt, the President's Aide (called Archie by everybody), was the most publicized, most popular, and best liked of all the Presidential Aides within my recollection. He was an American Army Officer, had served in the Philippines, and in Cuba during the American occupation; served as Military Aide to both President Roosevelt and President Taft, and lost his life in the sinking of the Titanic on April 15, 1912. Both the Roosevelt and Taft families were very fond of him and deeply mourned his untimely death.

Shortly before 12 o'clock noon, the Presidential party having reached the Capitol, a committee

DENT AGREES WILLIAMSON IS ON 2 PAYROLLS

HARRISBURG (P)—Sen. John H. Dent, Democratic floor leader, says he agrees with Republican senators that Commissioner Merritt A. Williamson of the Pennsylvania Turnpike is "on two payrolls at the same time."

Dent told the Senate on Tuesday he would not have voted for Williamson's confirmation last month if he had known the educator was going to continue on the payroll of Pennsylvania State University.

Dent made the statement in reporting to the Senate that Williamson now receives \$13,000 a year as a turnpike commissioner and \$2,000 a year for part-time work as dean of the Penn State Engineering and Architecture School.

Pay Status

Sen. Rowland B. Mahan, Republican floor leader, had asked Dent Monday to find out "exactly what Williamson's pay status is."

"I would say he is on two payrolls," Dent replied.

"Is that in line with your understanding when you voted to

confirm him last month?"

Dent replied that it was not in line with his thinking and that he would not have voted for Williamson's confirmation had he known of the two payroll feature.

Williamson, Dent said, explained to the Democratic caucus that although it was not his intention to be on two payrolls "he did say he wasn't in any position to take a wage cut."

Penn State Dean

Dent said Williamson was being paid \$15,000 a year as dean of the Penn State School.

Mahan questioned "just how much part-time work" Williamson would be able to do at the college on weekends as he said was his plan.

Sen. Harry E. Seyler (D-York), a school principal, said Williamson was a "career man in science and not a politician and took the job because he sees the need for his services—even at a loss to himself."

Sen. Joseph J. Yosko (D-Northampton) made it clear that he would cast no more votes for confirmation of "out-of-staters" to high Pennsylvania posts.

Registered Voter

Williamson had been affiliated with industry in other states before coming to Penn State. However, he has been a registered Republican voter in Pennsylvania

Deny Red Report Of Forced Landing

NEW DELHI (P)—An official Indian spokesman said Wednesday there was "no truth" in a report that an Indian aircraft had forced an American Globemaster carrying arms for Pakistan to land at New Delhi airport.

The report was carried by the Soviet news agency Tass and quoted a story in last weekend's Delhi Times, an obscure weekly of leftist leanings.

The report said the American plane was flying from Singapore to Karachi over Indian territory. A spokesman for the U. S. Air Liaison Office in Singapore said no U. S. military aircraft had left Singapore or passed through there in the past few days.

for three years

"I'm sure if Gov. Leader had asked Sen. Joseph M. Barr (Democratic state chairman), he could have found a dozen persons capable of handling the job from right here in Pennsylvania," Yosko said, adding:

"It might be well to keep college professors where they belong—in the colleges."

President Taft:

By Leighton C. Taylor

The Stately Miss Boardman, Mrs. Taft's Memoirs, Pompous Augustus Octavius Bacon, Archibald Butt And Others.

(Continued from Page 1)
EVER PROHIBITED IN THE UNITED STATES. It seemed strange that I was to spend my first night in the White House surrounded by such ghosts."

City Is Ice-Bound
Never was such a night in Washington! The Chief of the Weather Bureau had prophesied that the 4th would dawn as clear and bright as an Inaugural Committee could wish. On the contrary, the city came in with a bang — with the 4th ice-bound, and the storm, instead of abating, had increased in fury.

According to Mrs. Taft, President Roosevelt meeting President-elect Taft in a White House corridor before breakfast exclaimed in a genial mood:

"Well, Will, the storm will soon be over. It isn't a regular storm. It's nature's echo of Senator Rayner's denunciation of me. As soon as I am where I can do no further harm to the Constitution it will cease."

"You're wrong," said Will, "it's my storm. I always said it would be a cold day when I got to be President of the United States." (Senator Rayner was Isidor Rayner, a Democrat and one of Maryland's most distinguished and able United States Senators, and a political foe of Roosevelt.)

Escort Braves Storm
About half past ten on the morning of the 4th Senator Philander Chase Knox, of Pennsylvania,

and Senator Augustus Octavius Bacon, of Georgia, having laboriously and perilously maneuvered their way through rain, snow and sleet, called at the White House to officially escort the President and President-elect to the Capitol.

Senator Knox, a Republican, and one of the country's most distinguished lawyers, served as Attorney-General in President McKinley's cabinet, as United States Senator from Pennsylvania, and as Taft's Secretary of State. He also was seriously considered for the Republican Presidential nomination in 1920 but wouldn't lift a finger toward getting it.

Senator Bacon was one of the outstanding members on the Democratic side of the Senate. He and Knox were an interesting pair in contrast physically. Knox was below the average in stature (a little Napoleon), while Bacon was just the opposite, but both had one characteristic in common. Both were proud dignified, always in character as Senators, and would brook no familiarity. In Bacon's case "pompous" would more nearly describe him.

The writer for a time was a member of the official reporting staff of the United States Senate. This work necessitated personal contact with the various Senators during which their individual foibles, eccentricities and mannerisms came to the fore.

Knox, for example, wouldn't sit in a regulation chair — said it made him feel and look like a boy; nor would he stand in a receiving line alongside a person taller than he.

Bacon, on the other hand, when presiding over the Senate as President pro tempore or by invitation of the Vice President, insisted upon

having the large, uncomfortable, ornate chair with an extraordinarily high back (a replica, doubtless, of the one King Solomon used) brought into the Chamber for his use. No other Senator, to my knowledge, ever used the chair, made for the use of the presiding officer years ago when the Senate Chamber originally was furnished. Bacon also was very proud of his Roman Emperor cognomen — AUGUSTUS OCTAVIUS — and insisted that we always write it out in full when reporting his addresses, participation in debates, etc.

"Loss Of Dignity"
Knowing these gentlemen as I did I can imagine their discomfort and loss of dignity in trying to negotiate a storm of the kind heretofore described.

With no abatement of weather conditions President Roosevelt and President-elect Taft, with their congressional committee and a brilliantly mounted escort, started for the Capitol through slushy streets and penetrating cold, hoping to reach their destination by 12 o'clock noon, the hour for the inaugural ceremonies to begin. Both the Roosevelt and Taft families were very fond of him and deeply mourned his untimely death.

Shortly before 12 o'clock noon, the Presidential party having reached the Capitol, a committee

of Senators and Representatives waited upon President Roosevelt in the President's Room in the Capitol and informed him that Congress had completed its business and was prepared to adjourn if he had no further communications to make to it. Replying in the negative, he and President-elect Taft were escorted into the Senate (the floor and galleries literally packed and jammed) and sat with their committee in the well of the Chamber.

Gifts For Vice President

Next in order was the offering of a resolution thanking the retiring Vice President, Hon. Charles Warren Fairbanks, of Indiana, for the courteous and impartial administration of his duties as presiding officer of the Senate, after which he expressed his appreciation and delivered a farewell address. He then administered the oath of office to his successor, Hon. James Schoolcraft Sherman, of New York, a former Member of the House of Representatives from that state, and as his final act declared the Senate adjourned without day.

In the three years between 1953 and 1956, schools in the United States had to enroll an extra million students of kindergarten age each season.

TENTATIVE OK ON DEMOCRATIC CHANGES FOR MID-EAST PLAN

By ERNEST B. VACCARO
WASHINGTON (AP)—A Democratic revision of President Eisenhower's Middle East resolution had tentative administration approval today.

Though Senate action and further House consideration still are necessary, Eisenhower appeared assured of strong congressional backing for military and economic steps to resist Communist inroads there if necessary.

The Senate Foreign Relations and Armed Services committees sharply revised one key section of the resolution by a 15-13 party line vote.

Needs Further Study
In Thomasville, Ga., White House press secretary James C. Hagerty said the revision "calls for a little further study" by both Eisenhower and Secretary of State Dulles, with whom the vacationing President talked by phone.

"But both believe," he added, "the language is designed to give the President the authority he asked for."

After revising the resolution, the two committees approved it 20-8, and recommended its adoption by the Senate.

Passed By House
The House making no major change in the resolution Eisenhower originally requested, already has passed it 355-61. Any Senate changes still would have to be considered by the House.

The House language would "authorize" the President to use troops to defend victims of Communist aggression who request aid. The Senate committee revised it to say that "if the President determines" such a step is necessary "the United States is prepared" to use troops for that purpose.

The whole battle in the committee centered around the constitutional question of whether Congress can authorize the President to use U. S. troops, an authority many contended he already has as commander in chief under the Constitution.

What Amendment Says
The amendment approved by the Senate committee, in lieu of authorizing the President to take the actions he deems necessary, says:

"The United States regards as vital to the national interest and world peace the preservation of the independence and integrity of the nations of the Middle East."

"To this end, if the President determines the necessity thereof, the United States is prepared to use armed forces to assist any nation or group of nations requesting assistance against armed aggression from any country controlled by international communism: provided, that such employment shall be consonant with the treaty obligations of the United States and with the charter of the United Nations."

Not Taking Authority
The sponsor of the amendment, Sen. Humphrey (D-Minn.), told a reporter that "what we are saying in this amendment is that it is the President's duty and responsibility to use American troops if he determines such a step is necessary in the national interest and world peace."

And Sen. Mansfield, who drafted the amendment, insisted, "This is not an attempt to take away any authority from the President."

"It strengthens and reaffirms the President's constitutional authority over the armed forces of this country," Mansfield declared.

Still "Good And Strong"
Republican Senators H. Alexander Smith (N.J.) and Saltonstall (Mass.) both said they were "disappointed" at the change after Republican had succeeded, with some Democratic help, in beating down every other major attempt to modify the resolution.

But Smith said that while the language isn't what Eisenhower wanted it is still "a good strong resolution which serves notice on Soviet Russia that if it attempts any aggression in the Middle East this country will step in to defend the countries that ask our help."

Urges Psychology In Restaurants

ALBUQUERQUE, N.M. (AP)—An official of the National Restaurant Assn. says restaurant operators should apply psychology. Phil Johnson of Chicago, director of member relations for the group, says signs reading "waitress wanted" tend to drive away potential customers "because they feel that they won't be able to get good service. He suggests, "Another waitress wanted."

CARS JUMP TRACKS

RICHMOND, Ind. (AP)—Fifteen cars of a Pennsylvania Railroad mail - express train jumped the tracks about 10 miles west of here Wednesday, blocking the line's two tracks. No one was injured.

The train, bound from St. Louis to New York, had 29 cars. The lone passenger car at the rear was not derailed.

Unofficial Objector Is Tossed Into Jail

COMPTON, Calif. (AP)—A court suit was in progress in Municipal Court, and a lawyer was questioning a witness on the stand. "I object!" cried the witness' counsel.

"I object!" cried yet another lawyer.

"I object too," came a voice from the rear of the courtroom.

The latter objector, despite his objections, was nailed off to jail yesterday on a drunk charge. He was booked as Beryl L. Solvey, 28, a courtroom spectator.

NEW VACCINE PROTECTS FROM DENGUE FEVER

BALTIMORE (AP)—Discovery of a vaccine to protect man from several forms of encephalitis as well as dengue fever was reported today by a Johns Hopkins scientist.

Dr. Winston H. Price, its developer, said the vaccine is made from two strains of the West Nile virus, an organism which causes outbreaks of a minor illness in Egypt and Israel.

He said it is the first time that a single vaccine has been found that offers protection from several viruses that produce encephalitis, a brain infection which sometimes causes sleeping sickness and paralysis.

He said it also will protect against dengue fever, which can sweep through a group and prostrate its victims with fever and fatigue, accompanied by aches and pains.

The new vaccine, which Dr. Price says is still in the experimental stage, has major implications for the health of populations in Asia, Africa, Russia, the Mediterranean area and South America.

Occasional outbreaks of encephalitis occur in this country. One epidemic in Kentucky last summer and fall struck down 142 persons, killing 17. Dr. Price says the new vaccine would have given protection from the virus responsible.

In a technical paper just published in the "Proceedings of the National Academy of Sciences," Dr. Price recommends a continued search for a better strain of the West Nile virus before vaccine is adopted on a worldwide scale.

However, he said human tests he conducted have proved the vaccine will work.

YOUTH IS HANGED BY HIS CLOTHING

WAYNESBORO, Pa. (AP)—Timothy A. Maier, 5, was hanged by his clothing while playing in a tree yesterday. A doctor said the boy's coat was caught by a limb and that the liming and a scarf caused suffocation.

He was the son of Mr. and Mrs. William C. Maier, who have another child, a daughter. The father is a salesman.

The body was found by a neighbor, Mrs. Raymond J. Galli, who said children told her "Timmy's hanging back there in a tree."

START MURDER TRIAL
NEW BLOOMFIELD, Pa. (AP)—The murder trial of John W. Forney starts today. A jury of 9 men and 3 women was completed yesterday.

Forney is charged with killing his wife, Saramae Forney, and her mother, Edna Mae Shoue, at Mrs. Shoue's Marysville home Nov. 23.

Two jurors and two alternates were selected from an additional panel of 50 after the original panel of 86 was exhausted.

Pay \$175,000 For Painting By Titian

PHILADELPHIA (AP)—The Philadelphia Museum of Art has announced the purchase of a masterpiece by the Renaissance artist Titian for \$175,000.

At the same time it revealed it had obtained another valuable early painting by the American Winslow Homer.

The Titian is the "Virgin and Child with St. Dorothy," painted between 1530 and 1540 at the peak of his long career. It was bought with funds left by the late George W. Elkins.

Homer's canvass of "Gloucester Farm" in Massachusetts cost the museum \$47,000 from a bequest of John H. McFadden Jr.

The two paintings are being exhibited as part of a current drive to triple the museum's membership.

'MILLION DOLLAR' MERMAN ENJOYS 12TH SMASH HIT

By WILLIAM GLOVER
NEW YORK (AP) — Ethel Merman, sometimes called "The Girl with the Million Dollar Tonsils" or simply "Miss Broadway," is lustily shooting now or her 12th straight smash hit on the Great White Way.

La Merman already holds an all-time record — she is the only musical comedy star with a career unmarked by a single boxoffice flop. With a million and a half bucks already in the till her new show, "Happy Hunting," set an all-time pre-opening ticket sales record.

The musical, with book by Howard Lindsay and Russel Crouse, lyrics by Matt Dubey, music by Harold Karr and direction by Abe Burrows, opened at the Majestic Dec. 6.

Still Steamed Up
Her fabulous success isn't likely to cause electric Ethel to taper off and take things easy.

"She has the magnificent relevance of a steam calliope loping down a circus midway playing 'Entrance of the Gladiators,'" a theater veteran once remarked in attempting to define her unique position and talents.

"I'm just a big brassy girl," she once tagged herself.

Merman, nee Zimmerman, is a product of Manhattan. None of her family ever was in show business, and she set out in life to be a typist and stenographer. She still takes down script revisions in short-

hand — an ability that prompted Joshua Logan to send her a silver cup during preparation of one show simply labeled "To Sarah Bernhardt Jr. from Josh."

No Lessons
Miss Merman erupted into show business via a night club act in 1928, has steadfastly adhered since to the advice given her by George Gershwin:

"Don't ever take a singing, dancing or acting lesson," he told her. Her natural genius is a compound of instinctive timing, showmanship, a brassy voice that can soar explicitly over a pit band in full cry, and, as another pundit once murmured, "animal magnetism — or something."

Miss Merman, now 47, is 5-foot-6, tries to hover at 130 pounds. She has black hair and brown eyes and abhors green — says the color makes her look "horrible." She used to love spangles.

She went off four years ago to live in Denver with Robert I. Six, an airline executive and her third spouse. They have two children, Ethel and Robert.

Couldn't Stay Away
Miss Merman once loudly proclaimed she is finished with the stage, would only make occasional movies or TV appearances.

"Broadway has had it," she declared in extolling the joys of domesticity.

Now, she explains, she can return because her husband's business brings him frequently to New York. That's the reason — plus the heady scent of greasepaint and eagerly waiting throngs of fans.

To Keep New Polio Stamps On Sale

As a special contribution by the Post Office Department to the goal of eradicating polio, Postmaster General Arthur E. Summerfield announced today arrangements have been made to keep the new polio stamp on sale indefinitely.

The new 3-cent commemorative stamp "Honoring Those Who Helped Fight Polio," was placed on first day sale January 13 in Washington, D. C. It was originally planned to issue 120,000,000 of these stamps.

"However, now, as a continuing reminder to people to take their polio shots," Mr. Summerfield explained, "the Post Office Department will keep the polio stamp on sale at all post offices for an indefinite period."

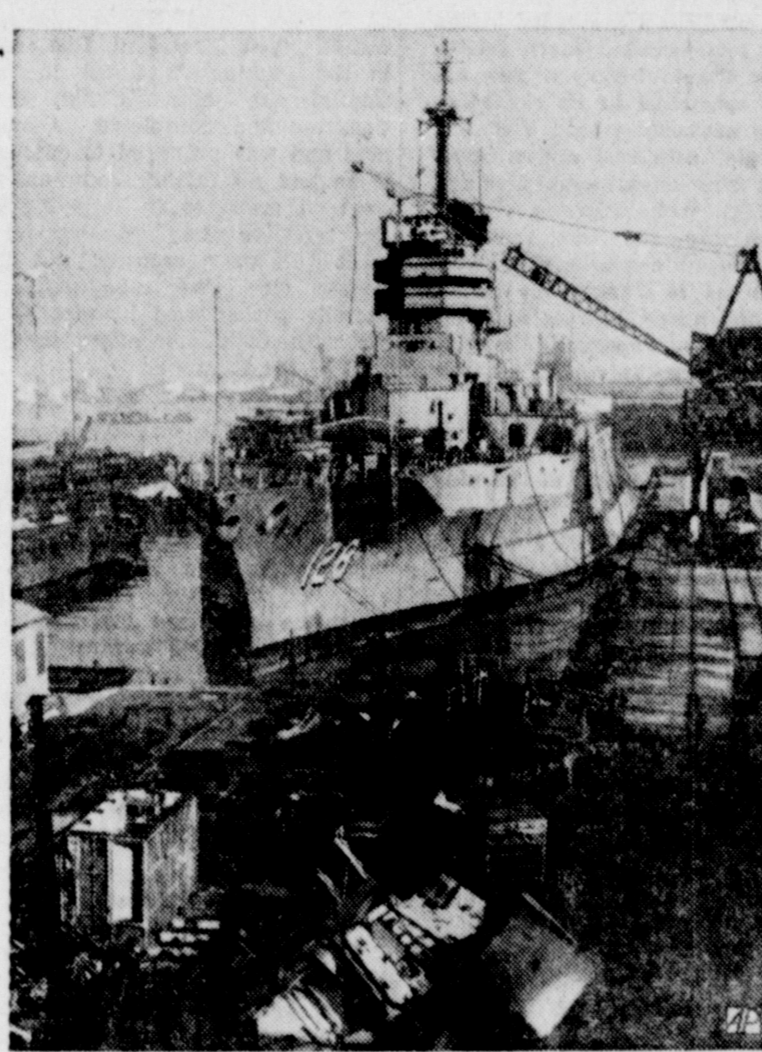

A notice to this effect will be published in the Postal Bulletin of February 14, 1957. The notice will also direct that:

"Postmasters at offices of all classes shall sell the polio stamp to window patrons. The regular 3 cent stamp must also remain available for sale to firms and patrons who prefer the smaller stamp."

GRANTS WILL AWARD GIFTS

born, 2 free layettes will be given . . . the equivalent of \$62 in baby needs. Parents of triplets will receive 3 complete layettes." He specified that parents need not have bought any previous merchandise in the store, and that there is on further obligation involved.

Each 36-piece layette will have everything a baby needs, from blankets to safety pins. Diapers, shirts, gowns, pads, sheets, Evenflo units, baby's toiletries are all included.

To be entitled to a free layette for each infant, parents need only present the W. T. Grant Store with a doctor's certificate showing that the multiple birth occurred between 12:01 a.m. February 21 and midnight February 27.

MILKMAN FINDS ROUTE STOCKED WITH PROBLEMS

COLUMBUS, Ohio (AP) — "Dear Milkman:

"We don't want our milk every day. We want our milk like this. Today we want milk. Tomorrow we don't, and the next day will be like the day before the day after tomorrow."

Confusing?

According to milkman Harry B. Vance, who receives notes like the one above, sometimes it "takes a little figuring." Disregarding the last part of the last sentence, Vance finally figured the note meant to bring milk on alternate days.

But deciphering notes is only one of his problems. He also has certain chores connected with it. Like the note that began: "Dear Milkman: Would you do me a little favor. Start my car. It's stalled in front of the house."

Another:
"It was sweet of you to take in my washing yesterday when it rained."

And another:
"We are going on a vacation so don't leave any milk until the 28th. On the 28th please start the refrigerator on normal."

Dozens Of Keys
In some homes, where both husband and wife are working, Vance has the additional duty of placing the milk in the refrigerator so it won't spoil. He carries 38 keys for that many different homes.

How he remembers which key fits which lock is just one of "all those things you've got to remember," he confides.

Vance, father of four children, has been a milkman 15 years. He services two routes with 500

trucks, naval aviation, surface branch and hospital or dental corps.

Men interested in the above programs should contact the Navy Recruiting Office, Post Office Building, Wednesday and Thursday of each week.

customers for the Hamilton Milk Co.

And he takes in stride the many things people expect of him. One note to him read: "Please lock the dog in the cellar and pour some milk in the cat's dish."

It was done.
Another note asked him to leave "two quarts of sanforized milk."

Vance pondered awhile before figuring out the customer meant "homogenized."

Then there was the message that just left him open-mouthed. "No milk today," it said. "Bought a cow."

TOUGH MARINE TAKES COURAGE; GOES TO SCHOOL

BETHLEHEM, Pa. (AP)—A tough Marine veteran of the two Jima invasions summoned the courage of his corps on Tuesday and returned to the college he left 26 years ago.

Alexander Welter, 46, a chief warrant officer until he retired from the Marines Jan. 31 had the same reaction many a high school student does when he ventures into college life.

"I'm a little frightened at the prospect of competing with these college kids."

Welter, a native of Steelton, Pa., actually began college in 1930 on the Lehigh University campus. But after completing one year he, like many others in depression years, was forced to withdraw from school to earn a livelihood.

Marine Career
In 1934 he began a Marine career that took him to such distant places as Shanghai and Iwo Jima, one of the bloodiest battle grounds of World War II.

All the time Welter had it in mind to return and complete his

schooling because, as he put it, "Education is a man's greatest asset."

In 1930 Welter wanted to be an electrical engineer. Now he's enrolled in Lehigh's business course and wants a career in the brokerage business.

He explained his switch by saying, "There's no demand for 50-year-old electrical engineers. But in the field of business there are more opportunities for an older man just starting out."

More Courage
His reaction to the first day back on campus was that "it takes more courage to be a college boy again than it does to be a Marine."

Welter noted the tremendous growth of Lehigh in 26 years and one other major change.

"When I was here before, one kid in Taylor House had an old car and everybody used it. Now, it seems everyone has a car."

Welter said that today's college students "seem like a fine bunch of boys; willing to do anything to help. They really have it. They would make good Marines."

"College life ought to make a civilian out of me again."

Brazil is a major republic of South America. It is the name also of a legendary island in the Atlantic Ocean, and the name of a town in Indiana.

WIRE TAPPING BILL IS BEFORE STATE SENATE

HARRISBURG (AP)—A bill to authorize wiretapping by police officials upon court direction has been introduced in the Senate by Sen. Charles R. Weiner (D-Phila.).

Other bills introduced Tuesday night would:

Create a state narcotics commission—Carniel (D-Phila.), Fleming (R-Allegheny), Pechan (R-Armstrong), Donlow (D-Phila.).

Prohibit bus owners from offering premiums to drivers for exceeding speed limits and other laws—Flick (R-Luzerne).

Increase the General State Authority's borrowing capacity by 20 million dollars for rehabilitation of hospitals with 150 or less beds—Steifel (D-Phila.), Chapman (R-Warren).

Regulate health and safety conditions in railroad employment—Dent (D-Westmoreland), Scott (R-Carbon).

Prohibit discrimination against nursing attendants because of age—Steifel, Chapman.

Sees Cut Of Billions From Ike's Budget

CINCINNATI (AP)—A Pennsylvania congressman says he thinks nearly 2½ billion dollars will be trimmed from President Eisenhower's proposed budget.

Rep. Richard M. Simpson (R-Pa.) said last night there is sentiment in both House and Senate to trim all budget items five per cent, except those set by law.

Simpson told reporters he foresees reductions possible on items representing 50 billion dollars of the \$71,800,000,000 asked by Eisenhower.

penation for teachers attending meetings called by third class county superintendents—Koprivier (R-Allegheny), Dent.

Require that Pennsylvania turnpike tunnels be painted white on the interior—Whalley (R-Somerset), Dent, Mahany (R-Crawford).

Erect medial barriers on the turnpike between the Donegal and Bedford interchange—Whalley Mahany, Wade (R-Cumberland), Dent.

Increase that railroad employees be paid once a week—Scott, Dent.

BILL OPPOSES U.S. 22 CHANGE

HARRISBURG (AP)—The House had before it today a proposal in opposition to State Highway Department plans to make 14 miles of U.S. 22 a limited access highway east of Harrisburg.

The move constituted the first formal protest against the limited access feature of the federal interstate highways system.

The limited access requirement, backbone of the proposed 41,000-mile network of superhighways across the nation, excludes crossroads at grade level and commercial facilities along the right-of-way.

Berks County's three Republican representatives on Monday submitted a resolution asking the legislature to "condemn" limited access plans for that section of U.S. 22.

The resolution refers only to that stretch between Shartlesville and the Berks-Lebanon County border.

Under the federal plan, eventu-

ally all of U.S. 22 into New Jersey would be made limited access.

The resolution said the limited access plans for the 14-mile stretch has spread confusion, resentment and pessimism in northern Berks County.

It maintains such action would "seal off the area" and "cripple" if not deal a death blow to the business of the roadside operators.

The sponsors were Reps. William G. Piper, Leroy A. Weidner and Richard L. Adams.

WILL SET HEARING DATE
HARRISBURG (AP)—A committee of the Legislature named to investigate the State Pardons Board will meet Monday to set the date for its first hearing and to select committee counsel. The meeting was set after an organizational meeting yesterday.

Ethan Allen is usually credited with establishing the iron industry in Vermont. In truth, it was Matthew Lyon who built the state's first iron works at Fair Haven in 1785. Smart man, he tried to impose a duty on iron nails coming into the state.

CHANGES MIND; HUBBY JAILED

EASTON, Pa. (AP)—A young woman changed her mind on Tuesday and her husband went to prison for five to 10 years.

Mrs. Beatrice B. Miller, 22, of Alpha, N.J., had testified earlier at her husband's trial for forgery that she did not know him.

On Tuesday, she said she had been coached in her testimony by the husband, Howard Miller, 46, and carried out his instructions "because I loved him."

She decided to tell the true story. Mrs. Miller testified, because she realized it was wrong to give false testimony.

After she left the witness stand, Miller changed his plea from innocent to guilty on a charge of forging an \$800 check.

Judge Clinton P. Palmer of Northampton County Court imposed sentence and ordered Mrs. Miller held for investigation.

TOUGH MARINE TAKES COURAGE; GOES TO SCHOOL

BETHLEHEM, Pa. (AP)—A tough Marine veteran of the Iwo Jima invasion summoned the courage of his corps on Tuesday and returned to the college he left 26 years ago.

Alexander Welter, 46, a chief warrant officer until he retired from the Marines Jan. 31 had the same reaction many a high school student does when he ventures into college life.

"I'm a little frightened at the prospect of competing with these college kids."

Welter, a native of Steelton, Pa., actually began college in 1930 on the Lehigh University campus. But after completing one year he, like many others in depression years, was forced to withdraw from school to earn a livelihood.

Marine Career
In 1934 he began a Marine career that took him to such distant places as Shanghai and Iwo Jima, one of the bloodiest battle grounds of World War II.

All the time Welter had it in mind to return and complete his

schooling because, as he put it, "Education is a man's greatest asset."

In 1930 Welter wanted to be an electrical engineer. Now he's enrolled in Lehigh's business course and wants a career in the brokerage business.

He explained his switch by saying, "There's no demand for 50-year-old electrical engineers. But in the field of business there are more opportunities for an older man just starting out."

More Courage
His reaction to the first day back on campus was that "it takes more courage to be a college boy again than it does to be a Marine."

Welter noted the tremendous growth of Lehigh in 26 years and one other major change.

"When I was here before, an old kid in Taylor House had an old car and everybody had a car."

Welter said that today's college students "seem like a fine bunch of boys; willing to do anything to help. They really have it. They would make good Marines."

"College life ought to make a civilian out of me again."

Brazil is a major republic of South America. It is the name also of a legendary island in the Atlantic Ocean, and the name of a town in Indiana.

WIRE TAPPING BILL IS BEFORE STATE SENATE

HARRISBURG (AP)—A bill to authorize wiretapping by police officials upon court direction has been introduced in the Senate by Sen. Charles R. Weiner (D-Phila.).

Other bills introduced Tuesday night would:

Create a state narcotics commission—Camel (D-Phila.), Fleming (R-Allegheny), Pechan (R-Armstrong), Donlow (D-Phila.).

Prohibit bus owners from offering premiums to drivers for exceeding speed limits and other laws—Flack (R-Luzerne).

Increase the General State Authority's borrowing capacity by 20 million dollars for rehabilitation of hospitals with 150 or less beds—Steifel (D-Phila.), Chapman (R-Warren).

Regulate health and safety conditions in railroad employment—Dent (D-Westmoreland), Scott (R-Carbon).

Prohibit discrimination against nursing attendants because of age—Steifel, Chapman.

Raise from \$5 to \$10 a day com-

Sees Cut Of Billions From Ike's Budget

CINCINNATI (AP)—A Pennsylvania congressman says he thinks nearly 2½ billion dollars will be trimmed from President Eisenhower's proposed budget.

Rep. Richard M. Simpson (R-Pa.) said last night there is sentiment in both House and Senate to trim all budget items five per cent, except those set by law.

Simpson told reporters he foresees reductions possible on items representing 50 billion dollars of the \$71,800,000,000 asked by Eisenhower.

pensation for teachers attending meetings called by third class county superintendents—Koprivier (R-Allegheny), Dent.

Require that Pennsylvania turnpike tunnels be painted white on the interior—Whalley (R-Somerset), Dent, Mahany (R-Crawford).

Erect medial barriers on the turnpike between the Donegal and Bedford interchanges—Whalley Mahany, Wade (R-Cumberland), Dent.

Increase that railroad employees be paid once a week—Scott, Dent.

BILL OPPOSES U.S. 22 CHANGE

HARRISBURG (AP)—The House had before it today a proposal in opposition to State Highways Department plans to make 14 miles of U.S. 22 a limited access highway east of Harrisburg.

The move constituted the first formal protest against the limited access feature of the federal interstate highways system.

The limited access requirement, backbone of the proposed 41,000-mile network of superhighways across the nation, excludes crossroads at grade level and commercial facilities along the right-of-way.

Berks County's three Republican representatives on Monday submitted a resolution asking the legislature to "condemn" limited access plans for that section of U.S. 22.

The resolution refers only to that stretch between Shartlesville and the Berks-Lebanon County border. Under the federal plan, eventu-

ally all of U.S. 22 into New Jersey would be made limited access.

The resolution said the limited access plans for the 14-mile stretch "has spread confusion, resentment and pessimism" in northern Berks County.

"It maintains such action would 'seal off the area' and 'cripple' if not deal a death blow to the business of the roadside operators."

The sponsors were Reps. William G. Piper, Leroy A. Weldner and Richard L. Adams.

WILL SET HEARING DATE

HARRISBURG (AP)—A committee of the Legislature named to investigate the State Pardons Board will meet Monday to set the date for its first hearing and to select committee counsel. The meeting was set after an organizational meeting yesterday.

Ethan Allen is usually credited with establishing the iron industry in Vermont. In truth, it was Matthew Lyon who built the state's first iron works at Fair Haven in 1785. Smart man, he tried to impose a duty on iron nails coming into the state.

CHANGES MIND; HUBBY JAILED

EASTON, Pa. (AP)—A young woman changed her mind on Tuesday and her husband went to prison for five to 10 years.

Mrs. Beatrice B. Miller, 22, of Alpha, N.J., had testified earlier at her husband's trial for forgery that she did not know him.

On Tuesday, she said she had been coached in her testimony by the husband, Howard Miller, 46, and carried out his instructions "because I loved him." She decided to tell the true story. Mrs. Miller testified, because she realized it was wrong to give false testimony.

After she left the witness stand, Miller changed his plea from innocent to guilty on a charge of forging an \$800 check.

Judge Clinton P. Palmer of Northampton County Court imposed sentence and ordered Mrs. Miller held for investigation.

'MILLION DOLLAR' MERMEN ENJOYS 12TH SMASH HIT

By WILLIAM GLOVER
NEW YORK (AP) — Ethel Merman, sometimes called "The Girl with the Million Dollar Tonsils" or simply "Miss Broadway," is justly shooting now or her 12th straight smash hit on the Great White Way.

La Merman already holds an all-time record — she is the only musical comedy star with a career unmarked by a single boxoffice flop. With a million and a half bucks already in the till her new show, "Happy Hunting," set an all-time pre-opening ticket sales record.

The musical, with book by Howard Lindsay and Russel Crouse, lyrics by Matt Dubey, music by Harold Karr and direction by Abe Burrows, opened at the Majestic Dec. 6.

Still Steamed Up
Her fabulous success isn't likely to cause electric Ethel to taper off and take things easy.

"She has the magnificent relevance of a steam calliope loping down a circus midway playing 'Entrance of the Gladiators,'" a theater veteran once remarked in attempting to define her unique position and talents.

"I'm just a big brassy girl," she once tagged herself.

Merman, nee Zimmermann, is a product of Manhattan. None of her family ever was in show business, and she set out in life to be a typist and stenographer. She still takes down script revisions in short-

hand — an ability that prompted Joshua Logan to send her a silver cup during preparation of one show simply labeled "To Sarah Bernhardt Jr., from Josh."

No Lessons
Miss Merman erupted into show business via a night club act in 1928, has steadfastly adhered since to the advice given her by George Gershwin:

"Don't ever take a singing, dancing or acting lesson," he told her. Her natural genius is a compound of instinctive timing, showmanship, a brassy voice that can soar explicitly over a pit band in full cry, and, as another pundit once murmured, "animal magnetism — or something."

Miss Merman, now 47, is 5-foot-6, tries to hover at 130 pounds. She has black hair and brown eyes and abhors green — says the color makes her look "horrible." She used to love spangles.

She went off four years ago to live in Denver with Robert I. Six, an airline executive and her third spouse. They have two children, Ethel and Robert.

Couldn't Stay Away
Miss Merman once loudly proclaimed she is finished with the stage, would only make occasional movies or TV appearances.

"Broadway has had it," she declared in extolling the joys of domesticity.

Now, she explains, she can return because her husband's business brings him frequently to New York. That's the reason — plus the heady scent of greasepaint and eagerly waiting throngs of fans.

To Keep New Polio Stamps On Sale

As a special contribution by the Post Office Department to the goal of eradicating polio, Postmaster General Arthur E. Summerfield announced today arrangements have been made to keep the new polio stamp on sale indefinitely.

The new 3-cent commemorative stamp "Honoring Those Who Helped Fight Polio," was placed on first day sale January 13 in Washington, D. C. It was originally planned to issue 120,000,000 of these stamps.

"However, now, as a continuing reminder to people to take their polio shots," Mr. Summerfield explained, "the Post Office Department will keep the polio stamp on sale at all post offices for an indefinite period."

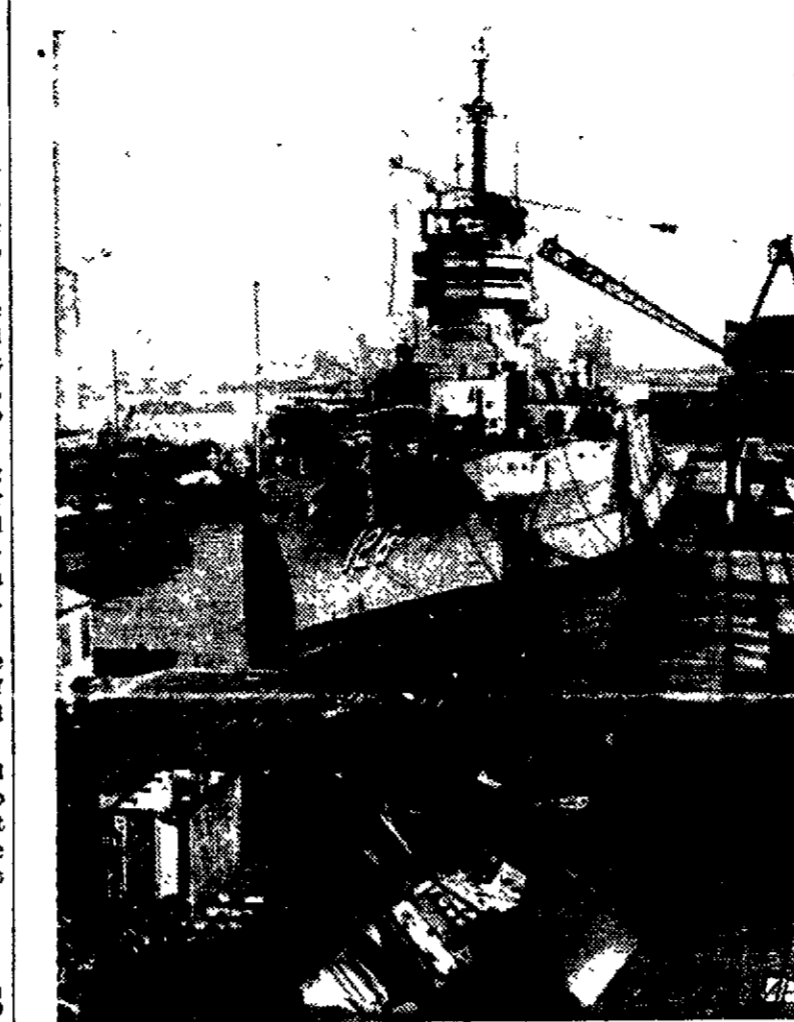

A notice to this effect will be published in the Postal Bulletin of February 14, 1957. The notice will also direct that:

"Postmasters at offices of all classes shall sell the polio stamp to window patrons. The regular 3 cent stamp must also remain available for sale to firms and patrons who prefer the smaller stamp."

GRANTS WILL AWARD GIFTS

Charles Fadio, manager of the W. T. Grant Store, today announced that a offer will be made in conjunction with Grants big "Ninety-Nine" promotion.

"Grants," he said, "will present the parents of twins, triplets or quads, born during the event, February 21-27, with a complete \$31 layette for each new arrival, as a gift from the store. If twins are

born, 2 free layettes will be given — the equivalent of \$62 in baby needs. Parents of triplets will receive 3 complete layettes. He specified that parents need not have bought any previous merchandise in the store, and that there is no further obligation involved.

Each 36-piece layette will have everything a baby needs, from blankets to safety pins. Diapers, shirts, gowns, pads, sheets, Evenflo units, baby's toiletries are all included.

To be entitled to a free layette for each infant, parents need only present the W. T. Grant Store with a doctor's certificate showing that the multiple birth occurred between 12:01 a.m. February 21 and midnight February 27.

MILKMAN FINDS ROUTE STOCKED WITH PROBLEMS

COLUMBUS, Ohio (AP) — "Dear Milkman:

"We don't want our milk every day. We want our milk like this. Today we want milk. Tomorrow we don't, and the next day will be like the day before the day after tomorrow."

Confusing?
According to milkman Harry B. Vance, who receives notes like the one above, sometimes it "takes a little figuring." Disregarding the last part of the last sentence, Vance finally figured the note meant to bring milk on alternate days.

But deciphering notes is only one of his problems. He also has certain chores connected with it.

Like the note that began: "Dear Milkman: Would you do me a little favor. Start my car. It's stalled in front of the house."

Another:
"It was sweet of you to take in my washing yesterday when it rained."

And another:
"We are going on a vacation so don't leave any milk until the 28th. On the 28th please start the refrigerator on normal."

Dozens Of Keys

In some homes, where both husband and wife are working, Vance has the additional duty of placing the milk in the refrigerator so it won't spoil. He carries 38 keys for that many different homes.

How he remembers which key fits which lock is just one of "all those things you've got to remember," he confides.

Vance, father of four children, has been a milkman 15 years. He services two routes with 500

trucks, naval aviation, surface branch and hospital or dental corps.

Men interested in the above programs should contact the Navy Recruiting Office, Post Office Building, Wednesday and Thursday of each week.

customers for the Hamilton Milk Co.

And he takes in stride the many things people expect of him.

One note to him read: "Please lock the dog in the cellar and pour some milk in the cat's dish."

It was done.
Another note asked him to leave "two quarts of sanforized milk." Vance pondered awhile before figuring out the customer meant "homogenized."

Then there was the message that just left him open-mouthed: "No milk today," it said. "Bought a cow."

PHOENIX, Ariz. (AP) — Superior Court Judge Nicholas Udall's name was picked from the voter list for jury service in his own court.

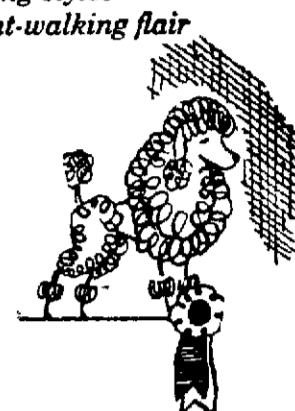

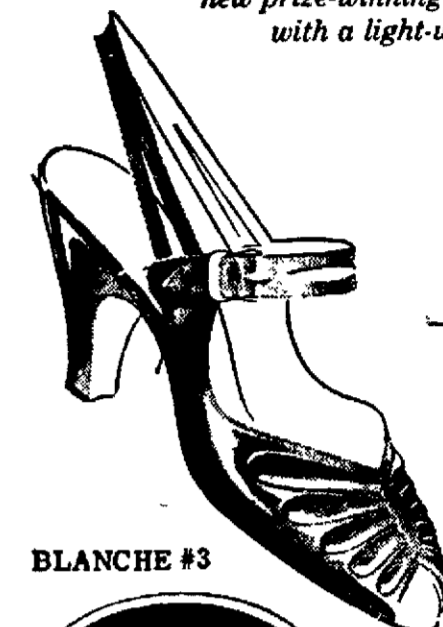

"I have always wished I could serve as a juror for both the service and the experience," the judge said. But he took the practical way out and requested the customary exemption for judges.

HAS PRICELESS FLEET OF 108 SAILING SHIPS

ANNAPOLIS, Md. (AP) — An old naval tradition, "Don't Give Up the Ship" has real meaning for the staff of the U. S. Naval Academy museum.

The museum's curator is charged with maintaining a fragile fleet of 108 sailing ships, some of them three centuries old and all of them dating back at least 150 years.

The fleet comprises what is probably the country's finest collection of ship models.

It is the Henry H. Rogers collection, willed to the academy in 1938 and valued at one million dollars.

Curator Joseph Bruzek says the ship models are so delicate that the vibration from a passing truck may snap a brittle string serving as a shroud or halyard on an ancient frigate.

Repairs Line
It would be Bruzek's job to replace the damaged line with silk dyed to the precise color of the original.

Capt. Wade DuWesse (Ret.), who heads the museum, says the wooden vessels suffer greatly from changes in humidity. Bowls of water are placed in each glass exhibit case during the winter to prevent drying damage from the academy's steam heat.

Thirty-four of the ships are "admiralty" scale models, so named because English ship builders used them to obtain commissions from the Navy Board of Great Britain.

The admiralty models are complete in every detail, including hatchways, ladders, gun positions, rigging, crew rooms and cabins. They even include carvings and paintings done by the best known artists of the day.

Specific Ships
Fourteen admiralty models have been identified as specific ships. These include the "St. George," which has not needed repair since its completion in 1702, and the "Royal William," constructed in Portsmouth in 1719 and valued at \$80,000.

Another is the ill-fated "Royal George." This 100-gun first line ship of the British fleet capsized in 1782 when her captain ordered weights shifted during a repair operation.

There is also a model of the Royal Barge of Charles II. History says the king used the barge to reach the great ships anchored in Thames, then changed the ladies aboard a barge for the visit.

The Rogers collection also has ship models believed to have been carved from best boxes by French sailors who were captured by the British.

Most of the models are kept in the museum but some are on display in other academy buildings. They may be viewed year around by visitors.

Teach Handicapped To Walk And Talk
YPSILANTI, Mich. (AP) — Handicapped youngsters are taught to walk and talk at a school where teachers learn from their pupils.

It is Eastern Michigan College's Horace Rackham School of Education. Its students will be those teachers who take up the difficult task of aiding the crippled, the deaf, the partly blind and the mentally handicapped.

Sometimes a teacher will come to learn how to help a single crippled child in her classroom. They may go on to become a fulltime teacher of the handicapped.

The student-teachers are matter of fact about their work. Said one: "These youngsters are more interesting to teach than ordinary children."

CONSCIENTIOUS PARKER
LITTLE ROCK, Ark. (AP) — Patrolman L. R. Haynes answered a call reporting an automobile had knocked down a parking meter. He found another motorist trying to put a coin in the horizontal meter.

"It didn't want to take any chances," the parker explained. Haynes was so pleased at the man's conscientiousness that he let him park free.

HIGH FINES
SAN DIEGO, Calif. (AP) — Truckers who brought two 28-foot giraffes here from New Jersey for shipment to the Honolulu zoo said they had to pay fines in several states. This was because their truck, built up to a height of 13½ feet, exceeded the legal limits. The giraffes, Hi-Cecil and Hi-Cecilia, had to lower their heads to go under some highway overpasses, said Paul L. Brown, director of the Honolulu zoo.

SUSPICIOUS CHARACTERS
HOBBES, N. M. (AP) — A merchant who recently moved to Hobbes alerted police about three men standing near his business place. "They may be planning a robbery," he said. "One is carrying a gun." Responding patrolmen found Police Chief Earl Westfall, Detective Capt. Givens Baskley and Detective Calvin Whitworth.

CAVEMAN STYLE
RUIDOSO, N. M. (AP) — Bobby Watkins shot six times at the doe. Then he found he was out of ammunition. So the high school football star cornered her where a couple of fences joined, closed in with drawn hunting knife and finished her.

GIVES TIPS ON HOW TO CHOOSE RIGHT FORMAL

By VIVIAN BROWN
How do you buy a formal — that one-and-only-wonderful dress of the season, more important if it also happens to be for the first big dance of your life? A noted fashion designer, Ciel Chapman, tells you how to make a brilliant debut. She says:

1. Take time out to select the most flattering style for you, no matter what your friend plans to wear.

Don't let figure problems bother you. If your legs are skinny or too-fat avoid the interminable length dress. Long dresses are fashionable, more graceful on anyone other than the slim-ankled type.

2. Check the color of your gown under the type of light it will be exhibited in. Daylight is soft and even. Nightlight is dramatic. Blues look lovely in the store but are likely to fade completely into grey or white on the dance floor. Some colors that look too vivid in daylight are likely to look soft and lovely in the evening.

3. If you want to be a young sophisticate, don't dress like a silver. Favor smart, re-emphasized, lace, applique flowers, light accents of rhinestones or self-colored sequins.

4. Be sure your dress fits properly. Men do not like to watch tuggings, pullings and hitchhings on the part of a date.

Gets Out Of Jam With Car Radio

JACKSON, Miss. (AP) — Hugh Griffith, a ham radio operator got himself out of the mud in adjacent Rankin County through use of the airways—via Panama.

His car got stuck while he was squirrel hunting and he used his car radio transmitter to summon help. He couldn't pick up anyone locally but was obliging him in Panama heard his "SOS" and relayed it back to G. C. Griffith and Myron Lockey, Jackson amateurs. They came to the rescue quickly with fire chains.

NO PROTEST

TALOGA, Okla. (AP) — Cliff Hargrave doesn't exactly approve of his cat's friend, but he's afraid to protest. His feline is a good friend of a skunk that makes a daily visit to the neighborhood.

COSTLY COP

ALBANY, Ga. (AP) — Traffic officer E. H. Jeter wrote out parking violation tickets for three cars in a row which were beside meters showing time expired.

Only when he got back to headquarters and turned in his duplicate tickets did he realize one of the cars was his own.

It cost him the usual \$1.

SPEEDOMETER ZERO

GALVESTON, Tex. (AP) — The speed of two cars involved in a collision here was estimated officially at zero by a police report.

One car was parked on a slight ramp and its emergency brake failed. It rolled into the other parked vehicle, causing an estimated \$100 damage.

MATH MEDIA

ST. LOUIS (AP) — Washington University takes its basic freshman mathematics course to television.

All lectures in the one-semester five-credit course in college algebra and trigonometry are given on educational TV station KETC. It is the first time a basic college course has been offered here only on TV.

To Sleep, Perchance To Dream
NATIONAL CITY, Calif. (AP) — A motorist told police his car ran off a freeway 138 feet over a bank into a ditch when he fell asleep in the early afternoon. Police charged the man with speeding and gave him a bunk in jail when he said he had not slept for four days.

GIVES TIPS ON HOW TO CHOOSE RIGHT FORMAL

By VIVIAN BROWN

How do you buy a formal — that one-and-only-wonderful dress of the season, more important if it also happens to be for the first big dance of your life?

A noted fashion designer, Cecil Chapman, tells you how to make a brilliant debut. She says:

1. Take time out to select the most flattering style for you, no matter what your friend plans to wear.

Don't let figure problems bother you. If your legs are skinny or too-fat avoid the intermission length dress. Long dresses are fashionable, more graceful on anyone other than the slim-ankled type.

Large bosomed? Flat chested? Both types should avoid the completely strapless dress. Actually some semblance of a strap is more fashionable this year than the all-bare top. Choose from the new-looking square, drape or shoe-string effects.

Waist Accents

If your waistline isn't apparent, avoid center attention by picking a smooth-line model that doesn't start and stop right at the waist. If you are tiny-waisted, pinpoint this asset with wide sashes or cummerbunds.

Heavy arms require a cover-up sleeve, (preferably narrow.) Try to expose your neck instead with a scoop neckline, perhaps.

Slay away from bare to the waist back styles. These are in poor taste for young girls.

2. Check the color of your gown under the type of light it will be exhibited in. Daylight is not always an accurate guide. Blues look lovely in the store but are likely to fade completely into grey or white on the dance floor. Some colors that look too vivid in daylight are likely to look soft and lovely in the evening.

3. If you want to be a young sophisticate, don't dress like a siren. Favor smart re-embroidered laces, applique flowers, light scatterings of rhinestones or self-colored sequins.

White, Red, Black

Youthful glamour may be achieved with fresh-looking white instead of stinky black. A girl with strong coloring may choose red if the dress is softly-cut. Black should be avoided by the very young unless it is demurely styled, fashioned of net or organza. Black satin or overall black sequins are definitely out.

4. Be sure your dress fits properly. Men do not like to watch tuggings, pullings and hitchings on the part of a date.

45,000 Eastern Cargo Loaders Strike; Major Ports Tied Up

By CHARLES BANKS

NEW YORK (AP) — Forty-five thousand East Coast ship cargo loaders struck Wednesday, shutting down major shipping operations in the big ports from Portland, Maine to Hampton Roads, Va.

The longshoremen, resuming a strike halted by presidential intervention last November, tied up scores of ships. Cargoes remained piled on docks or in the holds of vessels.

Railroads immediately banned shipment to the ports of most freight intended for reshipment on overseas or coastwise vessels. Exceptions included military cargoes.

The longshoremen are members of the International Longshoremen's Assn. (ILA), whose contract negotiations with employers bogged down at the last moment Tuesday amid optimism over settlement prospects.

But the optimism turned to gloom Wednesday after the strike began.

Appears Confident

One of those who had appeared confident of an early settlement Tuesday was Alexander P. Chopin, chief negotiator for the New York Shipping Assn., representing 170 shipping and stevedoring firms. As he arrived for further talks Wednesday morning, he told report-

ers that the late meeting Tuesday night was "very unfruitful. I am not as optimistic as it has been made to appear."

Pessimism also had been voiced by Capt. William V. Bradley, ILA president, on a radio program after the night session was adjourned. Said he:

"I don't see any possibility for a quick get-together. It looks like it will be a knockout, dragout affair."

Chopin said union representatives late Tuesday night "threw in a lot of new stuff" in the negotiations. He added: "They are always putting in a new gimmick."

Obstacles to a settlement were believed to hinge largely on such items as vacations and holidays rather than wages.

The walkout was the second half of a double blow which all but made New York a ghost port. It already had been staggered by a walkout of tugboat men.

Adding a puzzling note to the situation was the appearance in New York of Harry Bridges, controversial leader of West Coast dock men.

Bridges' union, the International Longshoremen's & Warehousemen's Union, is bargaining agent for dockers on the West Coast, Alaska and Hawaii.

He told newsmen his trip here

was in no way connected with negotiations of the striking ILA. His union had staged sympathy walkouts on the Pacific Coast when the ILA tied up Atlantic and Gulf ports for nine days in November.

However, he said Tuesday he "resented the attempts to use the ILWU as a red herring in the ILA negotiations."

Bridges did not explain this reference but possibly meant that there had been speculation in some quarters his union might quit work in support of the ILA. He said he was here only in an effort to further a proposal that all maritime unions reach mutual termination dates for their contracts with employers.

Change Date

He said his union had agreed to change the expiration date of its contract from June 15 to Aug. 1 on the understanding the ILA would do likewise. The ILA, however, said nothing on this score during the recent negotiations.

Negotiations in the ILA dispute, under auspices of the Federal Mediation Service, had continued for several hours after the strike call was issued at 6:10 p.m. Tuesday. They were adjourned shortly before midnight when no agreement was reached.

FBI NAB ESCAPEE

ST. PAUL, Minn. (AP) — A squad of Federal Bureau of Investigation agents closed in on the St. Paul bus depot early Wednesday, capturing Robert L. Green, 27, Utah State Prison escapee and one of the FBI's "10 Most Wanted."

York Springs SHIRLEY GOLDEN IS BEST SPELLER

The North Adams Parent-Teacher Association held its meeting Monday evening at the York Springs High School with the president, Mrs. Clair Bowers, presiding. The meeting opened with devotions by Rev. Norman L. Bortner. The 4th, 5th and 6th grades of the Idaville school with their teacher, Mrs. Grant Coble, led in the pledge of allegiance to the flag and the singing of the "Star Spangled Banner" and several other patriotic songs.

Pupils of the 1st, 2nd and 3rd grades from schools in the jointure sang several selections followed by pupils from the 4th, 5th and 6th grades. They were accompanied by their music instructor, Miss Kathryn O'Boyle.

Three band uniforms were ordered and there was discussion of plans for the next meeting on Monday night, March 1, in the Community Hall. There will be a variety program in connection with the food sale and auction. Mrs. Frank Sowers and Mrs. Donald Leer are in charge of the food sale and auction. Donations from anyone will be appreciated.

In the spelling contest of pupils of the 6th grade Shirley Golden was the winner with Phyllis Brame and Patsy Toner next. They were

given prizes. Then the adults lined up and tried their ability. The person standing the longest was Mrs. Clair Bowers and second was Ralph Golden. The new teacher on the high school faculty, Paul Hafer of Loyesburg, was introduced.

The monthly meeting of the WCUT was held at the home of Mrs. Lloyd Decker on Friday night with Mrs. Edgar Leer, president, presiding. Scripture was read by Mrs. Grover Smith followed by prayer by Mrs. Edgar Leer. The theme of the evening was "God's Word Our Guide Book." Minutes were read by Mrs. Betty Hikes and the treasurer's report given by Mrs. Donald Leer. It was decided to pay the usual fee to Willard Fund, Youth Temperance Council, and Stephen's Legislative Fund. The acknowledgement of several members and honorary members were made. Questions and answers were conducted by Mrs. Grace Howe. Mrs. Lloyd Keefer told the group about the refugee family whom they have given a home in the tenant house on their farm. The members were reminded to arrange for flowers to be placed in the respective churches in honor of Frances Willard this month.

ARABS SEEK TO UPSET NASSER

MADRID (AP) — One of Spain's two royal Arab visitors flew home today after a round of conferences that Spanish observers saw as a move to wrest the leadership of the Arab world from Egyptian President Nasser.

Sultan Mohammed V of Morocco ended a tour of western Mediterranean countries with a four-day visit to Madrid. The Sultan and his foreign minister, Ahmed Balafrej, held intensive meetings here with Spanish and Libyan officials and King Saud of Saudi Arabia, who is here on a state visit.

Study Tense Situation

Balafrej said in an interview that Saud and the Sultan made a detailed study of the Middle East situation and the results of

Saud's recent talks with President Eisenhower.

Saud is to join Mohammed in Morocco Sunday. Spanish informants said the two rulers will draft a military alliance between their countries.

These sources said Crown Prince Abdul Ilah of Iraq is due in Rabat a few days later from America to discuss an alliance between Iraq and Morocco. Premier Habib Bourguiba of Tunisia also is expected to visit the Sultan, they said.

HAS PRICELESS FLEET OF 108 SAILING SHIPS

ANNAPOLIS, Md. (AP) — An old naval tradition, "Don't Give Up the Ship," has real meaning for the staff of the U. S. Naval Academy museum.

The museum's curator is charged with maintaining a fragile fleet of 108 sailing ships, some of them three centuries old and all of them dating back at least 150 years.

The fleet comprises what is probably the country's finest collection of ship models.

It is the Henry H. Rogers collection, willed to the academy in 1938 and valued at one million dollars.

Curator Joseph Bruzek says the ship models are so delicate that the vibration from a passing truck may snap a brittle string serving as a shroud or halyard on an ancient frigate.

Replaces Line
It would be Bruzek's job to replace the damaged line with silk dyed to the precise color of the original.

Capt. Wade DeWeese (Ret.), who heads the museum, says the wooden vessels suffer greatly from "changes in humidity. Bowls of water are placed in each glass exhibit case during the winter to prevent drying damage from the academy's steam heat.

Thirty-four of the ships are "admiralty" scale models, so named because English ship builders used them to obtain commissions from the Navy Board of Great Britain.

The admiralty models are complete in every detail, including hatches, ladders, gun positions, rigging, mess rooms and cabins. They even include carvings and paintings done by the best known artists of the day.

Identified Ships
Fourteen admiralty models have been identified as specific ships. These include the "St. George," which has not needed repair since its completion in 1702, and the "Royal William," constructed in Portsmouth in 1719 and valued at \$50,000.

Another is the ill-fated "Royal George." This 100-gun first line ship of the British fleet fired in 1792 when her captain ordered weights shifted during a repair operation.

There is also a model of the Royal Barge of Charles II. History says the king used the barge to reach the great ships anchored in Thames, then charged the ladies aboard a kiss for the visit.

The Rogers collection also has ship models believed to have been carved from beef bones by French sailors who were captured by the British.

Most of the models are kept in the museum but some are on display in other academy buildings. They may be viewed year around by visitors.

Teach Handicapped To Walk And Talk

YPSILANTI, Mich. (AP) — Handicapped youngsters are taught to walk and talk at a school where teachers learn from their pupils.

It is Eastern Michigan's College of Horace R. Rackham School of Education. Its students will be those teachers who take up the difficult task of aiding the crippled, the deaf, the partly blind and the mentally handicapped.

Sometimes a teacher will come to learn how to help a single crippled child in her classroom. They may go on to become a fulltime teacher of the handicapped.

The student-teachers are matter of fact about their work. Said one: "These youngsters are more interesting to teach than ordinary children."

CONSCIENTIOUS PARKER

LITTLE ROCK, Ark. (AP) — Patrolman L. R. Haynes answered a call reporting an automobile had knocked down a parking meter. He found another motorist trying to put a coin in the horizontal meter.

"I didn't want to take any chances," the parker explained. Haynes was so pleased at the man's conscientiousness that he let him park free.

HIGH FINES

SAN DIEGO, Calif. (AP) — Truckers who brought two 20-foot giraffes here from New Jersey for shipment to the Honolulu zoo said they had to pay fines in several states.

This was because their truck, built up to a height of 13½ feet, exceeded the legal limits. The giraffes, Hi-Cecil and Hi-Cecilia, had to lower their heads to go under some highway overpasses, said Paul L. Breese, director of the Honolulu zoo.

SUSPICIOUS CHARACTERS

HOBBS, N. M. (AP) — A merchant who recently moved to Hobbs alerted police about three men standing near his business place. "They may be planning a robbery," he said. "One is carrying a gun." Responding patrolmen found Police Chief Earl Westfall, Detective Capt. Givens Barkley and Detective Calvin Whitworth.

CAVEMAN STYLE

RUIDOSO, N. M. (AP) — Bobby Watkins shot six times at the doe. Then he found he was out of ammunition. So the high school football star cornered her where a couple of fences joined, closed in with drawn hunting knife and finished her.

\$300,000 FIRE IN PITTSBURGH

PITTSBURGH (AP) — Fire destroyed a four-story building in the Diamond Market section of the downtown business area last night.

Fire Chief Stephen Adley estimated damage at \$300,000.

For several hours after the first alarm was sounded at about 9 p.m., the flames threatened adjoining

buildings. About 25 firemen were overcome by smoke. The fire was under control about 2 a.m. but firemen stayed on at the scene until dawn. Cause of the fire was not determined. Flames broke out through the roof. The fourth floor caved in and the area at 3rd and Market streets was showered with sparks. Top floors of the building housed offices of Local 237, Hotel and Restaurant Workers Alliance. The first floor was occupied by business firms.

45,000 Eastern Cargo Loaders Strike; Major Ports Tied Up

By CHARLES BANKS

NEW YORK (AP) — Forty-five thousand East Coast ship cargo loaders struck Wednesday, shutting down major shipping operations in the big ports from Portland, Maine to Hampton Roads, Va.

The longshoremen, resuming a strike halted by presidential intervention last November, tied up scores of ships. Cargoes remained piled on docks or in the holds of vessels.

Railroads immediately banned shipment to the ports of most freight intended for reshipment on overseas or coastwise vessels. Exceptions included military cargoes.

The longshoremen are members of the International Longshoremen's Assn. (I.L.A.), whose contract negotiations with employers bogged down at the last moment Tuesday amid optimism over settlement prospects.

But the optimism turned to gloom Wednesday after the strike began.

Appears Confident

One of those who had appeared confident of an early settlement Tuesday was Alexander P. Chopin, chief negotiator for the New York Shipping Assn., representing 170 shipping and stevedoring firms. As he arrived for further talks Wednesday morning, he told reporters that the late meeting Tuesday night was "very unfruitful. I am not as optimistic as it has been made to appear."

Pessimism also had been voiced by Capt. William V. Bradley, I.L.A. president, on a radio program after the night session was adjourned. Said he:

"I don't see any possibility for a quick get-together. It looks like it will be a knockout, dragout affair."

Chopin said union representatives late Tuesday night "threw in a lot of new stuff" in the negotiations. He added: "They are always putting in a new gimmick."

Obstacles to a settlement were believed to hinge largely on such items as vacations and holidays rather than wages.

The walkout was the second half of a double blow which all but made New York a ghost port. It already had been staggered by a walkout of tugboat men.

Adding a puzzling note to the situation was the appearance in New York of Harry Bridges, controversial leader of West Coast dock men.

Bridges' union, the International Longshoremen's & Warehousemen's Union, is bargaining agent for dockers on the West Coast, Alaska and Hawaii.

He told newsmen his trip here was in no way connected with negotiations of the striking I.L.A. His union had staged sympathy walkouts on the Pacific Coast when the I.L.A. tied up Atlantic and Gulf ports for nine days in November.

However, he said Tuesday he "resented the attempts to use the I.L.W.U. as a red herring in the I.L.A. negotiations."

Bridges did not explain this reference but possibly meant that there had been speculation in some quarters his union might quit work in support of the I.L.A.

He said he was here only in an effort to further a proposal that all maritime unions reach mutual termination dates for their contracts with employers.

Change Date

He said his union had agreed to change the expiration date of its contract from June 16 to Aug. 1 on the understanding the I.L.A. would do likewise. The I.L.A., however, said nothing on this score during the recent negotiations.

Negotiations in the I.L.A. dispute, under auspices of the Federal Mediation Service, had continued for several hours after the strike call was issued at 6:10 p.m. Tuesday. They were adjourned shortly before midnight when no agreement was reached.

SHIRLEY GOLDEN IS BEST SPELLER

The North Adams Parent-Teacher Association held its meeting Monday evening at the York Springs High School with the president, Mrs. Clair Bowers, presiding. The meeting opened with devotions by Rev. Norman L. Bortner. The 4th, 5th and 6th grades of the Idaville school with their teacher, Mrs. Grant Coble, led in the pledge of allegiance to the flag and the singing of the "Star Spangled Banner" and several other patriotic songs.

Pupils of the 1st, 2nd and 3rd grades from schools in the jointure sang several selections followed by pupils from the 4th, 5th and 6th grades. They were accompanied by their music instructor, Miss Kathryn O'Boyle.

Three band uniforms were ordered and there was discussion of plans for the next meeting on Monday night, March 1, in the Community Hall. There will be a variety program in connection with the food sale and auction. Mrs. Frank Sowers and Mrs. Donald Leer are in charge of the food sale and auction. Donations from anyone will be appreciated.

In the spelling contest of pupils of the 6th grade Shirley Golden was the winner with Phyllis Brame and Patsy Toner next. They were

given prizes. Then the adults lined up and tried their ability. The person standing the longest was Mrs. Clair Bowers and second was Ralph Golden. The new teacher on the high school faculty, Paul Hafer of Loyesburg, was introduced.

The monthly meeting of the WCTU was held at the home of Mrs. Lloyd Decker on Friday night with Mrs. Edgar Leer, president, presiding. Scripture was read by Mrs. Grover Smith followed by prayer by Mrs. Edgar Leer. The theme of the evening was "God's Word Our Guide Book." Minutes were read by Mrs. Betty Hikes and the treasurer's report given by Mrs. Donald Leer. It was decided to pay the usual fee to Willard Fund, Youth Temperance Council, and Stephen's Legislative Fund. The acknowledgement of several members' and honorary members were made. Questions and answers were conducted by Mrs. Grace Howe. Mrs. Lloyd Decker told the group about the refugee family whom they have given a home in the tenant house on their farm. The members were reminded to arrange for flowers to be placed in the respective churches in honor of Frances Willard this month.

ARABS SEEK TO UPSET NASSER

MADRID (AP) — One of Spain's two royal Arab visitors flew home today after a round of conferences that Spanish observers saw as a move to wrest the leadership of the Arab world from Egyptian President Nasser.

Sultan Mohammed V of Morocco ended a tour of western Mediterranean countries with a four-day visit to Madrid. The Sultan and his foreign minister, Ahmed Balafrej, held intensive meetings here with Spanish and Libyan officials and King Saud of Saudi Arabia, who is here on a state visit.

Study Tense Situation

Balafrej said in an interview that Saud and the Sultan made a detailed study of the Middle East situation and the results of

Saud's recent talks with President Eisenhower.

Saud is to join Mohammed in Morocco Sunday. Spanish informants said the two rulers will draft a military alliance between their countries.

These sources said Crown Prince Abdul Ilah of Iraq is due in Rabat a few days later from America to discuss an alliance between Iraq and Morocco. Premier Habib Bourguiba of Tunisia also is expected to visit the Sultan, they said.

OKLAHOMA CITY (AP) — Detective Ed White isn't sure whom the joke is on.

Burglars hauled off a safe, typewriter and adding machine. The safe later was found abandoned with a note scribbled across the front of a burglary policy: "This is a good, big joke. Ha. Ha. Ha."

The burglars had pried open the safe, only to find the policy and a few old coins.
